To Our Shareholders:

You are cordially invited to attend the 2020 Annual Meeting of Shareholders (the “Annual Meeting”) of Precigen, Inc. (“Precigen,” “we,” “us,” “our,” or the “Company”) to be held at 9:00 a.m., Eastern Time, Thursday, June 11, 2020, at the Esperante Conference Center, 222 Lakeview Avenue, West Palm Beach, Florida 33401, for the following purposes:

1. to elect the ten nominees named in the accompanying Proxy Statement to the Board of Directors, each to serve a one-year term expiring at the earlier of the next Annual Meeting or until his or her successor is duly elected and qualified;
2. to ratify the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2020;
3. to approve a non-binding advisory resolution approving the compensation of the named executive officers;
4. to approve an amendment to the Precigen, Inc. Amended and Restated 2013 Omnibus Incentive Plan (the “2013 Plan”) to increase the number of shares of common stock which may be subject to awards thereunder by two million; and
5. to transact any other business that may properly be brought before the Annual Meeting or any adjournments or postponements thereof.

As of the date of this notice, we have not received notice of any matters, other than those set forth above, that may properly be presented at the Annual Meeting. If any other matters are properly presented for consideration at the meeting, the persons named as proxies on the proxy card, or their duly constituted substitutes, will be deemed authorized to receive notice on behalf of and to vote the shares represented by proxy or otherwise act on those matters in accordance with their business judgment.

The Board of Directors has fixed the close of business on April 24, 2020 as the record date for determining those shareholders entitled to notice of and to vote at the Annual Meeting. As permitted by rules adopted by the Securities and Exchange Commission, we are furnishing our Proxy Statement, Annual Report on Form 10-K for the year ended December 31, 2019 (the “2019 Annual Report”), and proxy card over the internet to our shareholders. This means that our shareholders will receive only a notice containing instructions on how to access the proxy materials over the internet. If you would like to receive a paper copy of the proxy materials, the notice contains instructions on how you can request copies of these documents.

Your vote is very important to us. Please read the Proxy Statement and then, regardless of whether you are able to attend the Annual Meeting, vote your shares as promptly as possible. Please see page 3 for information about voting by internet, telephone, mail, or in person at the Annual Meeting. Please note that in the absence of specific instructions as to how to vote, brokers may not vote your shares on the election of directors, the non-binding proposal to approve the compensation of the named executive officers, or the amendment to the 2013 Plan to increase the number of shares of common stock which may be subject to awards thereunder by two million. You may revoke your proxy and change your vote by entering new instructions on either the telephone or internet voting system before 11:59 p.m. Eastern Daylight Time on June 10, 2020, by submitting a proxy with a later date before the polls close at the Annual Meeting, by delivering a written revocation to our Corporate Secretary such that it is received before the polls close at the Annual Meeting, or by voting your shares in person at the Annual Meeting. Please note that voting in advance in any of the ways described will not prevent you from attending the Annual Meeting should you choose to do so. Even if you cannot, please vote your shares as promptly as possible.

We currently intend to hold our Annual Meeting in person on June 11, 2020. However, we are actively monitoring restrictions that federal, state, and local governments have imposed and may impose in connection with the COVID-19 pandemic. In the event we determine it is not possible or advisable to hold our Annual Meeting in person on June 11, 2020, we will announce the decision to hold the meeting solely by means of remote communication online or to change the date of the Annual Meeting.

By Order of the Board of Directors,
DONALD P. LEHR
Corporate Secretary

PROXY STATEMENT
2020 Annual Meeting of Shareholders

This Proxy Statement and the accompanying proxy card are being furnished to you by the Board of Directors (the “Board”) of Precigen, Inc. to solicit your proxy to vote your shares at our Annual Meeting, or at any adjournments or postponements thereof. The Board has designated the Esperante Conference Center, 222 Lakeview Avenue, West Palm Beach, Florida 33401 as the place of the Annual Meeting. The Annual Meeting will be called to order at 9:00 a.m., Eastern Time, on Thursday, June 11, 2020.

We currently intend to hold the Annual Meeting in person. However, we are actively monitoring government restrictions that federal, state, and local governments have imposed and may impose in connection with the COVID-19 pandemic. In the event we determine it is not possible or advisable to hold our Annual Meeting in person, we will announce the decision to hold the meeting solely by means of remote communication online.

On or about April 29, 2020, we are mailing a notice to shareholders containing instructions on how to access the Proxy Statement, including the accompanying notice and form of proxy, and the 2019 Annual Report, and on how to vote. These materials are being made available to you on the internet, however, we will promptly deliver printed versions of these materials to you by mail upon your request.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

1. Who is asking for my vote and why am I receiving this document?

The Board asks that you vote on the matters listed in the Notice of 2020 Annual Meeting of Shareholders, which are more fully described in this Proxy Statement. We are providing this Proxy Statement and related proxy card to our shareholders in connection with the solicitation by the Board of proxies to be voted at the Annual Meeting. A proxy, if duly executed and not revoked, will be voted and, if it contains any specific instructions, will be voted in accordance with those instructions.

2. Who is entitled to vote?

Only holders of record of outstanding shares of our common stock at the close of business on April 24, 2020, are entitled to notice of and to vote at the Annual Meeting. At the close of business on April 24, 2020, there were 170,656,834 outstanding shares of common stock. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Table of Contents

3. What is a proxy?

A proxy is your legal designation of another person to vote the stock you own. If you designate someone as your proxy or proxy holder in a written document, that document is called a proxy or a proxy card. Dr. Helen Sabzevari, Mr. Rick Sterling, and Mr. Donald Lehr have been designated as proxies or proxy holders for the Annual Meeting. A proxy properly executed and received by our Corporate Secretary prior to the Annual Meeting and not revoked will be voted in accordance with the terms thereof.

4. What is a voting instruction?

A voting instruction is the instruction form you receive from your bank, broker, or its nominee if you hold your shares of common stock in street name. The instruction form instructs you how to direct your bank, broker, or its nominee, as record holder, to vote your shares of common stock.

5. What am I voting on?

Shareholders are being asked to vote on each of the following items of business:

- the election of the ten nominees named in this Proxy Statement to the Board, each to serve a one-year term expiring at the earlier of the next Annual Meeting or until his or her successor is duly elected and qualified;
- the ratification of the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2020;
- the approval of a non-binding advisory resolution approving the compensation of the named executive officers; and
- the approval of an amendment to the 2013 Plan to increase the number of shares of common stock which may be subject to awards thereunder by two million.

In addition, any other matters that properly come before the Annual Meeting or any adjournment or postponement thereof will be considered. Management is presently aware of no other business to come before the Annual Meeting.

6. How many votes must be present to hold the Annual Meeting?

A majority of the outstanding shares of common stock entitled to be cast as of the record date must be present in person or represented by proxy at the Annual Meeting. This is referred to as a quorum. Abstentions, withheld votes, and shares of record held by a broker or its nominee ("broker shares") that are voted on any matter are included in determining the existence of a quorum. Broker shares that are not voted on any matter ("broker non-votes") will not be included in determining whether a quorum is present.

7. What are the voting requirements to elect directors and approve the other proposals described in the Proxy Statement?

The vote required to elect directors and approve each of the matters scheduled for a vote at the annual meeting is set forth below:

<u>Proposal</u>	<u>Vote Required</u>
1. Election of directors	Majority of votes cast
2. Ratification of appointment of Deloitte & Touche LLP	Majority of votes cast
3. Advisory vote on executive compensation	Majority of votes cast
4. Amendment to 2013 Plan to increase the number of shares which may be subject to awards thereunder by two million	Majority of votes cast

[Table of Contents](#)

Votes may be cast by proxy or in person. A “majority” of votes cast means that more votes were cast “for” the proposal than “against.” Abstentions and broker non-votes (described under “*How are abstentions and broker non-votes counted?*” on page 5) are not considered as votes cast and will have no effect on the vote outcome for Proposals 1, 2, 3, and 4. As it relates to the election of our directors, our Corporate Governance Guidelines provide that any nominee for director in an uncontested election who receives a greater number of shareholder votes cast “against” his or her election than votes “for” his or her election must, promptly following certification of the shareholder vote, tender his or her resignation to the Board for consideration. For more details regarding the director resignation policy, please see “Election of Directors” on page 17.

8. What are the voting recommendations of the Board?

For the reasons set forth in more detail later in this Proxy Statement, the Board unanimously recommends that you vote :

- **FOR** the proposed nominees to the Board named in this Proxy Statement;
- **FOR** the ratification of the appointment of Deloitte & Touche LLP;
- **FOR** the approval of the non-binding advisory resolution to approve the compensation of our named executive officers; and
- **FOR** the approval of an amendment to the 2013 Plan increasing the number of shares of common stock which may be subject to awards thereunder by two million.

9. How do I vote?

Registered shareholders (shareholders who hold common stock in certificated form or book entry form on the records of our transfer agent as opposed to through a bank, broker or other nominee) may vote in person at the Annual Meeting or by proxy. There are three ways for registered shareholders to vote by proxy:

- **By Internet** : Connect to the internet at www.proxyvote.com and follow the instructions included on the proxy card or voting instruction. Your proxy will be voted according to your instructions. If you vote by internet, you do not need to mail in a proxy card or voting instruction.
- **By Telephone** : Call 1-800-690-6903 and follow the instructions included on the proxy card or voting instruction. If you vote by telephone, you do not need to mail in a proxy card or voting instruction.
- **By Mail** : If you received your proxy materials by mail, complete, properly sign, date, and mail the enclosed proxy card or voting instruction.

Registered shareholders are urged to deliver proxies or voting instructions by using the internet, calling the toll-free telephone number, or by completing and mailing the proxy card or voting instruction. The internet and telephone voting procedures are designed to authenticate shareholders’ identities, to allow shareholders to give their proxies or voting instructions, and to confirm that such instructions have been recorded properly. Instructions for voting over the internet or by telephone are included on the enclosed proxy card or voting instruction. If you received your proxy materials via mail, registered shareholders may send their proxies or voting instructions by completing, signing, and dating the enclosed proxy card or voting instruction and returning it as promptly as possible in the enclosed prepaid envelope.

Shareholders who hold common stock through banks, brokers, or other nominees (“street name shareholders”) who wish to vote at the Annual Meeting should receive voting instructions from the institution that holds their shares. Please contact the institution that holds your shares if you have not received voting instructions. Street name shareholders may also be eligible to vote their shares electronically by following the voting instructions provided by the bank, broker, or other nominee that holds the shares, using either the toll-free telephone number or the internet address provided on the voting instruction; or by completing, dating, and signing the voting instruction and returning it promptly in the enclosed prepaid envelope.

[Table of Contents](#)

The deadline for voting via the internet or telephone is 11:59 p.m., Eastern Time, on June 10, 2020.

10. Can I attend the Annual Meeting?

Yes. The Annual Meeting is open to all holders of our common stock as of the record date, April 24, 2020. You may attend the Annual Meeting and vote in person. However, even if you plan to attend the Annual Meeting, we encourage you to vote your shares by proxy.

All shareholders must present a form of personal photo identification in order to be admitted to the meeting. In addition, if you are a street name shareholder and your shares are held in the name of a broker, bank, or other nominee, please bring with you a proxy, letter, or account statement from your broker, bank, or nominee confirming your ownership of Company common stock so that you can be admitted to the Annual Meeting. Cameras, recording devices, and other electronic devices are not permitted at the Annual Meeting.

11. How will my shares be voted if I sign, date, and submit my proxy or voting instruction, but do not provide complete voting instructions with respect to each proposal?

Shareholders should specify their vote for each matter on the proxy or voting instruction. The proxies solicited by this Proxy Statement vest in the proxy holders voting rights with respect to the election of directors (unless the shareholder marks the proxy to withhold that authority) and on all other matters voted upon at the Annual Meeting.

Unless otherwise directed in the enclosed proxy card, the persons named as proxies therein will vote all properly executed, returned, and not-revoked proxy cards or voting instruction cards: (i) “**FOR**” the election of the ten director nominees listed thereon; (ii) “**FOR**” the proposal to ratify the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2020; (iii) “**FOR**” the non-binding proposal to approve the compensation of our named executive officers; and (iv) “**FOR**” the approval of an amendment to the 2013 Plan increasing the number of shares which may be subject to awards thereunder by two million. As to any other business that may properly come before the Annual Meeting, the persons named in the enclosed proxy card or voting instruction will vote the shares of common stock represented by the proxy in the manner as the Board may recommend, or otherwise at the proxy holders’ discretion. The Board does not presently know of any other such business.

12. How will my shares be voted if I do not return my proxy or my voting instruction?

It will depend on how your ownership of shares of common stock is registered. If you own your shares as a record holder, which means that your shares of common stock are registered in your name, if you do not vote in advance of the Annual Meeting by submitting a proxy, your unvoted shares will not be represented at the Annual Meeting and will not count toward the quorum requirement, as explained under “*How many votes must be present to hold the Annual Meeting?*” on page 2, unless you attend the Annual Meeting to vote them in person.

If you are a street name shareholder and your shares are registered in the name of your bank, broker or its nominee, your shares may be voted even if you do not provide your bank, broker, or other nominee with voting instructions. Your bank, broker, or other nominee may vote your shares in its discretion on “routine” matters. However, your bank, broker, or other nominee may not vote your shares on proposals that are not considered routine. When a proposal is not a routine matter and your bank, broker, or other nominee has not received your voting instructions with respect to such proposal, your bank, broker, or other nominee cannot vote your shares on that proposal. When a bank, broker, or other nominee does not cast a vote for a routine or a non-routine matter, it is called a “broker non-vote.”

Therefore, please note that in the absence of your specific instructions as to how to vote, your bank, broker, or other nominee may not vote your shares with respect to the election of directors, the non-binding proposal to

[Table of Contents](#)

approve the compensation of the named executive officers, and the proposal to approve the amendment to the 2013 Plan. These matters are not considered routine matters. However, the ratification of the appointment by the Audit Committee of Deloitte & Touche LLP is a routine matter for which brokerage firms may vote on behalf of their clients if no voting instructions are provided. Therefore, if you are a street name shareholder whose shares of common stock are held with a bank, broker, or other nominee and you do not return your voting instructions, your bank, broker, or other nominee may vote your shares “for” the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm. **Please return your proxy so your vote can be counted.**

13. How are abstentions and broker non-votes counted?

Only votes cast “for” or “against” are included in determining the votes cast with respect to any matter presented for consideration at the Annual Meeting. As described above, when brokers do not have discretion to vote or do not exercise such discretion, the inability or failure to vote is referred to as a “broker non-vote.” Proxies marked as abstaining, and any proxies returned by brokers as “non-votes” on behalf of shares held in street name because beneficial owners’ discretion has been withheld as to one or more matters to be acted upon at the Annual Meeting, will be treated as present for purposes of determining whether a quorum is present at the Annual Meeting. Broker non-votes and abstentions will not be included in the vote total for the proposal to elect the nominees for director and will not affect the outcome of the vote for the proposal. In addition, under Virginia corporate law, abstentions are not counted as votes cast on a proposal. Therefore, abstentions and broker non-votes will not count either in favor of or against (i) the election of directors, (ii) the ratification of the appointment of Deloitte & Touche LLP, or (iii) the non-binding proposal to approve the compensation of the named executive officers, or (iv) the approval of an amendment to the 2013 Plan increasing the number of shares which may be subject to awards thereunder by two million.

14. What if I change my mind after I vote?

Whether you vote by internet, telephone, or by mail, you may later revoke your proxy and change your vote by:

- entering new instructions on either the telephone or Internet voting system before 11:59 p.m. Eastern Daylight Time on Wednesday, June 10, 2020;
- delivering a properly signed proxy with a later date than the previously submitted proxy card before the polls close at the Annual Meeting;
- delivering a written revocation to our Corporate Secretary at 20374 Seneca Meadows Parkway, Germantown, Maryland 20876 such that it is received prior to the polls closing at the Annual Meeting; or
- voting in person at the Annual Meeting.

Attendance at the Annual Meeting alone without voting will not revoke a previously granted proxy. If you are a street name shareholder whose stock is held with a bank, broker, or other nominee, you must follow the instructions found on the voting instruction card provided by the bank, broker, or other nominee, or contact your bank, broker, or other nominee to change or revoke your previously given proxy.

15. Who pays the cost of proxy solicitation?

We will pay all expenses of soliciting proxies, including clerical work, printing, and postage. Our officers and other employees may personally solicit proxies or solicit proxies by internet, telephone, mail, or facsimile, but we will not provide any compensation for such solicitations. We will also reimburse banks, brokers, and other persons holding shares in their names or in the names of nominees for expenses incurred sending material to beneficial owners and obtaining proxies from beneficial owners.

16. Could other matters be decided in the Annual Meeting?

The Board does not know of any other business that may be brought before the Annual Meeting. However, if any other matters should properly come before the Annual Meeting or at any adjournment or postponement thereof, it is the intention of the persons named in the accompanying proxy to vote on such matters as they, in their discretion, may determine.

17. How do I make a shareholder proposal for the 2021 Annual Meeting of Shareholders?

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), we must receive any proposals from shareholders intended for inclusion in the proxy statement for our 2021 Annual Meeting of Shareholders no later than 120 days before the anniversary date of the distribution of this Proxy Statement (i.e., December 28, 2020), provided, however, that if our 2021 Annual Meeting of Shareholders is held before May 12, 2021 or after July 11, 2021, we will announce a new required receipt date. Shareholders submitting such proposals must be the beneficial owners of shares of the common stock amounting to at least \$2,000 in market value, to have held such shares for at least one year prior to the date of submission of the proposal, and to continue to hold the required amount of shares through the date of the 2021 Annual Meeting. Holders of common stock who wish to have proposals submitted for inclusion in the proxy statement for our 2021 Annual Meeting of Shareholders should consult the applicable rules and regulations of the SEC with respect to such proposals, including certain information required to be in the proposal, the permissible number and length of proposals, and other matters governed by such rules and regulations, and should also consult our Amended and Restated Bylaws (the “Bylaws”).

The Bylaws also set forth the procedures a shareholder must follow to nominate directors or to bring other business before shareholder meetings. For a shareholder to nominate a candidate for director or bring other matters from the floor at the 2021 Annual Meeting of Shareholders, we must receive notice of the nomination no earlier than the close of business on February 11, 2021 and no later than the close of business on March 13, 2021. For the nomination of a candidate for director, the notice must describe various matters regarding the nominee, including name, address, occupation, and shares held. For bringing other matters from the floor at the 2021 Annual Meeting of Shareholders, the notice must include a description of the proposed business, the reasons therefor, and other matters specified in our Bylaws. In each case, the notice must be timely given in writing to our Corporate Secretary, whose address is 20374 Seneca Meadows Parkway, Germantown, Maryland 20876.

CORPORATE GOVERNANCE

General

Our business and affairs are managed under the direction of the Board in accordance with the Virginia Stock Corporation Act, our Amended and Restated Articles of Incorporation, and our Bylaws. Our Bylaws provide that the number of directors shall be fixed from time to time by the Board, but shall not be more than ten. The Board is currently comprised of the following individuals: Randal Kirk, Cesar Alvarez, Steven Frank, Vinita Gupta, Fred Hassan, Jeffrey Kindler, Dean Mitchell, Robert Shapiro, and James Turley. Each of our current directors and Dr. Helen Sabzevari, our Chief Executive Officer (“CEO”), are being nominated for election to the Board at the Annual Meeting. For more information regarding the nominees for election to the Board, see “Nominees for Election as Directors” beginning on page 18.

Corporate Governance Guidelines

The Board has adopted corporate governance guidelines (the “Corporate Governance Guidelines”) that set forth the practices of the Board with respect to the qualification, selection and election of directors, director orientation and continuing education, director responsibilities, Board composition and performance, director access to management and independent advisors, director compensation guidelines, management evaluation and succession, policies regarding the Lead Independent Director, meetings of the non-management directors, the policy on communicating with the non-management directors, and various other issues. A copy of our Corporate Governance Guidelines is available on our website at <http://investors.precigen.com> under the caption “Governance.”

Board Standards of Independence

The Board has set forth our independence standards in our Corporate Governance Guidelines. These standards provide that a majority of the Board must be independent under the independence standards established by the Corporate Governance Guidelines and The Nasdaq Stock Market (“Nasdaq”) as in effect from time to time. For a Board member or candidate for election to the Board to qualify as independent, the Board must determine that the person and his or her immediate family members do not have a material relationship with us (either directly or as a partner, shareholder, or officer of an organization that has a relationship with us) or any of our affiliates. Under the categorical standards adopted by the Board, a member of the Board is not independent if:

- The director is, or has been within the last three years, our employee, or whose family member is, or has been within the last three years, an executive officer of the Company;
- The director has received, or has a family member serving as an executive officer who has received, during any 12-month period within the three years preceding the determination of independence, more than \$120,000 in direct compensation from us, other than director and committee fees, compensation made to a family member who is an employee (other than an executive officer) of the Company, and benefits under a tax-qualified retirement plan or non-discretionary compensation;
- (i) The director is a current partner of a firm that is our internal or external auditor; (ii) the director has a family member who is a current partner of such a firm; or (iii) the director, or a family member, was within the last three years a partner or employee of such a firm and personally worked on our audit within that time;
- The director or a family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company’s compensation committee; or
- The director is or a family member is, a partner in (excluding limited partners), or a controlling shareholder or executive officer of, any organization to which we made, or from which we received, payments for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$200,000, or 5%, of such other company’s consolidated gross revenues.

[Table of Contents](#)

With the exception of Mr. Kirk, our Executive Chairman of the Board, and Dr. Sabzevari, our CEO, the Board has affirmatively determined that each Board nominee is independent in accordance with the above standards and applicable Nasdaq guidelines.

In determining that Mr. Alvarez is independent, the Board considered that Mr. Alvarez is the Senior Chairman of Greenberg Traurig, LLP (“Greenberg Traurig”). As discussed under “Certain Relationships and Related Party Transactions,” Greenberg Traurig provides legal services to us from time to time for which it has received, and may continue to receive, customary fees. During 2019, we paid Greenberg Traurig \$222,557 for legal services, constituting less than 5% of Greenberg Traurig’s annual gross revenues. As the Senior Chairman, Mr. Alvarez does not participate in the provision of such services and does not materially benefit from the engagement, and his compensation from Greenberg Traurig is not based on such services provided to us. The Board has determined that this relationship is not material and that it does not impair Mr. Alvarez’s independence.

In determining that Mr. Turley is independent, the Board considered that Mr. Turley is the former Chairman and Chief Executive Officer of Ernst & Young LLP. From time to time, Ernst & Young provides valuation and technical accounting services to us, for which it receives customary fees. As Mr. Turley retired from Ernst & Young in June 2013, Mr. Turley does not participate in such services and does not materially benefit from the engagement. The Board has determined that this relationship is not material and that it does not impair Mr. Turley’s independence.

Board Meetings and Attendance at Annual Meeting of Shareholders

There were 18 meetings of the Board held either in person or by teleconference in 2019. Each director attended at least 75% of the combined meetings of the Board and the committees on which he or she served during the year, except for Mr. Frank, who attended 72.2% of such meetings, including all regularly scheduled meetings. Our independent directors met in executive session without management at least quarterly.

Our Corporate Governance Guidelines provide that all directors are strongly encouraged to attend all annual and special meetings of our shareholders. All members of the Board at the time of the 2019 Annual Meeting attended the Annual Meeting.

Board Leadership Structure

As specified in the Corporate Governance Guidelines, the Board does not have a policy on whether the role of the CEO and Executive Chairman should be separate or, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. Currently, the roles are separate. Mr. Kirk currently serves as Executive Chairman and Dr. Sabzevari serves as CEO. Prior to Dr. Sabzevari assuming the role of CEO in January 2020 and Mr. Kirk becoming Executive Chairman, Mr. Kirk had served as Chairman of the Board since February 2008 and CEO since April 2009. We believe that separating the Executive Chairman and CEO roles at this time allows us to efficiently develop and implement corporate strategy consistent with the Board’s oversight role while also facilitating strong day-to-day executive leadership.

The Board believes that Mr. Kirk is well-situated to continue to serve as Executive Chairman because his unique and extensive experience and deep understanding of our business as well as his broad business experience as CEO of, and significant investor in, multiple successful biotech companies enable him to deliver strategic insight on key issues, to serve as a valuable bridge between the Board and management, and to provide valuable leadership experience. Mr. Kirk’s responsibilities include the following:

- advising and supporting the CEO on long-term strategy and governance matters;
- coordinating with the CEO and helping to lead the Company’s efforts on capital raising transactions and strategic acquisitions and divestitures;
- serving as a liaison between the Board and senior management;

Table of Contents

- acting as a source of institutional knowledge;
- together with the CEO and Lead Independent Director, and with input from the non-management and independent Board members, preparing the Board's agenda;
- chairing and guiding discussion at Board meetings; and
- performing such other duties and responsibilities as may be delegated to the Executive Chairman by the Board from time to time.

The Board established the position of Lead Independent Director in the Corporate Governance Guidelines to serve as a principal liaison between the independent directors and the Executive Chairman and the CEO as well as to coordinate the activities of the other independent directors. Mr. Shapiro currently serves as our Lead Independent Director. In his role as Lead Independent Director, Mr. Shapiro is in frequent contact with the Executive Chairman and the CEO and is regularly consulted on material matters. We currently maintain a significant majority of independent directors (Mr. Kirk and Dr. Sabzevari are the only non-independent director nominees). The Lead Independent Director is elected by the independent directors and ensures that the Board operates independently of management, and that directors and shareholders have an independent leadership contact.

The responsibilities of the Lead Independent Director of the Board include the following:

- presiding over meetings of the non-management and independent Board members and, as appropriate, provide prompt feedback to the Executive Chairman;
- together with the CEO and Executive Chairman, and with input from the non-management and independent Board members, preparing the Board's agenda;
- serving as a point of contact between non-management and independent Board members and the Executive Chairman to report or raise matters;
- calling executive sessions of the Board or of the non-management and independent Board members;
- serving as a "sounding board" and mentor to the CEO;
- taking the lead in assuring that the Board carries out its responsibilities in circumstances where the Executive Chairman is incapacitated or otherwise unable to act;
- consulting with the Chairman of the Compensation Committee to provide performance feedback and compensation information to the CEO and the Executive Chairman; and
- performing such other duties and responsibilities as may be delegated to the Lead Independent Director by the Board from time to time.

As part of the Board's annual assessment process, the Board evaluates the Board's leadership structure to ensure that it remains appropriate. The Board recognizes that there may be circumstances in the future that would lead it to again combine the roles of CEO and Chairman of the Board or to have an independent Chairman, but believes that the absence of a policy requiring either the separation or combination of these roles provides the Board with the flexibility to determine the best leadership structure.

The Board's Role in Risk Oversight

The Board is responsible for our risk oversight, and each committee of the Board is responsible for risk oversight within such committee's area of responsibility and regularly reports to the Board regarding the same. Management is responsible for our risk management, including providing oversight and monitoring to ensure our policies are carried out and processes are executed in accordance with our performance goals and risk tolerance. On a regular basis, our management team identifies, discusses, and assesses financial risk from current macro-

Table of Contents

economic, industry, and company perspectives. Our management team also provides regular reports to the Board and its committees on areas of our material risk, including operational, financial, legal, and regulatory as well as strategic and reputational risks.

The Audit Committee is responsible for discussing with management our major financial risk exposures and the steps and processes management has taken to monitor and control such exposures, including our risk assessment and risk management policies. As part of its regular reporting process, management reports and reviews with the Audit Committee our material risks, including, but not limited to, proposed risk factors and other public disclosures, mitigation strategies, and our internal controls over financial reporting. The Audit Committee also engages in regular periodic discussions with the Chief Financial Officer and other members of management regarding risks as appropriate.

In carrying out its responsibilities, the Compensation Committee considers the impact of executive and employee compensation on our risk profile, as well as human resources risks. The Nominating and Governance Committee's responsibilities include the consideration of succession planning and corporate governance risks.

Each committee regularly reports to the Board. Moreover, the Board reviews and oversees our various financial policies, financing programs, capital and operating plans, benefit plan management, and certain risk management policies. We believe the current leadership structure of the Board supports the risk oversight functions described above by providing independent leadership at the committee level, with ultimate oversight by the full Board as led by the Executive Chairman and the Lead Independent Director.

Board Committees

The Board maintains three standing committees: the Audit Committee; the Compensation Committee; and the Nominating and Governance Committee. Each of these committees has a separate chairperson and is composed entirely of directors that meet the applicable independence requirements of the SEC and Nasdaq. Each committee operates under a written charter that has been approved by the Board. A current copy of each committee's charter is available on our website at <http://investors.precigen.com> under the caption "Governance." In addition, from time to time, the Board may create ad hoc committees for specific purposes.

Audit Committee

The members of the Audit Committee are Messrs. Kindler, Mitchell, and Shapiro. Mr. Kindler is the chair of the Audit Committee. During 2019, the Audit Committee met 17 times. The Board has determined that each member of the Audit Committee is "independent" within the meaning of the enhanced independence standards for audit committee members in the Exchange Act, and the rules thereunder, as incorporated into the listing standards of Nasdaq, and the independence standards of our Corporate Governance Guidelines as discussed above under "CORPORATE GOVERNANCE — Board Standards of Independence" on page 7. The Board has further determined that Mr. Kindler qualifies as an "audit committee financial expert" within the meaning of SEC regulations and is "financially sophisticated" within the meaning of the Nasdaq rules. The Audit Committee assists the Board in its oversight of our accounting and financial reporting process and the audits of our consolidated financial statements. The Audit Committee's responsibilities include, among other things, overseeing:

- our accounting and financial reporting processes;
- the integrity of our consolidated financial statements;
- our compliance with laws and regulations;
- our independent registered public accounting firm's qualifications and independence; and
- the performance of our independent registered public accounting firm.

[Table of Contents](#)

The Audit Committee appoints, compensates, oversees, and evaluates the performance of our independent registered public accounting firm for each fiscal year and approves the audit and non-audit fees we pay to such firm. The Audit Committee also reviews the scope and the results of the work of the independent registered public accounting firm and reviews the adequacy of internal control over financial reporting. The functions and responsibilities of the Audit Committee are further described in the “Audit Committee Report” on page 30.

Compensation Committee

The members of the Compensation Committee are Messrs. Hassan, Kindler, and Turley. Mr. Turley is the chair of the Compensation Committee. During 2019, the Compensation Committee met nine times. The Compensation Committee’s responsibilities include, among others:

- developing and maintaining an executive compensation policy and monitoring the results of that policy;
- considering the impact of our compensation policy and practices on our risk profile;
- recommending to the Board for approval compensation and benefit plans;
- reviewing and approving annually corporate and personal goals and objectives to serve as the basis for the CEO’s compensation, evaluating the CEO’s performance in light of those goals and objectives and determining the CEO’s compensation based on that evaluation;
- reviewing and recommending annual compensation for the Executive Chairman;
- determining and approving annual compensation for other executive officers;
- approving grants of equity-based incentives to the extent provided under the our equity compensation plans, subject to the Committee’s authority to delegate the power to grant awards to employees or non-executive service providers who are not directors or executive officers;
- reviewing and making recommendations to the Board regarding the compensation of non-employee directors;
- reviewing and discussing with management the “Compensation Discussion and Analysis” to the extent required by SEC rules;
- preparing the Compensation Committee report when required by SEC rules;
- reviewing any executive employment-related agreements, proposed severance or retirement arrangements, or change and control or similar agreements, and any amendments or waivers to any such agreements; and
- reviewing and recommending to the Board for approval our approach with respect to the advisory vote on executive compensation, or say-on-pay, and the frequency of the say-on-pay advisory vote.

While the Compensation Committee charter does not specify qualifications required for members, the members of the Committee have been members of other public company boards of directors, are current or former executive officers of public companies, or have comparable positions. The Board has determined that the members of the Committee are “non-employee directors” (within the meaning of Rule 16b-3 of the Exchange Act) and “independent directors” (as defined under the applicable Nasdaq listing standards and our Corporate Governance Guidelines as discussed above under “Corporate Governance — Board Standards of Independence” on page 7).

The processes and procedures followed by the Compensation Committee in considering and determining executive compensation, including the role of the outside compensation consultant, are described below under “Compensation Discussion and Analysis — The Compensation Review Process” on page 51.

Nominating and Governance Committee

The members of the Nominating and Governance Committee are Mr. Alvarez, Ms. Gupta, and Mr. Shapiro. Mr. Alvarez is the chair of the Nominating and Governance Committee. During 2019, the Nominating and

Governance Committee met three times. The Nominating and Governance Committee’s responsibilities include, among others:

- considering and reviewing periodically the desired composition of the Board, including such factors as diversity of backgrounds and expertise and tenure, and ensuring that the Board is composed so as to satisfy SEC listing requirements and Nasdaq rules, including the independence of directors and the financial and accounting experience of directors;
- establishing and reviewing qualifications and standards for individual directors in the context of the current composition of the Board, the Company’s operating requirements, and the long-term interests of our shareholders, and periodically reviewing these qualifications and standards;
- identifying, nominating, and evaluating candidates for election to the Board;
- making recommendations to the Board regarding the size of the Board, the tenure and classifications of directors, and the composition of the Board’s committees;
- reviewing and evaluating our various governance policies and guidelines, including pertinent environmental, social, and governance matters;
- considering CEO succession planning;
- reviewing committee structure and effectiveness; and
- considering other corporate governance and related matters as requested by the Board.

The Board has determined that all members of the Nominating and Governance Committee are “independent” within the meaning of the listing standards of Nasdaq and the independence standards set by the Board as discussed above in “Corporate Governance — Board Standards of Independence” on page 7.

Director Candidate Recommendations and Nominations by Shareholders . The Nominating and Governance Committee’s charter provides that the Committee will consider director candidate recommendations by shareholders. Shareholder recommendations for candidates to be nominees will be evaluated under the same standards as potential nominees recommended by management or the non-management members of the Board. Shareholders should submit any such director recommendations to the Nominating and Governance Committee through the method described in “Questions and Answers About the Annual Meeting — 17. How do I make a shareholder proposal for the 2021 Annual Meeting of Shareholders?” on page 6. The Nominating and Governance Committee did not receive any recommendations from any shareholders in connection with the Annual Meeting.

Nominating and Governance Committee Process for Identifying and Evaluating Director Candidates . The Nominating and Governance Committee identifies and evaluates all director candidates in accordance with the director qualification standards described in the Corporate Governance Guidelines. The Committee evaluates a candidate’s qualifications to serve as a member of the Board based on the background, diversity, and expertise in relevant industries of individual Board members as well as the background and expertise of the Board as a whole. Nominees will be required to bring the skills, talents, knowledge, and expertise to ensure that the composition, structure, and operation of the Board serve the best interests of our shareholders. In addition, the Committee will evaluate a candidate’s independence and his or her background and expertise in the context of the Board’s needs.

Our Corporate Governance Guidelines and Nominating and Governance Committee charter provides that we will consider diversity, including diversity of backgrounds, in considering the composition of and evaluating nominees to the Board, and minorities and women currently comprise 40% of our director nominees. However, we have no formal policy regarding Board diversity. Our priority in selection of Board members is identification of members who will further the interests of our shareholders through their established records of professional accomplishment, the ability to contribute positively to the collaborative culture among Board members, knowledge of our business, and understanding of the competitive landscape of the industries in which we

operate. We will consider, in identifying first-time candidates, assessing nominees for director (including incumbent directors), or evaluating individuals recommended by shareholders, the current composition of the Board in light of the diverse communities and geographies we serve and the interplay of the candidate's or nominee's diverse individual experience, education, skills, background, and other qualities and attributes with those of the other Board members. The Nominating and Governance Committee and Board monitor the Board's effectiveness through the Board's self-evaluation process. As described under "Nominees for Election as Directors" beginning on page 18, the Nominating and Governance Committee and the Board believe that the current composition of the Board reflects a group of highly talented individuals with diverse backgrounds, skills, professional, and industry experience, and other personal qualities and attributes best suited to perform oversight responsibilities for us and our shareholders.

Ad Hoc Committees

In February 2019, we announced that we were evaluating equitization and monetization events for our subsidiaries, as well as considering which of our business units would find higher values independent of our Company. We subsequently announced in April 2019 that we were working to realign our operations in an effort to better deploy resources, realize inherent synergies, and position us for growth with a core focus on healthcare. As we considered potential alternatives for our assets, the Board considered that it was possible that Mr. Kirk or entities affiliated with Mr. Kirk would be interested in transactions with the Company that would constitute related party transactions. In July 2019, the Board created a temporary committee of the Board (the "Special Review Committee") to review prospective acquisitions by affiliates of Mr. Kirk of Company assets in connection with the realignment. In particular, the Special Review Committee was formed in order to avoid conflicts of interest, to take necessary steps to comply with our policies with respect to transactions with related persons, and to ensure that any related transactions would be in the best interests of our Company and our shareholders. The Board authorized the Special Review Committee to engage counsel and other advisors as it deemed appropriate in carrying out its duties. The Special Review Committee was initially comprised of Mr. Alvarez, Mr. Turley, and Mr. Shapiro. In August 2019, Mr. Alvarez was replaced by Mr. Mitchell. In 2019, the special committee met 23 times, and engaged both financial and legal advisors.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics (the "Code") that applies to our directors, officers, and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. The Code covers a broad range of professional conduct, including employment policies, conflicts of interest, intellectual property, and the protection of confidential information, as well as adherence to all laws and regulations applicable to the conduct of our business. In 2019, we amended the Code to include additional requirements related to confidentiality and other notification requirements in relation to our policy on conflicts of interest, and to update our gift policy, among other changes.

A copy of the Code is available on our website at <http://investors.precigen.com> under the caption "Governance." If we make any substantive amendments to, or grant any waivers from, the Code for any officer or director, we intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K by disclosing the nature of such amendment or waiver on our website or in a Current Report on Form 8-K.

Political Contributions

In general, it is not our practice to make financial or in-kind political contributions with corporate assets, even when permitted by applicable law. We comply with all applicable state and federal laws related to the disclosure of lobbying activities.

Communications with the Board

We have established a policy pursuant to which shareholders wishing to communicate with the Board may do so by writing to the Board, the Executive Chairman, the Lead Independent Director, or the non-employee directors of the Board as a group, at: Precigen, Inc., 20374 Seneca Meadows Parkway, Germantown, Maryland 20876; Attn: Corporate Secretary.

The communication must prominently display the legend “BOARD COMMUNICATION” in order to indicate to the Corporate Secretary that it is a communication for the Board. Upon receiving such a communication, the Corporate Secretary will promptly forward the communication to the relevant individual or group to which it is addressed. The Board has requested that certain items that are unrelated to the Board’s duties and responsibilities be excluded, such as spam, junk mail and mass mailings, resumes, and other forms of job inquiries, surveys, and business solicitations or advertisements.

The Corporate Secretary will not forward any communication determined in his or her good faith belief to be frivolous, unduly hostile, threatening, illegal, or similarly unsuitable. Each communication subject to this policy that was not forwarded because it was determined by the Corporate Secretary to be frivolous is retained for a reasonable period of time in our files and made available at the request of any member of the Board to whom such communication was addressed.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Background

Upon the recommendation of the Nominating and Governance Committee, the Board has unanimously nominated our nine incumbent directors, all of whom were elected by our shareholders at our 2019 Annual Meeting of Shareholders, and our CEO, Dr. Sabzevari, for election to the Board at the Annual Meeting and to hold office until their successors have been elected and qualified or until their earlier resignation or removal. Each nominee has consented to being named as such and to serve as a director if elected.

Our Bylaws provide that, in uncontested director elections (i.e., an election where the number of nominees is not greater than the number of directors to be elected), a nominee for director will be elected to the Board if the votes cast for such nominee's election exceed the votes cast against such nominee's election. However, directors will be elected by a plurality of the votes cast at any meeting of the shareholders for which (i) the Corporate Secretary receives a notice that a shareholder has nominated a person for election to the Board in compliance with the advance notice requirements for shareholder nominees for director set forth in the Bylaws and (ii) such nomination has not been withdrawn by such shareholder on or prior to the 10th day preceding the date we first mail the notice of meeting for such meeting to the shareholders (i.e., if there is a contested director election). If directors are to be elected by a plurality of the votes cast, the shareholders may withhold votes, but will not be permitted to vote against a nominee.

Our Corporate Governance Guidelines provide that any nominee for director in an uncontested election who receives a greater number of shareholder votes cast "against" his or her election than votes "for" his or her election must, promptly following certification of the shareholder vote, tender his or her resignation to the Board for consideration. The Nominating and Governance Committee will then evaluate the best interests of the Company and will recommend to the Board whether to accept or reject the tendered resignation. Following the Board's receipt of this recommendation and determination as to whether to accept the resignation, we will disclose the Board's decision and an explanation of how the decision was reached.

There were no nominee recommendations from shareholders or from any group of shareholders submitted in accordance with our Bylaws. Proxies solicited by the Board will be voted in favor of the nominees listed below unless otherwise specified in the proxy. We know of no reason why the nominees would not be available for election or, if elected, would be unable to serve. While we do not anticipate that any of the nominees will be unable to serve, if any should be unable to serve, the proxy holders reserve the right to substitute another person designated by the Board.

Vote Required and Board Recommendation

Each director nominee must receive the affirmative vote of a majority of the votes cast in order to be elected. As this proposal is not considered a "routine item," your bank, broker, or other nominee cannot vote your shares without receiving your voting instructions. Abstentions and broker non-votes will not count "for" or "against" the election of any nominee.

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" ALL OF THE PROPOSED DIRECTOR NOMINEES LISTED.

Nominees for Election as Directors

Set forth below is information for each nominee concerning the individual's age, principal occupation, employment and directorships during the past five years, positions with the Company, the year in which he or she first joined the Board, and his or her term of office as a director. Also set forth below is a brief discussion of the specific experience, qualifications, attributes, or skills that led to the Board's conclusion that, in light of our business and structure, each nominee should serve as a director.

Equity Ownership for Board of Directors

The Board believes that directors should hold meaningful equity ownership positions in the Company to help align the interests of directors with those of shareholders. Under our stock ownership guidelines for directors, non-employee directors are expected to be beneficial owners of shares of our common stock with a market value equivalent to at least five times the amount of annual cash retainer fees (not including any additional retainer for service as a Committee Chair or Lead Independent Director, and as adjusted from time to time). Non-employee directors have five years to satisfy the ownership requirement, which is measured from the later of June 2018 (when the current requirement was adopted) or the date of appointment for newly appointed non-employee directors. Compliance with the requirement is measured on an annual basis each year using the closing price of our common stock as of December 31st.

For purposes of the equity ownership guidelines described above, a non-employee director’s shareholdings include, in addition to shares held outright, any stock underlying vested but unexercised stock options assuming the stock options have been “net exercised.” Stock underlying equity awards that remain unvested will not count towards the requirement, regardless of whether the award is time- or performance-based.

Until a non-employee director has met our equity ownership guidelines, he or she is expected to hold 100% of any stock acquired through exercise of a stock option or vesting of restricted stock, net of shares sold to cover the cost of acquisition and any tax obligation. In addition, non-employee directors must further hold all net shares for a minimum of one year following exercise, in the case of stock options, or vesting, in the case of other equity awards.

PROPOSAL 2
RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM

Background

After consideration of the firm’s qualifications and past performance, the Board, through the Audit Committee, has appointed Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm for the fiscal year ending December 31, 2020.

On September 10, 2019, the Audit Committee dismissed PricewaterhouseCoopers LLP (“PwC”) as our independent registered public accounting firm, and on September 13, 2019, Deloitte was engaged as our independent registered public accounting firm for the fiscal year ended December 31, 2019, in each case effective immediately. The Audit Committee has again selected Deloitte as our independent registered accounting firm for the year ending December 31, 2020 and believes that the retention of Deloitte for the 2020 fiscal year is in the best interest of us and our shareholders.

Under the Sarbanes-Oxley Act of 2002 and the rules of the SEC promulgated thereunder, the Audit Committee is solely responsible for the selection, appointment, compensation, and oversight of the work of our independent registered public accounting firm. Although submission of the appointment of an independent registered public accounting firm to shareholders for ratification is not required by law, the Board considers the appointment of our independent registered public accounting firm to be an important matter of shareholder concern and is submitting the appointment of Deloitte for ratification by our shareholders, as a matter of good corporate practice. One or more representatives of Deloitte are expected to be present at the Annual Meeting with the opportunity to make a statement if they so desire and to be available to respond to appropriate questions.

If shareholders do not ratify the selection of Deloitte, the Audit Committee may, but is not required to, reconsider its selection if the shareholders’ action so warrants. Even if the selection is ratified, the Audit Committee, exercising its own discretion, may select different auditors at any time during the year if it determines that such a change would be in our best interests and in the best interests of our shareholders.

Required Vote and Board Recommendation

The affirmative vote of a majority of the votes cast on the matter is required for the approval of this item. As this proposal is considered a “routine item,” your bank, broker, or other nominee may vote your shares “for” the proposal without receiving your voting instructions. Abstentions and broker non-votes will not count either in favor of or against the proposal.

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**Principal Accountant Fees**

The following table summarizes the aggregate fees billed by Deloitte for the fiscal year ended December 31, 2019 and, for comparison purposes, the aggregate fees billed by PwC for the fiscal year ended December 31, 2018:

	Fiscal Year Ended December 31,	
	2019	2018
Audit Fees	\$ 1,491,200	\$ 3,023,864
Audit-Related Fees	—	—
Tax Fees	—	149,100
All Other Fees	—	—
Total Fees	<u>\$ 1,491,200</u>	<u>\$ 3,172,964</u>

Audit Fees . Audit fees include professional services rendered by our independent auditors for the audit of our annual financial statements, including the reviews of the financial statements included in our quarterly reports on Form 10-Q. This category also includes fees for assistance with complex accounting transactions, fees for audits provided in connection with subsidiaries and statutory filings or services that generally only the principal auditor can reasonably provide to a client, and consents and assistance with and review of documents filed with the SEC. In 2018, audit fees included fees for audits of certain subsidiaries, including statutory filings and also fees to support our convertible debt financing in July 2018.

Audit-Related Fees . Audit-related fees consist of amounts for assurance and related services for expanded audit procedures and reporting consultations for recent accounting pronouncements to be adopted.

Tax Fees . Tax fees include original and amended tax returns, studies supporting tax return amounts as may be required by Internal Revenue Service regulations, claims for refunds, assistance with tax audits and other work directly affecting or supporting the payment of taxes, planning, research, and advice supporting our efforts to maximize the tax efficiency of our operations. Tax fees in 2019 were billed by PwC and are therefore not shown in the table.

All Other Fees . All other fees are fees for products or services other than those in the above three categories. In fiscal years 2019 and 2018, our independent auditors did not provide any services other than those described above.

Pre-Approval Policy

The Audit Committee has adopted a written policy for the provision of audit services and permitted non-audit services by our independent registered public accounting firm. Our Chief Financial Officer has primary responsibility to the Audit Committee for administration and enforcement of this policy and for reporting non-compliance. Under the policy, the Audit Committee receives a presentation of an annual plan for audit services and for any proposed audit-related, tax, or other non-audit services to be performed by the independent registered public accounting firm, but management may, from time to time, seek approval of certain additional audit or non-audit services not provided for in the budget. Rule 2-01 of Regulation S-X provides an exception to the requirement for pre-approval of non-audit services for *de minimis* amounts under certain circumstances. Our policy does not include the *de minimis* exception, and during fiscal years 2019 and 2018, no non-audit services were performed pursuant to the *de minimis* exception.

Additional Information Regarding Change of Independent Registered Accounting Firms

The audit reports of PwC on our financial statements as of and for the years ended December 31, 2018 and 2017 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except that the report on our consolidated financial statements as of and for the year ended December 31, 2018 included an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern.

During the fiscal years ended December 31, 2018 and 2017 and the subsequent interim period through September 10, 2019, there were no “disagreements,” as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions, between us and PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of PwC, would have caused PwC to make reference in connection with their opinion to the subject matter of the disagreement.

During the fiscal years ended December 31, 2018 and 2017 and the subsequent interim period through September 10, 2019, there were no “reportable events” as that term is defined in Item 304(a)(1)(v) of Regulation S-K, except that during the second quarter of 2018, we identified a material weakness in our internal control over financial reporting in connection with our adoption of Accounting Standards Codification Topic 606, *Revenue from Contracts with Customers*. This control deficiency resulted in the misstatement of accumulated deficit, deferred revenue, and collaboration and licensing revenues, and restatement of our consolidated financial statements for the quarter ended March 31, 2018. We concluded that the material weakness had been remediated as of December 31, 2018. The Committee discussed the material weakness with PwC, and we authorized PwC to respond fully to the inquiries of Deloitte concerning the material weakness.

During the fiscal years ended December 31, 2018 and 2017 and the subsequent interim period through September 13, 2019, we did not, nor did anyone on our behalf, consult Deloitte with respect to: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and neither a written report was provided to us nor oral advice was provided to us that Deloitte concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K).

AUDIT COMMITTEE REPORT

In accordance with the Audit Committee Charter, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the integrity of our accounting, auditing, and financial reporting practices. During the fiscal year ended December 31, 2019, the Audit Committee met 17 times. The Audit Committee reviewed and discussed the interim financial information contained in our Quarterly Reports on Form 10-Q with our Chief Financial Officer, our Chief Legal Officer, and the independent registered public accounting firm prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee has received the written disclosures and the letter from Deloitte required under the applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”) regarding Deloitte’s communications with the Audit Committee concerning independence, and has discussed with our independent registered public accounting firm its independence. The Audit Committee also discussed with management the quality and adequacy of our internal controls. The Audit Committee reviewed with Deloitte their audit plans, audit scope, and identification of audit risks.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or our independent registered public accounting firm. The Audit Committee oversees our financial reporting process on behalf of the Board. Our management has primary responsibility for the financial statements and reporting process, including our internal control over financial reporting. Deloitte is responsible for performing an integrated audit of our financial statements and internal control over financial reporting in accordance with the auditing standards of the PCAOB.

The Audit Committee reviewed and discussed with Deloitte the matters required to be discussed by the applicable requirements of the PCAOB and the SEC, and, with and without management present, discussed and reviewed the results of Deloitte’s audit of the financial statements. The Audit Committee also considered, as it determined appropriate, tax matters, and other areas of financial reporting and the audit process over which the Audit Committee has oversight.

The Audit Committee reviewed and discussed our audited financial statements as of and for the fiscal year ended December 31, 2019 with management and Deloitte. Management has the responsibility for the preparation of our financial statements and Deloitte has the responsibility for the audit of those statements.

Based on the above-mentioned review and discussions with management and Deloitte, the Audit Committee recommended to the Board that our audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2019, for filing with the SEC.

In connection with the evaluation, appointment, and retention of the independent auditors, the Audit Committee annually reviews the qualifications, performance, and independence of the independent auditor, and lead engagement partner, and assures the regular rotation of the lead engagement partner as required. In doing so, the Audit Committee considers a number of factors including, but not limited to: quality of services provided; technical expertise and knowledge of the industry; effective communication; and objectivity. The Audit Committee also considers whether the non-audit services provided by Deloitte are compatible with maintaining Deloitte’s independence. The Audit Committee reappointed Deloitte, subject to shareholder ratification, as our independent registered public accounting firm for the fiscal year ending December 31, 2020.

PROPOSAL 3
NON-BINDING PROPOSAL TO APPROVE THE COMPENSATION OF THE
NAMED EXECUTIVE OFFICERS

General

The Board has determined to provide our shareholders the opportunity to vote each year to approve, on an advisory basis, the compensation of our named executive officers, as disclosed in this Proxy Statement. The compensation of our named executive officers is described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative on pages 43 to 53 of this Proxy Statement.

The Compensation Committee designs our executive compensation program to attract, motivate, and retain executive officers who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of our near-term and longer-term financial and strategic goals and for driving corporate financial performance and stability. The programs contain elements of cash and equity-based compensation and are designed to align the interests of our executives with those of our shareholders.

Our compensation program reflects competition and reasonable practices in the marketplace. The mix of compensation components is competitive with that of other companies of similar size and operational characteristics, links compensation to individual and corporate performance and encourages stock ownership by senior management. Based on its review of the total compensation of our named executive officers for 2019, the Compensation Committee believes that the total compensation for each of the named executive officers is reasonable and effectively achieves the objective of aligning compensation with the achievement of our financial goals and creation of shareholder value without encouraging our named executive officers to take unnecessary or excessive risks.

The Compensation Discussion and Analysis section of this Proxy Statement and the accompanying tables and narrative provide a comprehensive review of our named executive officer compensation objectives, program, and rationale. We urge you to read this disclosure before voting on this proposal.

Pursuant to Section 14A of the Exchange Act, the Board is requesting shareholders approve an advisory vote on the following resolution:

“RESOLVED, that our shareholders approve, on a non-binding advisory basis, the compensation of the named executive officers as disclosed in the Proxy Statement for the 2020 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table, the other related tables and the accompanying narrative.”

As an advisory vote, your vote on this proposal will be non-binding on the Board. However, the Board values the opinions that our shareholders express in their votes and will consider the outcome of the vote when making future executive compensation decisions as it deems appropriate.

We seek shareholder approval of our executive compensation on an annual basis. The next opportunity for our shareholders to approve on a non-binding basis the compensation of our named executive officers will be at our 2021 Annual Meeting.

Vote Required and Board Recommendation

The affirmative vote of a majority of the votes cast on the matter is required for the approval of this item. As this proposal is not considered a “routine item,” your bank, broker, or other nominee cannot vote your shares without receiving your voting instructions. Abstentions and broker non-votes will not count either in favor of or against the proposal.

THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE TO APPROVE THE NON-BINDING ADVISORY PROPOSAL APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL 4
APPROVAL OF AN AMENDMENT TO THE
PRECIGEN, INC. AMENDED AND RESTATED 2013 OMNIBUS INCENTIVE PLAN

Overview

The Board requests that shareholders approve the proposed amendment (the “Amendment”) to the 2013 Plan to increase the number of shares of common stock which may be subject to awards under the 2013 Plan by 2,000,000 shares. Other than the increase in the number of shares which may be subject to awards under the 2013 Plan that is reflected in the proposed Amendment, there are no other changes proposed to the 2013 Plan.

The 2013 Plan became effective upon the closing of our initial public offering in August 2013 and was approved by our shareholders at our 2014 Annual Meeting. Our shareholders have authorized additional shares for issuance pursuant to the 2013 Plan at each of our Annual Meetings since 2015.

Share Increase

The 2013 Plan has served as an important part of our overall compensation program since it became effective. The 2013 Plan enables us to grant equity-based compensation awards designed to provide an additional incentive for our officers, employees, and non-employee directors and other service providers who are critical to the achievement of our long-term financial and strategic goals. We believe that the Amendment, which amends the 2013 Plan to increase by 2,000,000 the number of shares of common stock which may be subject to awards thereunder, supports our ability to attract, motivate, and retain the most competent and skilled officers, employees, non-employee directors, and other service providers, which is a significant factor for our long-term success. Awards made under the 2013 Plan, including annual cash incentive awards and long-term incentive equity grants, are designed to align the individual interests of our officers, employees, non-employee directors, and other service providers with the interests of our shareholders and reward them for the creation of long-term shareholder value.

We believe that the number of shares currently available for issuance under the 2013 Plan may not be sufficient in view of our compensation structure and strategy and that the availability of the additional shares sought in this proposal will help us to continue to have a sufficient number of shares of common stock available for awards under the 2013 Plan. As a result, the Compensation Committee and the Board have approved the Amendment, subject to the approval of our shareholders at the Annual Meeting.

As of March 31, 2020, there were options to purchase an aggregate of 12,052,124 shares of common stock outstanding under the 2013 Plan at a weighted-average exercise price of \$18.53 per share and a weighted-average remaining term of 6.94 years, 2,891,634 RSUs outstanding under the 2013 Plan, and 3,301,269 shares of common stock reserved for future issuance under the 2013 Plan, which is our only plan under which equity awards can currently be made to officers and employees. As of March 31, 2020, all of our 616 employees were eligible to receive awards under the 2013 Plan, including five executive officers. As of March 31, 2020, eight non-employee directors and all of our consultants were also eligible to receive awards under the 2013 Plan, although we currently only make awards to non-employee directors and consultants under the 2019 Incentive Plan for Non-Employee Service Providers (the “2019 Plan”) and not the 2013 Plan. The granting of awards under the 2013 Plan is discretionary, and we cannot now determine the number or type of awards to be granted in the future to any particular person or group. As of March 31, 2020, the fair market value of our common stock was \$3.40, which was the closing price of our common stock on that date on the Nasdaq Global Select Market.

In making the recommendation to increase the 2013 Plan’s share reserve by an additional 2,000,000 shares, we considered a number of factors, including:

Importance of Long-Term Equity Incentives . Long-term equity incentives are an important component of our executive compensation program, motivating officers and employees, non-employee directors, and other service

Table of Contents

providers to make decisions that focus on creating long-term value for shareholders, aligning their interests with the interests of shareholders, and serving as an effective recruitment and retention tool.

Historical Burn Rate . We are committed to managing the use of our equity incentives prudently to balance the benefits equity compensation brings to our compensation program with the dilution it causes our shareholders. As part of our analysis when considering the proposed share increase, we considered the 2013 Plan's "burn rate," or the number of shares subject to equity awards granted since our initial public offering in August 2013, divided by the weighted average number of shares outstanding for that period. We also considered that during the period from the beginning of 2019 through the end of the first quarter of 2020 we made equity grants from the 2013 Plan in connection with the following: leadership appointments to advance our efforts, including the appointment of our CEO; the compensation of employees who we believe are critical to furthering our business strategy; equity grants in lieu of cash compensation; incentivizing our key officers and employees; our former Services Agreement entered into and effective as of November 1, 2015, between us and Third Security that expired on January 1, 2020; and our former Restricted Stock Unit Agreement with Mr. Kirk that expired on March 31, 2020 (the "RSU Agreement"). We believe these new hires and compensation decisions are critical to the development and strength of our senior management team to attract the experience and talent necessary to further implement our strategy.

Shareholder Value Transfer Test . When evaluating the appropriate number of shares to increase the share reserve under the 2013 Plan, we reviewed the shareholder value transfer of the proposed increase, calculated as the value of available shares and plan awards as a percentage of our market capitalization, and determined that the addition of 2,000,000 shares to the 2013 Plan share reserve was reasonable and consistent with industry guidelines.

Expected Duration . We expect that the shares available for issuance pursuant to future awards, including the additional shares if this proposal is approved by our shareholders, will be sufficient for currently anticipated awards under the 2013 Plan for the foreseeable future. Expectations regarding future share usage could be impacted by a number of factors such as hiring and promotion activity at the executive level; the rate at which shares are returned to the 2013 Plan reserve upon awards' expiration, forfeiture, or cash settlement; the future performance of our stock price; consequences of acquisitions or dispositions; and other factors. While we believe that the assumptions we used are reasonable, future share usage may differ from current expectations. If, however, the shareholders do not approve the Amendment to increase the number of shares reserved for issuance under the 2013 Plan, there may not be a sufficient number of shares of our common stock available to achieve our recruiting and retention objectives.

Text of the Amendment

The first paragraph of Section 6.02 of the 2013 Plan would be revised as follows:

"6.02 Aggregate Limit

The maximum aggregate number (the "Maximum Aggregate Number") of shares of Common Stock which may be subject to Awards under this Plan is ~~25,000,000~~ 27,000,000 shares of Common Stock."

Summary of the Material Terms of the 2013 Plan

A summary of the material terms of the 2013 Plan is set forth below. This summary does not purport to be a complete description of all provisions of the 2013 Plan and is qualified in its entirety by reference to the 2013 Plan, a copy of which is attached as an appendix to this Proxy Statement and incorporated by reference into this proposal.

Purpose . We established the 2013 Plan to attract, retain, and motivate our employees, officers, and non-employee directors, to promote the success of our business by linking the personal interests of our employees, officers, consultants, advisors, and non-employee directors to those of our shareholders and to encourage stock ownership on the part of management. The 2013 Plan is intended to permit the grant of stock options (both incentive stock

[Table of Contents](#)

options, or “ISOs”, and non-qualified stock options, or “NQSOs,” and, collectively, “Options”), SARs, restricted stock awards, or Restricted Stock Awards, RSUs, incentive awards, or Incentive Awards, other stock-based awards, or Stock Based Awards, and dividend equivalents, or Dividend Equivalents.

Administration . The 2013 Plan is administered by the Compensation Committee, which has the authority to grant awards to such persons and upon such terms and conditions (not inconsistent with the provisions of the 2013 Plan) as it may consider appropriate. The Committee may act through subcommittees or, with respect to awards granted to individuals who are not subject to the reporting and other provisions of Section 16 of the Exchange Act, who are not members of the Board or the board of directors of our Affiliates (as defined by the 2013 Plan) and who are not a covered employee subject to the \$1 million deduction limit under Section 162(m) of the Code, delegate to one or more officers all or part of its duties with respect to such awards. The Committee may, at its discretion, accelerate the time at which any award may be exercised, become transferable or nonforfeitable, or become earned and settled including without limitation (i) in the event of the participant’s death, disability, retirement, or involuntary termination of employment or service (including a voluntary termination of employment or service for good reason) or (ii) in connection with a Change in Control (as defined in the 2013 Plan).

Authorized Shares . Under the 2013 Plan, we may issue a maximum aggregate of 25,000,000 shares of common stock (27,000,000 shares of common stock if the shareholders approve the Amendment to the 2013 Plan), all of which may be issued pursuant to Options, SARs, Restricted Stock Awards, RSUs, Incentive Awards, Stock-Based Awards, or Dividend Equivalents. Each share issued in connection with an award will reduce the number of shares available for awards under the 2013 Plan by one, and each share covered under the exercised portion of a SAR will reduce the number of shares available for awards under the 2013 Plan by one, even though the share is not actually issued upon settlement of the SAR. Shares relating to awards that are terminated by expiration, forfeiture, cancellation or otherwise without issuance of shares of common stock, settled in cash in lieu of shares, or exchanged prior to the issuance of shares for awards not involving shares, will again be available for issuance under the 2013 Plan. Shares not issued as a result of net settlement of an award, tendered or withheld to pay the exercise price, purchase price or withholding taxes of an award or shares purchased on the open market with the proceeds of the exercise price of an award will be deemed delivered under the 2013 Plan and will not again be available for issuance under the 2013 Plan.

Written Agreements . All awards granted under the 2013 Plan will be governed by separate written agreements between the participants and us. The written agreements will specify the terms of the particular awards.

Transferability . Generally, an award is non-transferable except by will or the laws of descent and distribution, and during the lifetime of the participant to whom the award is granted, the award may only be exercised by, or payable to, the participant. However, the Compensation Committee may provide that awards, other than ISOs or a Corresponding SAR that is related to an ISO, may be gifted by a participant to immediate family members or trust or other entities on behalf of the Participant and/or family members. Any such transfer will be permitted only if (i) the participant does not receive any consideration for the transfer and (ii) the Committee expressly approves the transfer. The holder of the transferred award will be bound by the same terms and conditions that governed the award during the period that it was held by the participant, except that such transferee may only transfer the award by will or the laws of descent and distribution.

Maximum Award Period . No award shall be exercisable or become vested or payable more than ten years after the date of grant. An ISO granted to a Ten Percent Shareholder (as defined in the 2013 Plan) or a corresponding SAR that relates to such an ISO may not be exercisable more than five years after the date of grant.

Compliance with Applicable Law . No award shall be exercisable, vested, or payable except in compliance with all applicable federal and state laws and regulations (including, without limitation, tax and securities laws), any listing agreement with any stock exchange to which we are a party, and the rules of all domestic stock exchanges on which our shares may be listed.

[Table of Contents](#)

Payment . The exercise or purchase price of an award, and any taxes required to be withheld with respect to an award, may be paid in cash or, if the written agreement so provides, the Compensation Committee may allow a participant to pay all or part of the exercise or purchase price, and any required withholding taxes, by tendering shares of common stock the participant already owns, through a broker-assisted cashless exercise, by means of “net exercise” procedure whereby shares of common stock shall be withheld from delivery, or any other specified medium of payment or combination thereof.

Shareholder Rights . No participant shall have any rights as our shareholder as a result of issuance of an award until the award is settled by the issuance of common stock (other than a Restricted Stock Award or RSUs for which certain shareholder rights may be granted).

Forfeiture Provisions . Awards do not confer upon any individual any right to continue in our employ or service or in the employ or service of our affiliated entities. All rights to any award that a participant has will be immediately forfeited if the participant is discharged from employment or service.

Types of awards

Options . Both ISOs and NQSOs may be granted under the 2013 Plan. The Compensation Committee determines the eligible individuals to whom grants of Options will be made, the number of shares subject to each option, the exercise price per share, the time or times at which the option may be exercised, whether any performance or other conditions must be satisfied before a participant may exercise an option, the method of payment by the participant, the method of delivery of shares to a participant, whether the Option is an ISO or a NQSO, and all other terms and conditions of the award. However, the exercise price of an Option may not be less than the fair market value of a share of common stock on the date the Option is granted. No participant may be granted ISOs that are first exercisable in any calendar year for shares of common stock having an aggregate fair value (determined on the date of grant) that exceeds \$100,000. With respect to an ISO granted to a participant who is a Ten Percent Shareholder (as defined in the 2013 Plan), the exercise price per share may not be less than 110% of the fair market value of the common stock on the date the Option is granted. At the Committee’s discretion, an Option may be granted with or without a Corresponding SAR (as defined below).

SARs . A SAR entitles the participant to receive, upon exercise, the excess of the fair market value on that date of each share of common stock subject to the exercised portion of the SAR over the fair market value of each such share on the date of the grant of the SAR. A SAR can be granted alone or in tandem with an Option. A SAR granted in tandem with an Option is called a Corresponding SAR and entitles the participant to exercise the Option or the SAR, at which time the other tandem award expires with respect to the number of shares being exercised. The Compensation Committee is authorized to determine the eligible individuals to whom grants of SARs will be made, the number of shares of common stock covered by the grant, the time or times at which a SAR may be exercised, and all other terms and conditions of the SAR. However, no participant may be granted Corresponding SARs that are related to ISOs which are first exercisable in any calendar year for shares of common stock having an aggregate fair market value (determined on the date of grant) that exceeds \$100,000.

Restricted Stock Awards and RSUs . A Restricted Stock Award is the grant or sale of shares of common stock, which may be subject to forfeiture for a period of time or subject to certain conditions. An RSU entitles the participant to receive, upon vesting, shares of our common stock. We will deliver to the participant one share of common stock for each RSU that becomes earned and payable. With regard to Restricted Stock Awards, the Compensation Committee is authorized to determine the eligible individuals to whom grants will be made, the number of shares subject to such grants, the purchase price, if any, to be paid for each share subject to the award of restricted stock, the time or times at which the restrictions will terminate, and all other terms and conditions of the restricted stock. With regards to RSUs, the Committee is authorized to determine the eligible individuals to whom grants will be made, the number of shares subject to such grants and the vesting conditions entitling a participant to settlement of the RSUs.

Table of Contents

Incentive Awards . An Incentive Award entitles the participant to receive cash or common stock when certain conditions are met. The Compensation Committee has the authority to determine the eligible individuals to whom grants will be made and all other terms and conditions of the Incentive Award.

Stock-Based Awards . Stock-Based Awards may be denominated or payable in, valued by reference to or otherwise based on shares of common stock, including awards convertible or exchangeable into shares of common stock (or the cash value thereof) and common stock purchase rights and awards valued by reference to the fair market value of the common stock. The Compensation Committee has the authority to determine the eligible individuals to whom grants will be made and all other terms and conditions of Stock-Based Awards. However, the purchase price for the common stock under any Stock-Based Award in the nature of a purchase right may not be less than the fair market value of a share of common stock as of the date the award is granted. Cash awards, as an element of or supplement to any other award under the 2013 Plan, may also be granted.

The Compensation Committee is also authorized under the 2013 Plan to grant shares of common stock as a bonus, or to grant shares of common stock or other awards in lieu of any of our obligations or of our affiliates to pay cash or to deliver other property under the 2013 Plan or under any other of our plans or compensatory arrangements or any of our affiliates.

Dividend Equivalents . The Compensation Committee may also grant Dividend Equivalents under the 2013 Plan. A Dividend Equivalent is an award that entitles the participant to receive cash, shares of common stock, other awards, or other property equal in value to all or a specified portion of dividends paid with respect to shares of our common stock. The Committee is authorized to determine the eligible individuals to whom grants will be made and all other terms and conditions of the Dividend Equivalents. However, no Dividend Equivalents may be awarded in connection with an Option, SAR, or Stock-Based Award in the nature of purchase rights.

Material Terms of the Performance-Based Compensation

Awards that are paid to our current or former named executive officers may be subject to the tax deduction limitations of Section 162(m) of the Code.

Eligibility . Any of our employees or service providers, employees or service providers of our Affiliates (as defined in the 2013 Plan), and nonemployee members of the Board or of any board of directors of our Affiliates is eligible to receive an award under the 2013 Plan.

Award Limits . In any calendar year, no participant may be granted Options, SARs or other stock-based awards in the nature of purchase rights that relate to more than 5,000,000 shares of common stock. For these purposes, an Option and its corresponding SAR will be counted as a single award. For any award stated with reference to a specific dollar limit, the maximum amount payable with respect to any 12-month performance period to any one participant is \$5,000,000 (pro-rated up or down for performance periods greater or less than 12 months). Award limits that are expressed as a number of shares are subject to the adjustment provisions of the 2013 Plan as described below.

Performance Criteria . The Compensation Committee has the discretion to establish objectively determinable performance conditions for when qualified performance-based awards will become vested, exercisable, and payable. Objectively determinable performance conditions generally are performance conditions (a) that are established in writing (i) at the time of the grant or (ii) no later than the earlier of (x) 90 days after the beginning of the period of service to which they relate and (y) before the lapse of 25% of the period of service to which they relate; (b) that are uncertain of achievement at the time they are established and (c) the achievement of which is determinable by a third party with knowledge of the relevant facts. These performance conditions may be based on one or any combination of metrics related to our financial, market or business performance. The form of the performance conditions also may be measured on a company, affiliate, division, business unit, or geographic basis, individually, alternatively or in any combination, subset or component thereof. Performance goals may

Table of Contents

reflect absolute entity performance or a relative comparison of entity performance to the performance of a peer group of entities or other external measure of the selected performance conditions. Profits, earnings, and revenues used for any performance condition measurement may exclude any extraordinary or nonrecurring items. The performance conditions may, but need not, be based upon an increase or positive result under the aforementioned business criteria and could include, for example and not by way of limitation, maintaining the status quo or limiting the economic losses (measured, in each case, by reference to the specific business criteria). An award that is intended to become exercisable, vested or payable on the achievement of performance conditions means that the award will not become exercisable, vested or payable solely on mere continued employment or service. However, such an award, in addition to performance conditions, may be subject to continued employment or service by the participant. The performance conditions upon which qualified performance-based compensation may be based include any or any combination of the following: (a) revenue, (b) earnings before interest, taxes, depreciation and amortization, or EBITDA, (c) cash earnings (earnings before amortization of intangibles), (d) operating income, (e) pre-or after-tax income, (f) earnings per share, (g) net cash flow, (h) net cash flow per share, (i) net earnings, (j) return on equity, (k) return on total capital, (l) return on sales, (m) return on net assets employed, (n) return on assets or net assets, (o) share price performance, (p) total shareholder return, (q) improvement in or attainment of expense levels, (r) improvement in or attainment of working capital levels, (s) net sales, (t) revenue growth or product revenue growth, (u) operating income (before or after taxes), (v) pre-or after-tax income (before or after allocation of corporate overhead and bonus), (w) earnings per share; (x) return on equity, (y) appreciation in and/or maintenance of the price of the shares of our common stock, (z) market share, (aa) gross profits, (bb) comparisons with various stock market indices; (cc) reductions in cost, (dd) cash flow or cash flow per share (before or after dividends), (ee) return on capital (including return on total capital or return on invested capital), (ff) cash flow return on investments; (gg) improvement in or attainment of expense levels or working capital levels, and/or (hh) shareholder equity.

The Compensation Committee has the discretion to select one or more periods of time over which the attainment of one or more of the foregoing performance conditions will be measured for the purpose of determining when an award will become vested, exercisable, or payable. The Committee has the authority to adjust goals and awards in the manner set forth in the 2013 Plan.

Change in Control . In the event of a “Change in Control” (as defined in the 2013 Plan) and, with respect to awards that are subject to Section 409A of the Internal Revenue Code of 1986, as amended, or the Code, and such awards, 409A Awards, only to the extent permitted by Section 409A of the Code, the Compensation Committee in its discretion may, on a participant-by-participant basis (a) accelerate the vesting of all unvested and unexercised Options, SARs or Stock-Based Awards in the nature of purchase rights and/or terminate such awards, without any payment therefore, immediately prior to the date of any such transaction after giving the participant at least seven days written notice of such actions; (b) fully vest and/or accelerate settlement of any awards; (c) terminate any outstanding Options, SARs or Stock-Based Awards in the nature of purchase rights after giving the participant notice and a chance to exercise such awards (to the extent then exercisable or exercisable upon the change in control); (d) cancel any portion of an outstanding award that remains unexercised or is subject to restriction or forfeiture in exchange for a cash payment to the participant of the value of the award; or (e) require that the award be assumed by the successor corporation or replaced with interests of an equal value in the successor corporation.

Amendment and Termination . The 2013 Plan expires ten years after its original effective date, unless terminated earlier by the Board. Any award that is outstanding as of the date the 2013 Plan expires will continue in force according to the terms set out in the award agreement. The Board may terminate, amend, or modify the 2013 Plan at any time. However, shareholder approval may be required for certain types of amendments under applicable law or regulatory authority. Except as may be provided in an award agreement or the 2013 Plan, no amendment to the 2013 Plan may adversely affect the terms and conditions of any existing award in any material way without the participant’s consent.

An amendment will be contingent on approval of our shareholders, to the extent required by law, by the rules of any stock exchange on which our securities are then traded or if the amendment would (i) increase the benefits

accruing to participants under the 2013 Plan, including without limitation, any amendment to the 2013 Plan or any agreement to permit a re-pricing or decrease in the exercise price of any outstanding awards, (ii) increase the aggregate number of shares of common stock that may be issued under the 2013 Plan, or (iii) modify the eligibility requirements for participation in the 2013 Plan.

Material U.S. Federal Income Tax Consequences of Awards under the 2013 Plan

The following discussion summarizes the principal federal income tax consequences associated with awards under the 2013 Plan. The discussion is based on laws, regulations, rulings, and court decisions currently in effect, all of which are subject to change.

ISOs . A participant will not recognize taxable income on the grant or exercise of an ISO (although the excess of the fair market value of the common stock over the exercise price will be included for alternative minimum tax purposes in the year of exercise). A participant will recognize taxable income when he or she disposes of the shares of common stock acquired under the ISO. If the disposition occurs more than two years after the grant of the ISO and more than one year after its exercise, the participant will recognize long-term capital gain (or loss) to the extent the amount realized from the disposition exceeds (or is less than) the participant's tax basis in the shares of common stock. A participant's tax basis in the shares of common stock acquired under an ISO generally will be the amount the participant paid for the stock. If common stock acquired under an ISO is disposed of before the expiration of the ISO holding period described above, the participant will recognize as ordinary income in the year of the disposition the excess of the fair market value of the common stock on the date of exercise of the ISO over the exercise price. Any additional gain will be treated as long-term or short-term capital gain, depending on the length of time the participant held the shares. Special rules apply if a participant pays the exercise price by delivery of common stock. We will not be entitled to a federal income tax deduction with respect to the grant or exercise of an ISO. However, in the event a participant disposes of common stock acquired under an ISO before the expiration of the ISO holding period described above, we generally will be entitled to a federal income tax deduction equal to the amount of ordinary income the participant recognizes on the disqualifying disposition, subject to the deduction conditions and limits applicable under Section 162(m) of the Code.

NQSOs . A participant will not recognize any taxable income on the grant of a NQSO. On the exercise of a NQSO, the participant will recognize as ordinary income the excess of the fair market value of the common stock acquired over the exercise price. A participant's tax basis in the common stock then is the amount paid for the shares of common stock plus any amounts included in income on exercise of the NQSO. Special rules apply if a participant pays the exercise price by delivery of common stock. The exercise of a NQSO generally will entitle us to claim a federal income tax deduction equal to the amount of ordinary income the participant recognizes on exercise of the NQSO, subject to the deduction conditions and limits applicable under Section 162(m) of the Code.

SARs . A participant will not recognize any taxable income at the time SARs are granted. The participant at the time of receipt will recognize as ordinary income the amount of cash and the fair market value of the common stock that he or she receives on exercise of the SAR. We generally will be entitled to a federal income tax deduction equal to the amount of ordinary income the participant recognizes on exercise of the SAR, subject to the deduction conditions and limits applicable under Section 162(m) of the Code.

Restricted Stock Awards and RSUs . With regard to Restricted Stock Awards, a participant will recognize ordinary income on account of a Restricted Stock Award on the first day that the shares are either transferable or no longer subject to a substantial risk of forfeiture. The ordinary income recognized will equal the excess of the fair market value of the common stock on such date over the price, if any, paid for the stock. However, even if the shares under a Restricted Stock Award are both nontransferable and subject to a substantial risk of forfeiture, the participant may make a special "83(b) election" to recognize income, and have his or her tax consequences determined, as of the date of grant of the Restricted Stock Award. The participant's tax basis in the shares

Table of Contents

received under the Restricted Stock Award will equal the income recognized plus the price, if any, paid for the Restricted Stock Award. We generally will be entitled to a federal income tax deduction equal to the ordinary income the participant recognizes with respect to the Restricted Stock Award. With regard to RSUs, a participant will not recognize any taxable income at the time RSUs are granted. When the terms and conditions to which the RSUs are subject have been satisfied and the RSUs are settled, the participant will recognize as ordinary income the fair market value of the common stock he or she receives on settlement of the RSUs. We generally will be entitled to a federal income tax deduction equal to the ordinary income the participant recognizes on settlement of the RSUs, subject to the deduction conditions and limits applicable under Section 162(m) of the Code.

Incentive Awards . A participant will not recognize any taxable income at the time an Incentive Award is granted. When the terms and conditions to which an Incentive Award is subject have been satisfied and the award is paid, the participant will recognize as ordinary income the amount of cash and the fair market value of the common stock he or she receives on settlement of the Incentive Award. We generally will be entitled to a federal income tax deduction equal to the amount of ordinary income the participant recognizes on settlement of the Incentive Award, subject to the deduction conditions and limits applicable under Section 162(m) of the Code.

Stock-Based Awards . A participant will recognize ordinary income on receipt of cash or shares of common stock paid with respect to a Stock-Based Award. We generally will be entitled to a federal tax deduction equal to the amount of ordinary income the participant recognizes subject to the deduction conditions and limits applicable under Section 162(m) of the Code.

Dividend Equivalents . A participant will recognize as ordinary income the amount of cash and the fair market value of any common stock he or she receives on payment of the Dividend Equivalents. To the extent the Dividend Equivalents are paid in the form of other awards, the participant will recognize income as otherwise described herein. We generally will be entitled to a federal tax deduction equal to the amount of ordinary income the participant recognizes subject to the deduction conditions and limits applicable under Section 162(m) of the Code.

Limitation on Deductions. Section 162(m) of the Internal Revenue Code denies a federal income tax deduction for certain compensation in excess of \$1.0 million per year paid by a publicly held corporation to each of its “covered employees.” A publicly held corporation’s covered employees include its chief executive officer, its chief financial officer and the three other most highly compensated executive officers. To retain highly skilled executives and remain competitive with other employers, the Compensation Committee may authorize compensation that would not be deductible under Section 162(m) of the Code or otherwise if it determines that such compensation is in the best interests of us and our shareholders. Compensation to certain employees resulting from vesting of awards in connection with a change in control or termination following a change in control also may be non-deductible under Internal Revenue Code Section 280G.

Other Tax Rules . The 2013 Plan is designed to enable the Compensation Committee to structure awards that will not be subject to Section 409A of the Code, which imposes certain restrictions and requirements on nonqualified deferred compensation. However, the Committee may grant awards that are subject to Section 409A of the Code. In that case, the terms of such 409A Award will be (a) subject to the deferral election requirements of Section 409A of the Code; and (b) may only be paid upon a separation from service, a set time, death, disability, a change in control, or an unforeseeable emergency, each within the meaning of Section 409A of the Code. The Committee shall not have the authority to accelerate or defer a 409A Award other than as permitted by Section 409A of the Code. Moreover, any payment on a separation from service of a “Specified Employee” (as defined in the 2013 Plan) will not be made until six months following the participant’s separation from service (or upon the participant’s death, if earlier) as required by Section 409A of the Code.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee oversees our executive compensation programs. In this role, the Committee reviews and approves all compensation decisions relating to our named executive officers. To assist with its duties, the Committee has engaged F. Daniel Siciliano as its outside compensation consultant to provide competitive compensation data and assist with the analysis and implementation of various aspects of our executive compensation decisions. Mr. Siciliano coordinates the procurement of data through third party data providers and synthesizes that data and related information in order to provide advice that the Committee considers in making its executive compensation decisions.

This section discusses the principles underlying our executive compensation programs, policies, and decisions and explains the process the Compensation Committee uses to determine compensation and benefits for our named executive officers. It also provides qualitative information regarding the manner and context in which compensation is earned by and awarded to our named executive officers and is intended to place in perspective the data presented in the tables and narrative that follow.

The discussion and analysis of our compensation program for our named executive officers should be read in conjunction with the tables and text elsewhere in this Proxy Statement that describe the compensation awarded to, earned by or paid to our named executive officers.

The individuals who served as our CEO and Chief Financial Officer during 2019, as well as the other individuals included in the Summary Compensation Table, are referred to throughout this Proxy Statement as the “named executive officers” and, to the extent they remain employed by us, together with the other executives of management, as the “executive officers.”

Our named executive officers for 2019 are:

Executive Summary

Our goal for our executive compensation is to provide a comprehensive package that is sufficient to attract, motivate, and retain executives of outstanding ability, performance, and potential. The Compensation Committee seeks to establish and maintain an appropriate relationship between executive compensation and the creation of shareholder value. The Committee believes that the most effective compensation program is one that provides competitive base pay, rewards the achievement of established annual and long-term goals and objectives, and provides incentives for retention.

The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the compensation of our executive officers. The Committee is responsible for:

- establishing and administering the base salaries and annual incentive awards of our executive officers, and
- administering and making recommendations and awards under our equity incentive plans.

The Compensation Committee monitors the compensation paid to our executive officers to ensure it is fair, reasonable, and competitive and is substantially tied to our performance. The Committee evaluates, both

[Table of Contents](#)

subjectively and objectively, our financial performance, competitive position, future potential, and the individual and group performance of the members of executive management. In such evaluation, the Committee reviews data prepared by management and employs the business experience of the individual members of the Committee. The Committee also utilizes the assistance of Mr. Siciliano as its outside compensation consultant.

As we entered 2019, our Compensation Committee recognized the evolving nature of our business strategy and that there was uncertainty as to whether or what specific transactions would occur over the course of the year. The strategic efforts in 2019 ultimately led to a refocusing of our Company on healthcare and the divestiture of a number of our non-healthcare businesses and assets. For 2019, after taking into account the overall position of the Company and with a focus on retention and cash preservation, the Compensation Committee retained the existing base salaries for our executive officers, made annual incentive awards in the form of equity rather than using cash, and approved continuing employment agreements with executive officers that provide for severance upon certain terminations.

Key Compensation Corporate Governance Practices

The Compensation Committee and the Board regularly review evolving practices in executive compensation and corporate governance. We have adopted certain policies and practices that we believe are consistent with industry best practices, as tailored to our specific business model and strategic direction. We have also strived to adopt policies that will foster our growth and the continual realization of value to our shareholders by encouraging appropriate risk taking and entrepreneurship in support of our unique and dynamic business model. The Committee and the Board also actively scrutinize the anticipated effect of compensation practices on our ultimate goals.

What We Do:

- ✓ We ensure independence in establishing our executive compensation program.
- ✓ We use what we believe to be an appropriate mix of short-term and long-term compensation.
- ✓ We conduct an annual review and assessment of potential and existing risks arising from our compensation programs and policies.
- ✓ We engage an outside compensation consultant to advise on executive compensation matters.
- ✓ We assess risks relating to our executive compensation program.
- ✓ We use equity awards that vest over time and deliver greater value as our stock price increases.

What We Do Not Do:

- × We do not allow hedging of Company stock.
- × We do not provide excessive perquisites.
- × We do not provide for tax gross-ups, except for *de minimis* amounts related to short-term disability insurance premiums.
- × We do not allow repricing of stock options without shareholder approval.
- × We do not offer guaranteed bonuses.

Our Compensation Philosophy

Our compensation philosophy is guided by the principle of pay-for-performance. Our compensation programs are designed to support our business goals by rewarding achievement of short-term and progress towards long-term

objectives in a manner that links compensation of our executive officers with the value created for our shareholders. While aligning our executive officers' compensation with our short-term and long-term business goals, we aim to provide the incentives needed to attract, motivate, reward, and retain our management talent, which is crucial to our long-term success.

Principles of Our Compensation Framework

Our executive compensation program is designed to attract, retain, motivate, and reward talented individuals who will execute our business plan so that we can succeed in the competitive and highly volatile business environment in which we operate. The Compensation Committee believes that the compensation program for our executive officers should reward the achievement of our short-term and long-term objectives and that compensation should be related to the value created for our shareholders. Furthermore, the compensation program should reflect competition and best practices in the marketplace. The following objectives serve as the Committee's guiding principles for all compensation decisions:

- Our executive compensation and benefits should attract, motivate, reward, and retain the management talent necessary to achieve our business objectives at compensation levels that are fair, equitable, and competitive with those of comparable companies.
- Compensation should be set based on the leadership of each executive officer, which reflects skill sets, experience, and achievement, to create a competitive framework for talent acquisition and retention.
- Compensation should be linked to individual and corporate performance by aligning our executive compensation program to company-wide performance, which is assessed in terms of financial and non-financial performance and creation of long-term value for our shareholders.
- There should be an appropriate mix and weighting among base salary, annual incentive awards and long-term equity incentive awards such that an adequate amount of each executive officer's total compensation is performance-based or "at risk." Further, as an executive's responsibilities increase, the portion of "at-risk" compensation for the executive should also increase as a percentage of total compensation.

In addition, the Compensation Committee believes that the various elements of our compensation program effectively align compensation with performance measures that are directly related to our financial goals and creation of shareholder value without encouraging executives to take unnecessary and excessive risks.

Developments in Executive Compensation for 2019

We review our executive compensation practices annually to ensure that our plans and practices are supportive of our goals, remain competitive, and are in keeping with the best interests of our shareholders and our unique business model and operating environment. In January 2019, the Compensation Committee determined to continue with the use of RSUs as part of the mix of equity grants made to our executive officers, a practice that we started in January 2018, after a review of trending practices among similarly situated companies and deliberation about our competitiveness in recruitment and retention.

As we entered 2019, our Compensation Committee recognized the evolving nature of our business strategy and that there was uncertainty as to whether or what specific transactions would occur over the course of the year. In February 2019, we announced that we were evaluating equitization and monetization events for our subsidiaries, as well as considering which business units would find higher values independent of our Company. Recognizing how annual incentive goals can drive behavior, the Committee did not want to create annual incentive goals that would provide incentives to our executive officers to pursue specific transactions as opposed to considering each transaction on its own merit and how it would impact the long-term health of the Company. Accordingly, the Committee initially deferred setting performance objectives for our annual incentives. As the year progressed, the Committee reassessed this decision on multiple occasions. The Committee eventually concluded, after consultation with Mr. Siciliano, that in light of the strategic planning underway, that it would not set performance

[Table of Contents](#)

objectives or establish a bonus pool for the purposes of 2019 annual incentive compensation, and that it would consider executive performance assessments for annual incentive compensation purposes in the first quarter of 2020. In reaching this conclusion, the Committee also considered that a number of transactions under consideration by the Company involved Mr. Kirk, and the Committee did not want to establish performance objectives that may be viewed as providing an incentive to other executive officers to pursue those specific transactions.

The strategic efforts in 2019 ultimately led to a refocusing of our Company on healthcare, the divestiture of a number of our non-healthcare businesses and assets, and the change of our name. As discussed in greater detail below, after conducting executive performance assessments in the first quarter of 2020, and with a focus on retention and cash preservation, the Compensation Committee made additional grants of equity to our continuing executive officers, other than Mr. Kirk, in recognition of 2019 performance.

We announced in April 2019 that we were working to realign our operations in an effort to better deploy resources, realize inherent synergies, and position us for growth with a core focus on healthcare. In connection with these efforts, Mr. Kirk, who at the time was our Chairman and Chief Executive Officer, recommended to our Compensation Committee that we enter into continuing employment agreements with our executive officers, other than himself. After consideration of Mr. Kirk's recommendation and the Company's public announcement and ongoing business activities, the Committee approved continuing employment agreements with each named executive officer, other than Mr. Kirk and Mr. Nimrodi. The agreements, entered into in April 2019, provide for severance rights upon the termination of such executive officer "without cause" or resignation by such executive officer for "good reason." Given the focus in 2019 on assessing our overall business and the greater uncertainty caused by the decision in April 2019 to pursue and announce a realignment, the Committee concluded that it was appropriate to provide our executive officers with a level of certainty and to provide them greater comfort in making decisions for the Company. Specifically, the Committee adopted these agreements to help ensure that our executives would perform their duties and responsibilities and advise the Board about potential opportunities with the best interests of the Company and shareholders guiding their decisions and without being unduly influenced by the distracting uncertainty and risk associated with realignment considerations, such as fear of the economic consequences of losing their employment with the Company. See "Potential Payments Upon Termination or Change in Control" on page 60. See the discussion below under "2019 Long-Term Incentive Equity Awards" on page 49 for discussion of an additional grant of equity awards to our executive officers in April 2019.

Elements of Our Compensation Program

The Compensation Committee has a mix of compensation components that it utilizes, with the intent to make each component of total direct compensation competitive while also linking compensation to individual and corporate performance and encouraging stock ownership by our executive officers. The table below describes each compensatory element in our program and briefly explains how it promotes our objectives. We believe the combination of these elements provides an appropriate balance of rewards, incentives, and benefits to our executives and enables us to meet our desired compensation objectives, strengthen our ability to attract and retain highly qualified individuals, and to appropriately link pay to performance.

<u>Element of Compensation</u>	<u>Description</u>	<u>How this Element Promotes Our Objectives</u>
<i>Annual Compensation</i> Base Salary	Fixed annual compensation that is certain in payment and provides continuous income.	Aids in both recruitment and retention; designed to be competitive in the marketplace.

Table of Contents

<u>Element of Compensation</u>	<u>Description</u>	<u>How this Element Promotes Our Objectives</u>
Annual Incentive Awards	Performance-based compensation for achieving goals and objectives.	Motivates and rewards achievement of annual corporate objectives by providing at-risk comprehensive pay opportunities linked to performance.
<i>Long-term Compensation</i> Equity Incentive Awards	Grants of options and/or RSUs that are part of our long-term incentive program; time-based vesting, generally over four years.	Promotes retention, increases long-term equity ownership, and aligns executive and long-term shareholder interests by linking a portion of their compensation to changes in company stock price. RSUs additionally provide officers with awards that have immediate value.
<i>Other Compensation</i> Post-Termination Payments and Benefits	Payments and benefits upon termination of an executive's employment in specified circumstances, such as termination other than for cause, resignation for good reason, retirement, death, disability, or a change in control, as described in greater detail beginning on page 60.	Provides assurance of financial security, which is desirable in lateral recruiting and executive retention and permits objective evaluation by executives of potential changes to our strategy and structure.
Other Benefits	Executives participate in employee benefit plans generally available to our employees.	Fair and competitive programs to provide for the health and well-being of executives and their families.

We do not provide our executives with any meaningful perquisites that are not provided to employees generally. We also do not have any deferred compensation programs or retirement programs other than our 401(k) Plan that is generally available to all employees. We enroll all eligible employees, other than our Executive Chairman, in the same health, dental, and life and disability insurance programs.

Base Salary

General. Base salary levels for our executive officers with the exception of our CEO and Executive Chairman are recommended to the Compensation Committee by our CEO and are subject to approval by the Committee and the Board. In setting the base salary level for each executive officer (other than our CEO and Executive Chairman), the Committee generally considers the executive officer's experience level, demonstrated capabilities, time and placement in position, our geographic region, individual performance, and potential future contributions to our Company. In addition, the Committee may consider executive compensation data for the industry as a whole, including data from similarly situated companies. Base salaries are reviewed annually by the Committee. When making decisions to adjust executive salaries, the Committee will also consider our overall financial performance in addition to the factors identified above. No particular weight is assigned to any one factor. Taking into account the overall position of the Company, the Committee determined not to make any changes to base salary for our named executive officers in 2019.

[Table of Contents](#)

Compensatory Arrangements for our Executive Chairman and Former CEO. The base salary for our former CEO, Mr. Kirk, was defined pursuant to the terms of the RSU Agreement between the Company and Mr. Kirk. On October 30, 2015, the Compensation Committee and the independent members of the Board approved the RSU Agreement as a compensation arrangement for Mr. Kirk. Previously, Mr. Kirk did not receive compensation for his services as our CEO other than through his participation in our Annual Incentive Plan, as defined below, which became effective January 1, 2015. Under the arrangement, Mr. Kirk received as compensation a payment of \$200,000 per month, which payment was made in fully vested shares of our common stock that are subject to a three-year lockup on resale from the date of issuance. Beginning in April 2019, the number of RSUs underlying each award was based on the volume weighted average price of the common stock over the 30 day period ending on the last day of the month, as opposed to previously being based on the closing price on the last calendar day of the month. The RSU Agreement became effective in November 2015 and had an initial term of 12 months. The independent members of the Board, with the recommendation of the Committee, subsequently approved extensions of the RSU Agreement, with the final term lasting through March 31, 2020. All such extensions had been on substantially similar terms as the original RSU Agreement, with the exception of the stock calculation as noted above.

Mr. Kirk is also entitled to participate in executive incentive compensation plans adopted by the Board or the Compensation Committee from time to time, including the Annual Incentive Plan described below.

Annual Incentive Awards

General. Our Annual Incentive Plan is administered by the Compensation Committee, which has sole authority to formulate adjustments and make interpretations under the Annual Incentive Plan as it deems appropriate. Eligibility is determined by the Committee each calendar year within a select group of management or our key employees or any of our subsidiaries. For each incentive period, the Committee establishes the terms of the bonus awards under the Annual Incentive Plan, including the eligible employees, the corporate performance objectives by which the aggregate incentive pool will be determined and the individual performance levels that must be achieved for payment of each incentive award to an individual participant. The Committee is also empowered to determine whether any awards will be paid in cash, equity securities, or a combination thereof. We maintain a strong link between performance and pay through emphasis on incentives and use of financial, operational and leadership measures, which we believe are key drivers of long-term value creation for shareholders. These criteria are used together with non-financial metrics that the Committee believes are leading indicators of the creation of long-term shareholder value. While these criteria serve as guidelines, the Committee has great discretion to determine the annual incentive awards to each participant.

For 2019, as discussed in greater detail above, the Compensation Committee determined not to utilize our formal Annual Incentive Plan given the strategic planning that was ongoing throughout the year. For 2020, the Committee is considering the appropriate structure for incentive compensation in light of the changes to our business and management, as well as global conditions as a result of the COVID-19 pandemic.

Discretionary Committee Action Relative to 2019 Performance. In March 2020, the Compensation Committee evaluated overall executive performance in a manner consistent with its customary review under the Annual Incentive Plan. In addition to the successful realignment activities that were finalized in the beginning of 2020, the Committee noted Dr. Sabzevari's exceptional leadership and performance running our subsidiary PGEN Therapeutics, Inc. and the decision of our Board to promote her to the position of CEO of our Company. The Committee also considered that cash is an important resource to the Company, and that there were significant benefits to the Company in terms of cash preservation to using equity for annual award purposes. The Committee made one-time grants to each executive officer, other than Mr. Kirk, in the form of RSUs. Dr. Sabzevari was granted an award of 500,000 RSUs vesting on May 14, 2020, and each of the other current executive officers receiving awards was granted an award of 250,000 RSUs, with 175,000 RSUs vesting on May 15, 2020, and the remaining 75,000 RSUs vesting in three equal installments on June 15, 2020, September 15, 2020, and December 15, 2020.

Long-Term Equity Incentive Awards

General. Our primary objectives in granting long-term equity incentive awards are to encourage significant ownership of our common stock by management and to provide long-term financial incentives linked directly to our long-term performance. The Compensation Committee believes that significant ownership of our common stock by senior management helps to align the interests of management and the shareholders.

Our long-term equity incentive awards have historically been in the form of time-vested stock options, generally vesting over four years. However, in a change prompted by (i) a desire to further align long-term compensation with company performance and (ii) an effort to strategically respond to the evolving recruitment and retention strategies of current or future competitors for our desired pool of executive talent, the Compensation Committee determined that, beginning in fiscal year 2018, it was appropriate to incorporate RSUs into the mix of long-term equity incentive awards contemplated as part of its long-term compensation strategy. The inclusion of RSUs is reflected in the 2019 long-term equity grants to executives, and is expected to continue to be a component of our long-term equity incentive compensation strategy.

Although we do not have a formal policy with respect to the grant of equity incentive awards to our executive officers, or any formal equity ownership guidelines applicable to them, we believe that equity grants provide our executives with a strong link to our long-term performance, create an ownership culture, and help to align the ownership interests of our executives and our shareholders. In addition, we believe that equity grants with a time-based vesting feature promote executive retention by incentivizing our executive officers to remain in our employment during the vesting period. Further, the levels at which they are granted, we believe, are competitive and appropriate for a company such as ours that is in a stage of anticipated growth with anticipated potential upside in stock performance over the long term. The size of the awards has historically taken into account a number of factors, including company performance as defined by the achievement of strategic objectives, individual performance, stock price performance, salary level, and tenure. The Compensation Committee believes that broad and significant employee ownership of our common stock effectively motivates the building of shareholder wealth.

With the exception of significant promotions and new hires, equity grants, when awarded, have generally been awarded toward the beginning of the fiscal year. The Compensation Committee selects this timing because it enables us to consider our prior year performance and the participants' and our expectations for the next performance period.

2019 Long-Term Incentive Equity Awards. In January 2019, the Compensation Committee considered long-term equity incentive awards for 2019 in connection with its review of 2018 executive compensation and in light of certain retention and recruitment concerns. The Committee approved a grant of RSUs with a grant date fair value of \$450,000 to each of the named executive officers, except for Mr. Kirk and Dr. Sabzevari, as indicated in the Grants of Plan-Based Awards table on page 57. At the time of the grants to these executive officers, the Committee was considering alternative long-term incentive awards for Dr. Sabzevari that were focused more specifically on the performance of PGEN Therapeutics, Inc. After further consideration, later in January 2019, the Committee determined that Dr. Sabzevari's 2019 long-term equity incentive award for 2019 should be in the same form as the RSUs for the other executive officers and approved an award of RSUs to Dr. Sabzevari, which also had a grant date fair value of \$450,000. The grants to the executive officers reflected the recommendations of the outside compensation consultant as appropriate to incentivize and retain the recipients. All of these 2019 equity awards were granted under the 2013 Plan, and each award vests in 25% increments over a four-year period beginning one year from the date of grant.

Additional 2019 Equity Awards

As discussed above under "Developments in Executive Compensation for 2019", in April 2019 we announced that we were working to realign our operations in an effort to better deploy resources, realize inherent synergies,

[Table of Contents](#)

and position the company for growth with a core focus on healthcare. In connection with these efforts, in addition to the salary continuation agreements described above, the Compensation Committee approved a grant to each of our NEOs, other than Mr. Kirk and Mr. Nimrodi, of RSUs with a grant date fair value of \$300,000. These awards were granted under the 2013 Plan, and each award vests in 25% increments on a quarterly basis beginning on June 30, 2019. After consultation with Mr. Kirk and Mr. Siciliano, the Committee's compensation consultant, the Committee concluded that it was appropriate to grant these awards to provide an additional incentive for our executives to remain with the Company during a period of greater uncertainty and risk associated with the ongoing realignment. In making these awards, the Committee considered a comparative executive compensation review performed with the assistance of Mr. Siciliano in December 2018 that reflected that, at the time, our executives had limited in-the-money equity awards. In addition, the Committee considered that because the awards to our named executive officers that had already been made in 2019 vested over a longer period of time, the retention benefit in the near term was less substantial and that continuity of leadership would be needed throughout 2019 as the Company undertook its realignment efforts.

Equity Awards for 2018 Performance

In January 2019, the Compensation approved grants of RSUs to our named executive officers for 2018 performance as part of our annual incentive program. Each named executive officer received a grant of RSUs with a grant date fair value of \$100,000 that was immediately vested and a grant of RSUs with a grant date fair value of \$100,000 that vested ratably over four years. These awards are reported in the Summary Compensation Table for 2019 because they are equity awards, notwithstanding that the grants were made in respect of 2018 performance. A further discussion of these awards is included in the Compensation Discussion and Analysis contained in the proxy statement for our 2019 Annual Meeting of Shareholders.

Other Benefits

The Compensation Committee believes employee benefits are an essential component of our competitive total compensation package. These benefits are designed to attract and retain our employees. The executive officers may participate in, and we make contributions on their behalf to, the same benefit plans that are provided to all of our eligible employees, which include medical, health and dental insurance, long-term disability insurance, accidental death and disability insurance, and our 401(k) Plan. As part of the 401(k) Plan, we generally match 100% of the first 3% of compensation contributed by the employee into the 401(k) Plan subject to the Internal Revenue Code and our 401(k) Plan limits. We have disclosed all company matches for our named executive officers in the column labeled "All Other Compensation," in the Summary Compensation Table on page 55, and separately disclosed each amount in the All Other Compensation Table for 2019 on page 56.

Employment Agreement with Dr. Sabzevari

In connection with her appointment to the position of President and CEO in January 2020, we entered into an employment agreement with Dr. Sabzevari (the "Employment Agreement"). The term under the Employment Agreement commenced on January 1, 2020 and continues until terminated in accordance with the Employment Agreement.

Dr. Sabzevari's initial annual base salary under the Employment Agreement is \$1,000,000. On January 5, 2020 (the "Grant Date"), pursuant to the terms of the Employment Agreement, Dr. Sabzevari received a grant of (i) restricted stock units equal to 500,000 shares of Precigen common stock, which will vest on the first anniversary of the Grant Date (the "RSU Grant"), (ii) incentive stock options to purchase up to 1,500,000 shares of our common stock with an exercise price of \$5.95 (the "FMV"), 50% of which will vest on the first anniversary of the Grant Date and the remaining 50% of which will vest in equal installments on each of the next three anniversaries of the Grant Date (together with the RSU Grant, the "Initial Equity Grants"), (iii) incentive stock options to purchase up to 1,500,000 shares of Precigen common stock with an exercise price of twice the FMV, and (iv) incentive stock options to purchase up to 1,500,000 shares of Precigen common stock with an

[Table of Contents](#)

exercise price of three times the FMV (together with (iii), the “Performance Equity Grants”). Each of the Performance Equity Grants will vest in four equal annual installments on each of the first four anniversaries of the Grant Date.

The Employment Agreement also provides for eligibility for an annual bonus beginning in 2020 of between 75% and 150% of Dr. Sabzevari’s annual base salary, contingent upon continuous employment by us and Dr. Sabzevari’s performance during the bonus period and through the date on which the bonus is paid, as determined in the sole discretion of the Board. Pursuant to the Employment Agreement, Dr. Sabzevari will be entitled to participate in all employee benefit plans that are generally made available to senior Precigen exempt executives.

Severance provisions in Dr. Sabzevari’s employment agreement are further discussed above in the section “Potential Payments Upon Termination or a Change in Control” beginning on page 60.

The Compensation Review Process

Process for Approval of Compensation Measures . Management makes a recommendation to the Compensation Committee and the Board regarding key financial goals, operational goals, and performance measures that will guide us for the relevant fiscal year. Specific metrics are recommended by the Committee and approved by the Board and become the compensation measures for the executive officers. As discussed above, for 2019, the Committee ultimately did not follow this process in 2019 for purposes of setting 2019 annual incentive performance objectives.

Role of the Compensation Committee and Management . Governance of our compensation program is the responsibility of the Compensation Committee, which consists solely of independent directors. At the direction of the Committee, our CEO prepares compensation recommendations regarding the compensation of each of our executive officers, other than for the CEO, and presents those recommendations to the Committee for approval. The Committee evaluates the overall performance of the executive officers based on our achievement of corporate performance objectives and goals and individual performance. The Committee then reviews and takes into account all elements of executive compensation in setting policies and determining compensation amounts.

Role of Compensation Consultant . As discussed above, the Compensation Committee is authorized to retain experts, consultants, and other advisors to aid in the discharge of its duties. In 2019, the Committee retained F. Daniel Siciliano as its outside compensation consultant. Mr. Siciliano is the co-founder of Stanford’s Arthur and Toni Rembe Rock Center for Corporate Governance, a Fellow, and the immediate past Faculty Director and Professor of the Practice at Stanford Law School. Mr. Siciliano is a noted authority on matters related to executive compensation and corporate governance. Mr. Siciliano was retained to (i) review our historical compensation practices, (ii) advise the Committee on compensation standards and trends, (iii) assist in the implementation of compensation policies and programs, and (iv) review recommendations from management on compensation matters. All work completed by Mr. Siciliano is subject to the approval of the Committee. Mr. Siciliano’s role includes providing independent advice and counsel to the Committee. The Committee does not delegate authority to its outside advisor or to other parties.

In retaining Mr. Siciliano, the Compensation Committee separately considered the six factors set forth in Section 10C-1(b)(4)(i) through (vi) of the Exchange Act and, based on such consideration, determined that the engagement of Mr. Siciliano did not raise any conflicts of interest.

No Formal Peer Group Analysis . We believe we have structured a fair and competitive compensation package for our executive officers. The Board and the Compensation Committee believe that, due to the unique and rapidly evolving nature of our business, there historically has neither been a robust nor stable cohort of peer companies available to use as a formal peer group for our Company. For this reason, we did not undertake a formal peer group analysis of executive compensation or target compensation to specific benchmarks against any

peer group companies. However, the Committee does regularly monitor certain compensation practices at a variety of similarly situated or similarly structured companies, which often vary, and does discuss compensation data for companies with which it believes we compete for executive talent. The Committee also uses information gathered from other sources, including from members of the Committee, human resources staff, and our outside compensation consultant in assessing and making compensation decisions.

Establishing Total Direct Remuneration

Total direct remuneration is the sum of base salary, annual incentive awards, long-term equity incentive awards, and other benefits. A major portion of each executive officer's remuneration is established by performance-based incentives, which require achievement of performance objectives and goals as a condition to earning annual incentive awards, and long-term equity incentive awards, the value of which depends on our stock price upon vesting or exercise. The at-risk portion of total direct remuneration provides increased pay for higher levels of corporate and/or business sector performance.

In setting each executive officer's total direct remuneration opportunity, the Compensation Committee takes into account factors such as the responsibilities, experience, performance, contributions, and service of the executive. We do not set total direct remuneration or the component parts at levels to achieve a mathematically precise market position. In determining executive compensation, the Committee reviews all components of each executive officer's total compensation, including retirement benefits and the costs of any perquisites received, to ensure such compensation meets the goals of the program. As a part of this review, the Committee considers corporate performance and the recommendations of senior management. The Committee also takes into consideration individual and overall company operating performance to ensure executive compensation reflects past performance as well as future potential and, we believe, adequately differentiates among employees, based on the scope and complexity of the employee's job position, individual performance and experience and our ability to pay. The Committee reviews annually each executive officer's performance prior to considering changes in compensation. The individual performance of each executive officer is evaluated in light of our overall performance and non-financial goals and strategic objectives approved by the Committee and the Board. The Committee and the Board believe that the competitive environment, including for executive talent, is dynamic and evolving. For this reason, while the Committee believes the total compensation for each of the executive officers is reasonable and appropriate, the Committee continues to actively consider methods to further improve the effectiveness of our approach to executive compensation.

Consideration of Say-on-Pay Vote Results

The Board has determined to provide our shareholders the opportunity to vote each year to approve, on an advisory basis, the compensation of our named executive officers as disclosed in our Proxy Statement ("say-on-pay"). As an advisory vote, the vote on executive compensation is non-binding on the Board and should not be construed as (i) overruling a decision by the Board, (ii) creating or implying any change to our fiduciary duties, or (iii) creating or implying any additional fiduciary duties for the Board. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our shareholders, and consider our shareholders' views when making executive compensation decisions, as they deem appropriate.

At our 2019 Annual Meeting of Shareholders, we held a non-binding shareholder say-on-pay vote. Our shareholders approved our 2019 executive compensation proposal, with 94.7% of the shares that were cast on the proposal voted in favor of the say-on-pay resolution. We did not make any significant changes in our policies or programs in response to this vote. However, we will continue to consider the outcome of the say-on-pay vote for future compensation decisions for our executive officers.

Other Executive Compensation Practices

Anti-Hedging Policy

To ensure alignment of the interests of our shareholders, directors and executive officers, our Insider Trading Policy does not permit directors, officers, or employees to engage in short-term or speculative transactions involving our securities, including short sales, publicly traded options, or hedging of our securities.

Compensation Recovery Policies

It is the Board's policy that in the event the Board determines that a significant restatement or correction of our financial results or other metrics is required for the prior fiscal year for which audited financial statements have been completed, and, had the results or metrics been properly calculated initially, our officers would have received less compensation, the Board has the authority to obtain reimbursement of any portion of any performance based compensation paid or awarded, whether cash or equity based, to the officers and to other employees responsible for accounting errors resulting in the restatement or correction that is greater than would have been paid or awarded calculated based upon the restated or corrected financial results or metrics. Further, it is the policy of the Board to seek recoupment in all instances where Section 304 of the Sarbanes-Oxley Act of 2002 requires us to seek recoupment.

United States Federal Income Tax Limits on Deductibility

Prior to the enactment of the Tax Act, which was signed into law on December 22, 2017, a public corporation's covered employees included its CEO and three other most highly compensated executive officers (other than the chief financial officer), and certain "qualified performance-based compensation" was excluded from the \$1 million deduction limit. The Tax Act made certain changes to Section 162(m), effective for taxable years beginning after December 31, 2017, including, among others, expanding the definition of "covered employee" to include the chief financial officer and repealing the qualified performance-based compensation exception, subject to a transition rule for remuneration provided pursuant to a written binding contract in effect on November 2, 2017, and which was not modified in any material respect on or after that date. Our policy is to qualify compensation paid to our executive officers for deductibility for federal income tax purposes to the extent feasible. However, to retain highly skilled executives and remain competitive with other employers, the Compensation Committee may authorize compensation that would not be deductible under Section 162(m) of the Code or otherwise if it determines that such compensation is in the best interests of us and our shareholders.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board that it be included in this Proxy Statement.

Compensation Risk Assessment

As part of its oversight of our executive compensation program, the Compensation Committee considers the impact of our executive compensation program, and the incentives created by the compensation awards that it administers, on our risk profile. In addition, the Committee reviews our compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk-taking, to determine whether they present a significant risk to us. The Committee concluded that our compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and that the balance of compensation elements discourages excessive risk taking. The Committee, therefore, determined that the risks arising from our compensation policies and practices for employees are not reasonably likely to have a material adverse effect on us. The Committee will continue to consider compensation risk implications while deliberating the design of our executive compensation programs. In its discussions, the Committee considered the attributes of our programs, including:

- appropriate pay philosophy in light of our business model;
- balance with respect to the mix of cash and equity compensation, and measures of performance against both annual and multi-year standards;
- long-term incentives linked to stock price performance;
- long-term incentives generally have multi-year vesting to ensure a long-term focus and appropriate balance against short-term goals;
- independent Compensation Committee oversight, with Committee discretion to reduce incentives based on subjective evaluation of individual performance; and
- anti-hedging policies.

- (1) Represents the grant date fair value computed by us for financial reporting purposes, computed in accordance with ASC Topic 718. In November 2015, Mr. Kirk began receiving \$200,000 per month payable in fully vested shares of our common stock, which are subject to a three year lock-up on resale. For the years ended December 31, 2019, 2018, and 2017, Mr. Kirk received 401,120; 187,749; and 129,977 shares of common stock, respectively, pursuant to the RSU Agreement. The three year lock-up on resale results in a discount to the monthly value for financial reporting purposes. This column does not include for 2019 the grant date fair value of RSUs granted as part of the incentive award for performance in 2019 because the awards were granted in 2020. However, it does include for 2019 the grant date fair value of RSUs granted as part of the inventive award for performance in 2018.
- (2) Represents the grant date fair value computed by us for financial reporting purposes, computed in accordance with ASC Topic 718. For a full description of the assumptions we use in computing these amounts, see Note 2 to our consolidated financial statements for the year ended December 31, 2019, which is included in our 2019 Annual Report. The actual value a named executive officer may receive depends on market prices and there can be no assurance that the amounts reflected in the Option Awards column will actually be realized. No gain to a named executive officer is possible without an appreciation in stock value after the date of grant.
- (3) The amounts in this column are further detailed in the “All Other Compensation Table for 2019” on page 56.
- (4) Compensation information is provided only for 2019 and 2018 because, as Dr. Sabzevari was not a named executive officer until 2018, information for 2017 is not required to be disclosed.
- (5) As of November 6, 2019, Mr. Walsh departed the Company.
- (6) As of April 5, 2019, Mr. Nimrodi departed the Company.

ALL OTHER COMPENSATION TABLE FOR 2019

The table below reflects the types and dollar amounts of perquisites, additional compensation, and other personal benefits provided to the named executive officers during 2019. For purposes of computing the dollar amounts of the items listed below, we used the actual out-of-pocket costs to us of providing the perquisite or other personal benefit to the named executive officer. The named executive officers paid any taxes associated with these benefits without reimbursement from us.

POTENTIAL PAYMENTS UPON TERMINATION OR A CHANGE IN CONTROL

Continuing Employment Agreements with Named Executive Officers

In April 2019, the Company entered into continuing employment agreements with each named executive officer other than Mr. Kirk and Mr. Nimrodi that provide for certain severance rights upon termination “without Cause” or resignation by the executive officer for “Good Reason.” Pursuant to the terms of these agreements, each executive officer will be entitled to receive (i) payment equivalent to 18 months of his or her base pay, less applicable withholding amounts, and (ii) the executive officer’s expected cost of COBRA premiums for continued medical coverage for up to 18 months (collectively, the “Termination Payments”). As a condition to receiving these severance benefits, the executive officer will be required to execute and deliver a release of claims within 60 days of the termination date.

“Cause” under the continuing employment agreements means: (i) material failure to observe and comply with any of our material written policies to our satisfaction; (ii) continued failure to substantially perform material duties; (iii) uncured willful failure to carry out, or comply with, in any material respect, any lawful and reasonable written directive; (iv) commission of any act or omission that results in, or that may reasonably be expected to result in, a conviction, plea of no contest or imposition of unadjudicated probation for any felony or any crime involving moral turpitude; (v) the employee’s incarceration; (vi) commission of any act of dishonesty, illegal conduct, fraud, embezzlement, misappropriation, material misconduct, or breach of fiduciary duty either against us or our affiliates or that is reasonably expected to be materially injurious to us or our affiliates; or (vii) uncured material or willful breach of any agreement with us.

“Good Reason” under the continuing employment agreements means (i) a material diminution in the employee’s authority, duties or responsibilities; (ii) a material reduction in the employee’s base salary (other than a general reduction in compensation applying to other similarly-situated employees); or (iii) the relocation of the primary office from which the employee is required to work to a location more than 50 miles from the current office location where the employee primarily works, which relocation increases the employee’s one-way commute. No event or condition will constitute Good Reason unless the employee provides us with written notice of the event or condition alleged to be Good Reason within 30 days after its occurrence, we fail to cure such event or condition within 30 days following our receipt of the notice, and the employee terminates employment within 30 days after the end of the cure period.

Employment Agreement with Dr. Sabzevari

Pursuant to Dr. Sabzevari’s Employment Agreement, in the event Dr. Sabzevari’s employment is terminated by Precigen without Cause or by Dr. Sabzevari for Good Reason, Dr. Sabzevari will be eligible to receive (i) an amount equal to 18 months of her then-current base annual salary (or, in the event of a material reduction of Dr. Sabzevari’s base salary giving rise to Good Reason, her pre-reduction base salary), (ii) a portion of her target bonus based on the pro-rata portion of the year elapsed prior to the date of her termination plus any annual bonus for the calendar year prior to the date of her termination of employment that would have been earned but for Executive’s termination date occurring prior to the date of payment of such bonus, (iii) full acceleration of any unvested portion of the Initial Equity Grants, (iv) full acceleration of any unvested portion of the Performance Equity Grants, in the event of termination within 12 months of a Change in Control, as defined our Amended and Restated 2013 Omnibus Incentive Plan, and (v) if elected, payment or reimbursement for COBRA healthcare continuation coverage for up to 18 months following the termination date (the “Severance Benefits”). The Severance Benefits are contingent upon the execution of a general release of claims.

Regardless of the reason of termination, under the Employment Agreement Dr. Sabzevari will be entitled to receive (i) any earned, but unpaid, base salary through the date of termination, (ii) a cash payout of accrued but unused vacation, and (iii) any amounts owed for reimbursement of expenses pursuant to applicable Precigen reimbursement policies.

Table of Contents

“Cause” under Dr. Sabzevari’s Employment Agreement has generally the same meaning as “Cause” in the continuing employment agreement, except that a continued failure to substantially perform material duties does not constitute cause under the Employment Agreement and that only material acts of dishonesty, illegal conduct, fraud, embezzlement, misappropriation, material misconduct, or breach of fiduciary duty constitute Cause under Dr. Sabzevari’s Employment Agreement, as opposed to any such act as under the continuing employment agreements.

“Good Reason” under the Employment Agreement has generally the same meaning as “Good Reason” in the continuing employment agreements, except that a reduction in base salary of more than 5%, other than a general reduction for similarly situated employees not to exceed 10%, constitutes “Good Reason” under the Employment Agreement and any material reduction in base salary other than a general reduction for similarly situated employees constitutes Good Reason under the continuing employment agreements. In addition, whereas we have a 30-day cure period under the continuing employment agreements, we have a 60-day cure period under Dr. Sabzevari’s Employment Agreement.

Separation Agreements with Former Executive Officers

Mr. Nimrodi, our former Chief Business Officer and Mr. Walsh, our former Senior Vice President, Energy & Fine Chemicals Platforms departed the Company on April 5, 2019 and November 6, 2019, respectively. In connection with their departures, Mr. Nimrodi and Mr. Walsh each entered into a Separation Agreement and General Release that provided for, among other things, (i) a single lump sum severance payment in the amount set forth in the table above, (ii) reimbursement for an amount equal to the executive’s cost of COBRA continuing coverage from his departure date through the earlier of securing alternate full-time employment or 18 months from the departure date, and (iii) the acceleration of certain equity awards as discussed above. In connection with his termination, Mr. Walsh would have been eligible to receive the Termination Payments. However, we determined that it was in our best interests to pay a significant portion of Mr. Walsh’s Termination Payments in accelerated equity awards, and we therefore entered into the Separation Agreement and General Release and paid the amounts due thereunder in lieu of the amounts that would have been due under Mr. Walsh’s continuing employment agreement. This determination was made in consultation with the Compensation Committee.

Equity Award Provisions

To ensure that we will have the continued dedicated service of certain executives, including some of our named executive officers, notwithstanding the possibility, threat, or occurrence of a change in control, our stock option and RSU award agreements with our named executive officers contain change in control provisions. Specifically, these agreements provide that in the event a Change in Control (as defined below) occurs and no provision is made for the continuance, assumption or substitution of the option award by the Company or its successor in connection with a Change in Control, then the award will vest in full, to the extent not already vested, on the earlier of the control change date or the date the award is to be terminated in connection with the Change in Control, provided the executive has remained continuously employed by the Company or any affiliate from the grant date until such time.

The Compensation Committee believes that the change in control provisions in our 2013 Plan and our stock option awards serve the best interests of our Company and our shareholders by ensuring that if a change in control is ever under consideration, our executives are able to perform their duties and responsibilities and advise the Board about the potential transaction in the best interests of shareholders, without being unduly influenced by the distracting uncertainty and risk associated with a change in control, such as fear of the economic consequences of losing their equity awards as a result of a change in control.

A “Change in Control” is defined in the 2013 Plan to mean generally the occurrence of any of the following events:

(a) the accumulation in any number of related or unrelated transactions by any person of beneficial ownership (as such term is used in Rule 13d-3 promulgated under the Exchange Act) of more than 50% of the

Table of Contents

combined voting power of our voting stock; provided that for purposes of this subsection (a), a Change in Control will not be deemed to have occurred if the accumulation of more than 50% of the voting power of our voting stock results from any acquisition of voting stock (i) directly from the Company that is approved by the Incumbent Board (as defined in the 2013 Plan), (ii) by the Company, (iii) by any employee benefit plan (or related trust) sponsored or maintained by us or any affiliate, or (iv) by any person pursuant to a merger, consolidation, reorganization or other transaction (a "Business Combination") that would not cause a Change in Control under subsections (b), (c) or (d) below;

(b) consummation of a Business Combination, unless, immediately following that Business Combination, (i) all or substantially all of the persons who were the beneficial owners of our voting stock immediately prior to that Business Combination beneficially own, directly or indirectly, more than 50% of the then outstanding shares of common stock and more than 50% of the combined voting power of the then outstanding voting stock entitled to vote generally in the election of directors of the entity resulting from that Business Combination (including, without limitation, an entity that as a result of that Business Combination owns the Company or all or substantially all of our assets either directly or through one or more subsidiaries) in substantially the same proportions relative to each other as their ownership, immediately prior to that Business Combination, of our voting stock:

(c) a sale or other disposition of all or substantially all of our assets, except pursuant to a Business Combination that would not cause a Change in Control under subsections (b) above or (d) below;

(d) approval by the shareholders of a complete liquidation or dissolution of the Company, except pursuant to a Business Combination that would not cause a Change in Control under subsections (b) and (c) above;

(e) the acquisition by any person, directly or indirectly, of the power to direct or cause the direction of our management and policies (i) through the ownership of securities which provide the holder with such power, excluding voting rights attendant with such securities, or (ii) by contract; provided that a Change in Control will not be deemed to have occurred if such power was acquired (x) directly from the Company in a transaction approved by the Incumbent Board, (y) by an employee benefit plan (or related trust) sponsored or maintained by the Company or any affiliate or (z) by any person pursuant to a Business Combination that would not cause a Change in Control under subsections (b), (c) or (d) above; or

(f) During any period of two consecutive years, the Incumbent Board ceases to constitute a majority of the Board.

Notwithstanding the foregoing, a "Change in Control" does not include any accumulation of beneficial ownership or any Business Combination pursuant to which more than 50% of the beneficial ownership of the combined voting power of our voting stock is owned by (i) Randal J. Kirk, his spouse, his descendants and the spouses of his descendants, (ii) trusts and other entities established generally for the benefit of Randal J. Kirk, his spouse, his descendants and the spouses of his descendants, (iii) NRM VI Holdings I, LLC, NRM VII Holdings I, LLC, Third Security Staff 2001 LLC and any related funds, investors or entities, and/or (iv) any entities established by any of the foregoing.

In addition, our stock option and RSU award agreements with our named executive officers provide for the full vesting of the awards in the event of termination by reason of the named executive officer's death or disability.

Potential Payments

- (1) In the event of a change in control, as described above, unvested stock options and RSUs vest immediately unless provision is made for the continuance, assumption, or substitution of the option award by the Company or its successor. For purposes of this table, we assume that no such provision has been made. This column reflects the value of the accelerated vesting, which is calculated (i) for stock options by multiplying the number of shares subject to accelerated vesting under outstanding stock options by the difference between \$5.48 (which was the closing market price per share of our common stock on December 31, 2019, the last trading day of fiscal 2019) and the per share exercise price of the applicable accelerated stock option and (ii) for RSUs by multiplying the number of shares subject to accelerated vesting under outstanding RSUs by \$5.48. Currently all unvested stock options for our named executive officers have an exercise price greater than \$5.48 and therefore no payments would be deemed to be made upon the acceleration of stock options.
- (2) Includes benefits payable under long-term disability insurance. Long-term disability benefits are payable beginning on the 90th day of disability up to 42 months of disability dependent on age at disability. These benefits equal 60% of base salary, capped at \$8,000 per month. The values in the table above assume benefit payments for the maximum months paid dependent on the age of each executive as of December 31, 2019.

[Table of Contents](#)

- (3) Includes benefits payable to the executive's heirs pursuant to life insurance, which is generally two times base salary with a cap of \$545,000, with certain exceptions to the cap, and accidental death and disability insurance, which is two times base salary with a cap of \$1 million. The insurance benefit payments will be made in one lump sum payment within one year following the accident involving the executive.
- (4) Includes the full premium cost of COBRA health care continuation coverage payable for 18 months following the executive's termination, assuming that the executive does not become eligible to receive health care coverage from a subsequent employer or otherwise becomes ineligible for COBRA health care continuation coverage during this period.

EQUITY COMPENSATION PLAN INFORMATION

The following table sets forth certain information as of December 31, 2019 with respect to securities authorized for issuance under our existing equity compensation plans, consisting of our 2008 Equity Incentive Plan (the “2008 Plan”), the 2013 Plan, and the 2019 Plan. Each of these equity compensation plans was adopted with the approval of our shareholders.

Equity compensation plans not approved by shareholders	—	—	—
Total	10,804,264	—	13,078,813

(1) Includes 9,022,282 outstanding stock options and 1,781,982 outstanding RSUs.

(2) On and after the effective date of the 2013 Plan, no new awards may be granted under the 2008 Plan. Our 2013 Plan, in addition to being available for future issuance upon exercise of stock options and vesting of RSUs that have been or may be granted after December 31, 2019, and our 2019 Plan, each provide for the issuance of SARS, restricted stock awards, other stock-based awards, incentive awards, and dividend equivalents.

CEO PAY RATIO

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and Item 402(u) of Regulation S-K (“Item 402(u)”), we are providing the following information about the relationship between the annual total compensation of our employees and the annual total compensation of Randal Kirk, our CEO during 2019. The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u). Because Item 402(u) affords a large degree of flexibility in calculating the CEO pay ratio by allowing the use of reasonable estimates, assumptions and methodologies, the pay ratio disclosed by us below may not be comparable to pay ratio disclosures presented by other companies.

For 2019, our last completed fiscal year:

- as reported in the Summary Compensation Table, the annual total compensation of our CEO was \$2,067,617; and
- the annual total compensation of our median employee (other than our CEO) was \$64,718.

Based on this information, for 2019, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all employees was 32 to 1.

In accordance with Item 402(u), we elected to use the same median employee identified in 2017 in our 2018 and 2019 pay ratio calculations, respectively, as we believe that there was no change in our employee population or employee compensation arrangements that we believe would result in a significant change to our pay ratio disclosure for 2019. However, our pay ratio may fluctuate from year-to-year due to changes in the median employee’s or our CEO’s compensation. We believe putting into context how our median employee was identified highlights why that employee’s compensation and the resulting pay ratio, and year-over-year changes thereto, should not be compared on an “apples-to-apples” basis.

As disclosed in our 2019 and 2018 proxy statements, to identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of the median employee, the methodology and the material assumptions, adjustments, and estimates used were as follows:

Determination Date. We selected December 31, 2017 as the date from which to determine our total employee population and gather pay data.

Employee Population. As of December 31, 2017, according to internal payroll records, our total employee population, excluding our CEO, consisted of approximately 1,006 individuals working at our Company or within our consolidated subsidiaries on either a full-time or part-time basis. Out of these approximate 1,006 individuals, 77% are located in North America, 14% are located in Europe and 8% are located in South America. As permitted by Item 402(u), we chose to exclude from the employee population one individual located in Argentina and six individuals located within the Cayman Islands, which represent all of our employees in those jurisdictions, given the small number of employees in each jurisdiction and the challenges associated with data gathering and assessment of the compensation elements. As a result, our employee population for purposes of our pay ratio calculation consisted of 999 individuals.

Methodology . To identify the median employee, a listing was prepared of our employee population as of December 31, 2017. We did not annualize the compensation of any permanent employees, employed either part-time or full-time, who were employed by us for less than the full fiscal year. We then compared the actual cash compensation received during 2017 for those employees, consisting of base salary amounts and annual incentive awards as reflected by internal payroll records. We identified our median employee using this compensation measure, which was consistently applied to all of our employees across the employee population. Using this methodology, we determined that the median employee was a full-time, salaried employee located in the United States.

[Table of Contents](#)

Annual Total Compensation. With respect to the annual total compensation of the median employee, we identified and calculated the elements of such employee's compensation for 2019 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. This calculation is the same calculation used for our named executive officers as set forth in the Summary Compensation Table earlier in this Proxy Statement. With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of the Summary Compensation Table on page 55.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following is a description of transactions since January 1, 2019 to which we have been a party, in which the amount involved exceeded or will exceed \$120,000, and in which any of our directors, executive officers or beneficial owners of more than 5% of our voting securities, or affiliates or immediate family members of any of our directors, executive officers or beneficial owners of more than 5% of our voting securities, had or will have a direct or indirect material interest.

We have historically been owned, funded, and managed by Randal Kirk, our Executive Chairman and former CEO, and affiliates of Mr. Kirk, for the purpose of developing our synthetic biotechnology business. As a result, we have engaged in a variety of financial and operational transactions with Mr. Kirk and these affiliates. In accordance with the requirements of the SEC, we describe below all such transactions in which we have engaged since January 1, 2019.

We believe that each of these transactions was on terms no less favorable to us than terms we could have obtained from unaffiliated third parties. Moreover, all of these transactions have been approved by a majority of the independent and disinterested members of the Board. It is our intention to ensure that all future transactions, if any, between us and our officers, directors, principal shareholders and their affiliates or family members, are approved by the Audit Committee or a majority of the independent and disinterested members of the Board, and are on terms no less favorable to us than those that we could obtain from unaffiliated third parties.

Greenberg Traurig LLP

Mr. Alvarez, a member of the Board, is the Senior Chairman of the international law firm Greenberg Traurig. Greenberg Traurig provides legal services to us from time to time, for which it has received and may continue to receive customary fees. Greenberg Traurig received an aggregate of \$222,557 in fees in connection with 2019 legal services. As the Senior Chairman, Mr. Alvarez does not participate in such services and does not materially benefit from the engagement. As such, and in consideration of the fact that the amount received by Greenberg Traurig does not exceed 5% of Greenberg's Traurig's consolidated gross revenues for 2019, the Board has determined that this relationship is not material and that it does not impair Mr. Alvarez's independence.

Transactions with Third Security, LLC and Affiliates

TS Biotechnology Transaction

On January 1, 2020, we entered into a Stock and Asset Purchase Agreement (the "Stock and Asset Purchase Agreement") with TS Biotechnology Holdings, LLC ("TS Biotechnology"), a Virginia limited liability company managed by Third Security, LLC ("Third Security"), pursuant to which we agreed to sell, on the terms and subject to the conditions specified therein, the majority of our bioengineering assets to TS Biotechnology (the "TS Biotechnology Transaction"). The assets included in the TS Biotechnology Transaction included all of the equity interests that we held in (i) Blue Marble AgBio LLC, a Delaware limited liability company, (ii) ILH Holdings, Inc., a Delaware corporation, (iii) Intrexon Produce Holdings, Inc., a Delaware corporation, (iv) Intrexon UK Holdings Inc., a Delaware corporation, (v) Oragenics, Inc., a Florida corporation, and (vi) SH Parent, Inc., a Delaware corporation, as well as our former domain name, dna.com, for an aggregate purchase price of \$53 million and certain contingent payment rights. On January 31, 2020, the sale was completed. The Stock and Asset Purchase Agreement was approved by the independent members of the Board after a unanimous recommendation of the independent special committee of the Board, following a process to consider strategic alternatives for the Corporation's assets, and with the advice of independent financial and legal advisors.

Also on January 1, 2020, we entered into a subscription agreement (the "Subscription Agreement") with TS Biotechnology, pursuant to which, upon the terms and subject to the conditions set forth therein, TS Biotechnology purchased 5,972,696 shares of our common stock for \$35 million. The closing under the Subscription Agreement was completed on February 3, 2020.

Mr. Kirk and shareholders affiliated with him, as of March 31, 2020, beneficially own approximately 48.5% of our voting stock. Mr. Kirk currently serves as the Senior Managing Director and Chief Executive Officer of Third Security and owns 100% of the equity interests in Third Security. Third Security is the manager to certain funds that own shares of our common stock and therefore may be deemed to have beneficial ownership in us of approximately 32.5%.

Services Agreement

On October 30, 2015, the independent members of the Board approved a Services Agreement (the “Services Agreement”), to be entered into and effective as of November 1, 2015, between us and Third Security. The Services Agreement was unanimously approved by the Audit Committee and the independent members of the Board in accordance with our policy on related person transactions.

Pursuant to the terms of the Services Agreement, Third Security provided us with services necessary or appropriate to support us and Mr. Kirk in his role as CEO. Third Security provided a wide variety of resources to us at the direction of Mr. Kirk, including the efforts of professionals with significant experience in areas such as accounting, corporate finance, research and analysis, law, tax, due diligence support, complex transaction structuring and support, mergers and acquisitions, and strategic relationship development and opportunity sourcing. Third Security also provided executive assistant, administrative, and other support services for Mr. Kirk in his role as CEO. Additionally, Third Security provided such other general support services to us as directed by Mr. Kirk in such role. In exchange for the foregoing services, Third Security was entitled to a fee of \$800,000 per month to be paid in the form of fully vested shares of our common stock. The shares of common stock were valued based on the volume weighted average of our common stock over the 30 day period ending on the 15th day of the calendar month during which the applicable services were provided.

The payments made by us under the Services Agreement constituted, in the aggregate, awards under the 2013 Plan, and, following its approval in June 2019, under the 2019 Plan, and were subject to the terms of the 2013 Plan and 2019 Plan, respectively. The Services Agreement had an initial term of one year, and could be extended only by agreement of the parties. An extension of the agreement required, on behalf of us, unanimous approval of the independent members of the Board. The independent members of the Board, with the recommendation of the Audit Committee, approved subsequent extensions of the Services Agreement through January 1, 2020. On January 2, 2020, we announced that the Services Agreement was allowed to expire on January 1, 2020.

For the year ended December 31, 2019, we issued 1,606,062 shares, with a value of \$8.2 million, to Third Security as payment for services provided pursuant to the Services Agreement.

Genopaver

Effective March 2013, we entered into an exclusive channel collaboration (“ECC”) with Genopaver LLC (“Genopaver”), a limited liability company formed for the purpose of entering into the ECC and developing and commercializing products identified through the ECC. Genopaver is an affiliate of Third Security. Upon execution of the ECC, we received a technology access fee of \$3 million as upfront consideration. We were reimbursed for research and development services as provided for in the ECC and were entitled to a royalty on the gross profits of product sales from a product developed from the ECC. We are no longer party to the Genopaver ECC, having sold our interests in the ECC to TS Biotechnology in January 2020 as part of the TS Biotechnology Transaction.

Persea Bio

Effective December 2014, we entered into an ECC with Persea Bio, LLC (“Persea Bio”), a limited liability company formed for the purpose of entering into the ECC and developing and commercializing products identified through the ECC. Persea Bio is an affiliate of Third Security. Upon effectiveness of the ECC, we

received a technology access fee of \$5 million as upfront consideration. We were reimbursed for research and development services as provided for in the ECC and were entitled to a royalty on the gross profits of product sales from a product developed from the ECC. We are no longer party to the Persea Bio ECC, having sold our interests in the ECC to TS Biotechnology in January 2020 as part of the TS Biotechnology Transaction.

Harvest Intrexon Enterprise Fund I LP

In September 2018, we, through our wholly owned subsidiary ActoBio, issued \$30 million of convertible promissory notes to Harvest Intrexon Enterprise Fund I LP (“Harvest”), an investment fund in which affiliates of Mr. Kirk have an approximate 20% ownership interest, in order to acquire Harvest’s ownership in CRS Bio, Inc., Genten Therapeutics, Inc., and Relieve Genetics, Inc. (collectively the “Harvest entities”). The notes have a maturity date of September 6, 2020, accrue interest at 3.0% compounded annually, are convertible into shares of ActoBio common stock at any time by the holder, and are automatically convertible into shares of ActoBio common stock upon the closing of certain financing events as defined in the note. If the notes have not been converted to ActoBio common stock by the maturity date, ActoBio can pay the principal and accrued interest in cash or with shares of our common stock at its election. We also received \$15.5 million cash in the transaction from the acquisition of the Harvest entities. Following the transaction, we own 100% of the equity interests of the Harvest entities, including the rights that had been previously licensed to the Harvest entities by us.

Transactions with ECC Parties, Joint Ventures and Majority-Owned Subsidiaries

Oragenics

Pursuant to an ECC and a stock issuance agreement, each dated in June 2012, we granted to Oragenics, Inc. (“Oragenics”) an exclusive license to use our proprietary technologies and other intellectual property to develop and commercialize antibiotics for the treatment of infectious diseases in humans and companion animals. In conjunction with our first ECC with Oragenics, we were entitled to, at our election, purchase up to 30% of securities offerings that may be conducted by Oragenics in the future, subject to certain conditions and limitations. We purchased 110,000 shares of Oragenics’ common stock pursuant to this right. In November 2017, we amended this first ECC agreement with Oragenics, and as a result, were entitled to up to \$35 million of potential one-time payments for certain regulatory milestones. We also received reimbursement for services provided under the agreement and a percentage of profits derived from the sale of products developed from the ECC.

In June 2015, we entered into an ECC with Oragenics through which we granted to Oragenics an exclusive license to use our proprietary technologies and other intellectual property to pursue development of biotherapeutics for use in certain treatments of oral mucositis and other diseases and conditions of the oral cavity, throat, and esophagus. In consideration for this license, we received a \$5 million convertible promissory note. In December 2015, Oragenics converted this promissory note into 338,100 shares of Oragenics’ common stock. In conjunction with this ECC, we agreed to purchase additional shares of Oragenics’ common stock in a qualified financing, as defined in the agreement, during the 16 months following the effective date of this ECC in an amount up to the lesser of (i) the amount that is the proportion of such financing equal to our pro rata equity holdings in Oragenics as of the effective date and (ii) \$10 million subject to certain conditions. In June 2016, we purchased 226,142 shares of common stock pursuant to this commitment. Following an amendment in November 2017, we were entitled to up to \$37.5 million of potential one-time payments for (i) research and development services provided pursuant to this agreement and during the ECC and (ii) manufacturing services for our materials provided to Oragenics during the ECC.

Prior to 2015, pursuant to stock purchase agreements, an affiliate of Mr. Kirk, NRM VII Holdings, I, LLC, purchased shares of Oragenics’ common stock.

In November 2017, concurrent with Oragenics closing a preferred stock private placement, we exchanged a promissory note, including accrued interest, purchased from Oragenics in May 2017 and receivables due from

Oragenics totaling \$3.4 million for Oragenics Series C preferred stock (“Series C Preferred Stock”). The Series C Preferred Stock is non-voting and non-convertible and is redeemable in whole or part at any time by Oragenics in cash. The Series C Preferred Stock accrued an annual 12% dividend payable in additional Series C Preferred Stock through May 10, 2019, and after such date, the annual dividend increased to 20%. As of December 31, 2019, based on the most recent financial information available on Oragenics, we concluded that there was no value to our investment in Oragenics preferred stock.

In January 2020, we sold all of our equity interests in Oragenics and our interests in the 2012 Oragenics ECC to TS Biotechnology as part of the TS Biotechnology Transaction.

Fibrocell Science

Pursuant to an ECC (the “2012 Fibrocell ECC”), a stock issuance agreement and a registration rights agreement, each dated in October 2012, we granted to Fibrocell Science, Inc. (“Fibrocell”) an exclusive license to our technology platform to develop and commercialize genetically modified and non-genetically modified autologous fibroblasts and autologous dermal cells in the United States. Upon execution of the ECC, we received a technology access fee of 87,835 shares of Fibrocell’s common stock valued at \$7.6 million as upfront consideration. We received reimbursement payments for (1) research and development services provided pursuant to the agreement and (2) manufacturing services for our materials provided to Fibrocell during the agreement. On a quarterly basis, Fibrocell paid us royalties of 7% of net sales up to \$25 million and 14% of net sales above \$25 million on each product developed from the ECC, as defined in the agreement. If Fibrocell used our technology platform to improve the production of a current or new Fibrocell product not developed from the 2012 Fibrocell ECC, Fibrocell was required to pay us quarterly royalties equal to 33% of the cost of goods sold savings generated by the improvement, as defined in the agreement.

Effective June 2013, we entered into an amendment to the 2012 Fibrocell ECC. The amendment expanded the 2012 Fibrocell ECC to include potential treatments based on engineered autologous fibroblast cells for the localized treatment of autoimmune and inflammatory disorders including morphea (localized scleroderma), cutaneous eosinophilias and moderate to severe psoriasis.

In July 2015, we and certain affiliates of Mr. Kirk acquired an aggregate amount of 65,066 shares of Fibrocell common stock at a price of \$87.00 per share.

In December 2015, we entered into our second ECC with Fibrocell (the “2015 Fibrocell ECC”) through which we granted to Fibrocell an exclusive license to use our proprietary technologies and other intellectual property to develop and commercialize genetically modified fibroblasts to treat chronic inflammatory and degenerative diseases of the joint, including arthritis and related conditions. We received a technology access fee of \$10 million under the 2015 Fibrocell ECC. In February 2020, we mutually agreed with Fibrocell to terminate the 2015 Fibrocell ECC.

In September 2016, we and certain affiliates of Mr. Kirk invested the aggregate amount of \$6.8 million in convertible debt securities. Such securities are convertible into common shares of Fibrocell at \$17.04375 per share. Additionally, in conjunction with the purchase of the convertible debt of Fibrocell, we and certain affiliates of Mr. Kirk received warrants to purchase 450,835 shares of Fibrocell common stock.

In March 2017, we and certain affiliates of Mr. Kirk acquired an aggregate amount of 3,016 shares of Series A convertible preferred stock of Fibrocell for an aggregate amount of \$3.0 million. Such preferred stock was convertible into common shares of Fibrocell at a price of \$11.6369 per share. Additionally, in conjunction with the purchase of the preferred stock of Fibrocell, we and certain affiliates of Mr. Kirk received warrants to purchase 259,176 shares of Fibrocell common stock.

In April 2019, Fibrocell entered into a collaboration agreement with a Castle Creek Pharmaceuticals, LLC to develop and commercialize a product in the field of the 2012 Fibrocell ECC. Pursuant to the terms of the 2012

Table of Contents

Fibrocell ECC, we were entitled to 50% of sublicensing fees. In December 2019, Fibrocell was acquired by Castle Creek Pharmaceutical Holdings, Inc. (“Castle Creek”).

An affiliate of Mr. Kirk, Third Security, held two seats on Fibrocell’s board of directors from October 2012 until Fibrocell’s acquisition in December 2019. Pursuant to securities purchase agreements and through open market purchases, affiliates of Mr. Kirk acquired shares of Fibrocell common stock, including the shares acquired in July 2015. As of immediately prior to Fibrocell’s acquisition by Castle Creek, Mr. Kirk, together with his affiliates (excluding us), beneficially owned 1,226,766 shares, or 12.6%, of Fibrocell’s outstanding common stock.

In connection with Castle Creek’s acquisition of Fibrocell, we received \$1.3 million in December 2019 for our shares of Fibrocell common stock and \$3.3 million in January 2020 for our Fibrocell convertible debt and Series A convertible preferred stock.

In March 2020, Precigen and Fibrocell terminated the 2012 Fibrocell ECC by mutual agreement. Fibrocell retains surviving licenses under the 2012 Fibrocell ECC to continue to develop and commercialize two specific drug product candidates subject to Fibrocell’s continued development and commercialization of those candidates and to continued payment to us of revenue sharing payments as set forth in the 2012 Fibrocell ECC.

Intrexon Energy Partners

In March 2014, we and certain investors (the “IEP Investors”), including an affiliate of Mr. Kirk, NRM VII Holdings I, LLC, entered into a Limited Liability Company Agreement which governs the affairs and conduct of business of Intrexon Energy Partners, LLC (“Intrexon Energy Partners”), a joint venture formed to optimize and scale-up our methane bioconversion platform technology for the production of certain fuels and lubricants. We also entered into an ECC with Intrexon Energy Partners providing exclusive rights to our technology for the use in bioconversion, as a result of which we received a technology access fee of \$25 million while retaining a 50% membership interest in Intrexon Energy Partners. The IEP Investors made initial capital contributions, totaling \$25 million in the aggregate, in exchange for pro rata membership interests in Intrexon Energy Partners totaling 50%. We committed to make capital contributions of up to \$25 million, and the IEP Investors, as a group and pro rata in accordance with their respective membership interests in Intrexon Energy Partners, have committed to make additional capital contributions of up to \$25 million, at the request of the Intrexon Energy Partners Board, and subject to certain limitations. Intrexon Energy Partners is governed by the Intrexon Energy Partners Board, which has five members. Two members of the Intrexon Energy Partners Board are designated by us and three members are designated by a majority of the IEP Investors. We and the IEP Investors have the right, but not the obligation, to make additional capital contributions above these limits when and if solicited by the Intrexon Energy Partners Board.

Any investor who purchased at least \$10.0 million of our common stock in the private placement related to Intrexon Energy Partners will have the right to require us to register such shares of our common stock on a registration statement on Form S-3, if available for use.

AquaBounty

Beginning in November 2012, we acquired shares of common stock in AquaBounty Technologies, Inc. (“AquaBounty”). In connection with these transactions, we obtained a majority stake in AquaBounty and a contractual right to control AquaBounty’s board of directors. In January 2017, we invested an additional \$25 million in AquaBounty through an equity purchase and subsequently, we distributed 1,776,557 of our AquaBounty shares to our shareholders. Affiliates of Mr. Kirk received 930,530 shares of AquaBounty common stock as a result of the special stock dividend.

Through April 8, 2019, we consolidated our ownership of AquaBounty. On April 9, 2019, AquaBounty completed an underwritten public offering in which we did not participate. This offering resulted in us no longer having the contractual right to control AquaBounty’s board of directors, and accordingly, we deconsolidated AquaBounty.

In October 2019, the independent members of the Board, with the recommendation of the Audit Committee and an independent special committee of the Board, unanimously approved our sale of our common shares held in AquaBounty to an affiliate of Third Security for \$21.6 million. We no longer own any interest in AquaBounty.

Upon execution of the ECC, we received a technology access fee in the form of equity in Thrive Agrobotics valued, at the time, at approximately \$1.667 million. We are reimbursed for research and development services provided pursuant to the ECC. We may also receive additional payments if certain development and commercialization milestones are achieved and will receive royalty payments based on a percentage of quarterly gross profits of product sales developed under the ECC. As of March 31, 2020, we own 25% of Thrive Agrobotics’ common stock.

Intrexon Energy Partners II

In December 2015, we and certain investors (the “IEP II Investors”), including Harvest, entered into a Limited Liability Company Agreement which governs the affairs and conduct of business of Intrexon Energy Partners II, LLC (“Intrexon Energy Partners II”), a joint venture formed to utilize our natural gas bioconversion platform for the production of 1,4-butanediol, an industrial chemical intermediate used to manufacture spandex, polyurethane, plastics, and polyester. We also entered into an ECC with Intrexon Energy Partners II providing exclusive rights to our technology for the use in the field, as a result of which we received a technology access fee of \$18 million while retaining a 50% membership interest in Intrexon Energy Partners II. The IEP II Investors made initial capital contributions, totaling \$18 million in the aggregate, in exchange for pro rata membership interests in Intrexon Energy Partners II totaling 50%. In December 2015, the owners of Intrexon Energy Partners II made a capital contribution of \$4 million, half of which was paid by us. We committed to make capital contributions of up to \$10 million, and the IEP II Investors, as a group and pro rata in accordance with their respective membership interests in Intrexon Energy Partners, have committed to make additional capital contributions of up to \$10 million, at the request of the Intrexon Energy Partners II board of managers, or the Intrexon Energy Partners II Board, and subject to certain limitations. Upon execution of the ECC, we received a technology access fee in the form of equity in Exotech Bio valued, at the time, at \$5 million. In June 2018, we and Exotech Bio amended the ECC, which resulted in the expansion of the defined field of use and an increase of our ownership in Exotech Bio to 49%. The amendment also eliminated potential future milestone payments and royalties for which we were previously entitled. We will be reimbursed for research and development services provided pursuant to the ECC. As of March 31, 2020, we own 49% of Exotech Bio’s common stock.

AD Skincare, Inc.

Policies and Procedures for Related Person Transactions

The Board has adopted a written related policy with respect to related person transactions. This policy governs the review, approval or ratification of covered related person transactions. The Audit Committee of the Board manages this policy.

For purposes of this policy, a "related person transaction" is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we (or any of our subsidiaries) were, are or will be a participant, and the amount involved exceeds \$120,000 and in which any related person had, has or will have a direct or indirect interest. For purposes of determining whether a transaction is a related person transaction, the Audit Committee relies upon Item 404 of Regulation S-K, promulgated under the Exchange Act.

The policy generally provides that we may enter into a related person transaction only if:

- the Audit Committee pre-approves such transaction in accordance with the guidelines set forth in the policy;
- the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party and the Audit Committee (or the chairperson of the Audit Committee) approves or ratifies such transaction in accordance with the guidelines set forth in the policy;
- the transaction is approved by the disinterested members of the Board; or
- the transaction involves compensation approved by the Compensation Committee.

In the event a related person transaction is not pre-approved by the Audit Committee and our management determines to recommend such related person transaction to the Audit Committee, such transaction must be reviewed by the Audit Committee. After review, the Audit Committee will approve or disapprove such transaction. When our Chief Legal Officer, in consultation with our CEO or our Chief Financial Officer, determines that it is not practicable or desirable for us to wait until the next Audit Committee meeting, the chairperson of the Audit Committee possesses delegated authority to act on behalf of the Audit Committee. The Audit Committee (or the chairperson of the Audit Committee) may approve only those related person transactions that are in, or not inconsistent with, our best interests and the best interests of our shareholders, as the Audit Committee (or the chairperson of the Audit Committee) determines in good faith.

The Audit Committee has determined that certain types of related person transactions are deemed to be pre-approved by the Audit Committee. Our related person transaction policy provides that the following transactions, even if the amount exceeds \$120,000 in the aggregate, are considered to be pre-approved by the Audit Committee:

- any employment of certain named executive officers that would be publicly disclosed;
- director compensation that would be publicly disclosed;
- transactions with other companies where the related person's only relationship is as a director or owner of less than 10% of said company (other than a general partnership), if the aggregate amount involved does not exceed the greater of \$200,000 or 5% of that company's consolidated gross revenues;
- transactions where all shareholders receive proportional benefits;

Table of Contents

- transactions involving competitive bids;
- transactions with a related person involving the rendering of services at rates or charges fixed in conformity with law or governmental authority; and
- transactions with a related person involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

In addition, the Audit Committee will review the policy at least annually and recommend amendments to the policy to the Board from time to time.

The policy provides that all related person transactions will be disclosed to the Audit Committee, and all material related person transactions will be disclosed to the Board. Additionally, all related person transactions requiring public disclosure will be properly disclosed, as applicable, on our various public filings.

The Audit Committee will review all relevant information available to it about the related person transaction. The policy provides that the Committee may approve or ratify the related person transaction only if the Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. The policy provides that the Committee may, in its sole discretion, impose such conditions as it deems appropriate on us or the related person in connection with approval of the related person transaction.

Shareholders of record voting via telephone or over the internet can choose this option by following the instructions provided by telephone or over the internet, as applicable. Once given, a shareholder’s consent will remain in effect until he or she revokes it by notifying our Corporate Secretary as described above. If you revoke your consent, we will begin sending you individual copies of future mailings of these documents within 30 days after we receive your revocation notice. Shareholders of record who elect to participate in householding may also request a separate copy of future proxy statements and annual reports by writing to the Corporate Secretary at Precigen, Inc., 20374 Seneca Meadows Parkway, Germantown, Maryland 20876.

Separate Copies for Beneficial Owners

Any such beneficial owner can request a separate copy of this Proxy Statement or the 2019 Annual Report by contacting our Corporate Secretary as described below. Beneficial owners with the same address who receive more than one Proxy Statement and 2019 Annual Report may request delivery of a single Proxy Statement and 2019 Annual Report by contacting the Corporate Secretary in writing at Precigen, Inc., 20374 Seneca Meadows Parkway, Germantown, Maryland 20876.

Affiliate otherwise means any entity that is part of a controlled group of corporations or is under common control with the Company within the meaning of Code Sections 1563(a), 414(b) or 414(c), except that, in making any such determination, fifty percent (50%) shall be substituted for eighty percent (80%) under such Code Sections and the related regulations.

1.03 **Agreement**

any Affiliate, (v) any act of fraud, embezzlement, theft, misappropriation or misuse by the Participant of the funds or property of the Company or any Affiliate, (vi) any falsification by the Participant of any record or report in connection with the Participant's duties and obligations to the Company or any Affiliate, (vii) the Participant's sexual harassment of any other employees of the Company or any Affiliate, (viii) the breach by the Participant of any fiduciary duty against the Company or any Affiliate, (ix) the Participant being indicted for a felony that has a material adverse effect on the property, operations, business or reputation of the Company or any Affiliate or being convicted of any other felony or plea of guilty or nolo contendere to any other felony or (x) any other action that may damage the image of the Company's or an Affiliate's business or their or its standing in the industry, including but not limited to the possession, use or sale of illegal drugs, the abuse of alcohol or prescribed medication, or any other act or omission which the Company or an Affiliate considers to be a violation of Federal, state or local law or regulations other than a simple traffic violation. For purposes of the Plan, other than where the definition of Cause is determined under any employment or service agreement between the Company or any Affiliate and the Participant, in which case such employment or service agreement shall control, in no event shall any termination of employment or service be deemed for Cause unless the Company's Chief Executive Officer concludes that the situation warrants a determination that the Participant's employment or service terminated for Cause; in the case of the Chief Executive Officer or any member of the Board, any determination that the Chief Executive Officer's employment or the Board member's service terminated for Cause shall be made by the Board acting without the Chief Executive Officer or the Board member, as applicable.

1.08 Change in Control

Change in Control means the occurrence of any of the following events except as otherwise determined by the Committee and set forth in the applicable Agreement:

(a) The accumulation in any number of related or unrelated transactions by any Person of beneficial ownership (as such term is used in Rule 13d-3 promulgated under the Exchange Act) of more than fifty percent (50%) of the combined voting power of the Company's voting stock; provided that for purposes of this subsection (a), a Change in Control will not be deemed to have occurred if the accumulation of more than fifty percent (50%) of the voting power of the Company's voting stock results from any acquisition of voting stock (i) directly from the Company that is approved by the Incumbent Board, (ii) by the Company, (iii) by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Affiliate, or (iv) by any Person pursuant to a merger, consolidation, reorganization or other transaction (a "Business Combination") that would not cause a Change in Control under subsections (b), (c) or (d) below; or

(b) Consummation of a Business Combination, unless, immediately following that Business Combination, (i) all or substantially all of the Persons who were the beneficial owners of the voting stock of the Company immediately prior to that Business Combination beneficially own, directly or indirectly, more than fifty percent (50%) of the then outstanding shares of common stock and more than fifty percent (50%) of the combined voting power of the then outstanding voting stock entitled to vote generally in the election of directors of the entity resulting from that Business Combination (including, without limitation, an entity that as a result of that Business Combination owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions relative to each other as their ownership, immediately prior to that Business Combination, of the voting stock of the Company, or

(c) A sale or other disposition of all or substantially all of the assets of the Company, except pursuant to a Business Combination that would not cause a Change in Control under subsections (b) above or (d) below; or

such power, excluding voting rights attendant with such securities, or (ii) by contract; provided that a Change in Control will not be deemed to have occurred if such power was acquired (x) directly from the Company in a transaction approved by the Incumbent Board, (y) by an employee benefit plan (or related trust) sponsored or maintained by the Company or any Affiliate or (z) by any person pursuant to a Business Combination that would not cause a Change in Control under subsections (b), (c) or (d) above; or

(f) During any period of two consecutive years, the Incumbent Board ceases to constitute a majority of the Board.

Notwithstanding the foregoing, a Change in Control shall not include any accumulation of beneficial ownership or any Business Combination pursuant to which more than fifty percent (50%) of the beneficial ownership of the combined voting power of the Company's voting stock is owned by (i) Randal J. Kirk, his spouse, his descendants and the spouses of his descendants, (ii) trusts and other entities established generally for the benefit of Randal J. Notwithstanding the foregoing, a Change in Control shall only be deemed to have occurred with respect to a Participant in connection with the time or form of payment of the Participant's 409A Award (or as otherwise required for the 409A Award to be in compliance with Section 409A of the Code) if the Change in Control otherwise constitutes a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, within the meaning of Section 409A of the Code (otherwise, with respect to vesting of the 409A Award and any other terms of the 409A Award that do not require a Change in Control to comply with its meaning under Section 409A of the Code for the 409A Award to be in compliance with Section 409A of the Code, Change in Control shall have the same meaning as described above).

The proceeds received by the Company from the sale of shares of Common Stock pursuant to this Plan may be used for general corporate purposes.

ARTICLE IV
ADMINISTRATION

4.01 General Administration

The Plan shall be administered by the Committee. The Committee shall have authority to grant Awards upon such terms (not inconsistent with the provisions of this Plan) as the Committee may consider appropriate. Such terms may include conditions (in addition to those contained in this Plan) on the grant, exercisability, transferability, settlement and forfeitability of all or any part of an Award, among other terms. Notwithstanding any such conditions, the Committee may, in its discretion, accelerate the time at which any Award may be exercised, become transferable or nonforfeitable or be earned and settled including, without limitation, (i) in the event of the Participant’s death, Disability, Retirement or involuntary termination of employment or service (including a voluntary termination of employment or service for good reason) or (ii) in connection with a Change in Control. In addition, the Committee shall have complete authority to interpret all provisions of this Plan including, without limitation, the discretion to interpret any terms used in the Plan that are not defined herein; to prescribe the form of Agreements; to adopt, amend and rescind rules and regulations pertaining to the administration of the Plan; and to make all other determinations necessary or advisable for the administration of this Plan. The express grant in the Plan of any specific power to the Committee shall not be construed as limiting any power or authority of the Committee. Any decision made, or action taken, by the Committee in connection with the administration of this Plan shall be final and conclusive. The members of the Committee shall not be liable for any act done in good faith with respect to this Plan or any Agreement or Award. Unless otherwise provided by the Bylaws of the Company, by resolution of the Board or applicable law, a majority of the members of the Committee shall constitute a quorum, and acts of the majority of the members present at any meeting at which a quorum is present, and any acts approved in writing by all members of the Committee without a meeting, shall be the acts of the Committee.

4.02 Delegation of Authority

The Committee may act through subcommittees, in which case the subcommittee shall be subject to and have the authority hereunder applicable to the Committee, and the acts of the subcommittee shall be deemed to be the acts of the Committee hereunder. Additionally, to the extent applicable law so permits, the Committee, in its discretion, may delegate to one or more officers of the Company all or part of the Committee’s authority and duties with respect to Awards to be granted to individuals who are not subject to the reporting and other

Table of Contents

provisions of Section 16 of the Exchange Act and who are not members of the Board or the Board of Directors of an Affiliate. The Committee may revoke or amend the terms of any delegation at any time but such action shall not invalidate any prior actions of the Committee's delegate or delegates that were consistent with the terms of the Plan and the Committee's prior delegation. Notwithstanding the foregoing, however, if and to the extent deemed necessary by the Board, (a) all Awards granted to any individual who is subject to the reporting and other provisions of Section 16 of the Exchange Act shall be made by a Committee comprised solely of two or more directors, all of whom are "non-employee directors" within the meaning of Rule 16b-3 under the Exchange Act, to the extent necessary to exempt the Award from the short-swing profit rules of Section 16(b) of the Exchange Act and (b) all Awards granted to an individual who is a Named Executive Officer shall be made by a Committee comprised solely of two or more directors, all of whom are "outside directors" within the meaning of Code Section 162(m), to the extent necessary to preserve any deduction under Section 162(m) of the Code. However, (a) any Awards granted to any individual who is subject to the reporting and other provisions of Section 16 of the Exchange Act shall not fail to be valid if made other than by a committee comprised solely of two or more directors, all of whom are "non-employee directors" within the meaning of Rule 16(b)-3 under the Exchange Act, and (b) any Awards granted to an individual who is a Named Executive Officer shall not fail to be valid if made other than by a committee comprised solely of two or more directors, all of whom are "outside directors" within the meaning of Code Section 162(m). An Award granted to an individual who is a member of the Committee may be approved by the Committee in accordance with the applicable Committee charters then in effect and other applicable law except that the Committee member must abstain from any action with respect to the Committee member's own Awards.

4.03 Indemnification of Committee

The Company shall bear all expenses of administering this Plan. The Company shall indemnify and hold harmless each Person who is or shall have been a member of the Committee acting as administrator of the Plan, or any delegate of such, against and from any cost, liability, loss or expense that may be imposed upon or reasonably incurred by such Person in connection with or resulting from any action, claim, suit or proceeding to which such Person may be a party or in which such Person may be involved by reason of any action taken or not taken under the Plan and against and from any and all amounts paid by such Person in settlement thereof, with the Company's approval, or paid by such Person in satisfaction of any judgment in any such action, suit or proceeding against such Person, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. Notwithstanding the foregoing, the Company shall not indemnify and hold harmless any such Person if applicable law or the Company's Certificate of Incorporation or Bylaws prohibit such indemnification. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such Persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law or otherwise, or under any other power that the Company may have to indemnify such Person or hold him or her harmless. The provisions of the foregoing indemnity shall survive indefinitely the term of this Plan.

ARTICLE V **ELIGIBILITY**

Any employee of the Company or an Affiliate (including an entity that becomes an Affiliate after the adoption of this Plan), a member of the Board or the Board of Directors of an Affiliate (including an entity that becomes an Affiliate after the adoption of the Plan) (whether or not such Board or Board of Directors member is an employee), any Person who provides services to the Company or an Affiliate (including an entity that becomes an Affiliate after the adoption of the Plan) and any entity which is a wholly-owned alter ego of such employee, member of the Board or Board of Directors of an Affiliate or other Person who provides services is eligible to participate in this Plan if the Committee, in its sole discretion, determines that such Person or entity has contributed significantly or can be expected to contribute significantly to the profits or growth of the Company or any Affiliate or if it is otherwise in the best interest of the Company or any Affiliate for such Person

or entity to participate in this Plan. With respect to any Board member who is (i) designated or nominated to serve as a Board member by a stockholder of the Company and (ii) an employee of such stockholder of the Company, then, at the irrevocable election of the employing stockholder, the Person or entity who shall be eligible to participate in this Plan on behalf of the service of the respective Board member shall be the employing stockholder (or one of its Affiliates). To the extent such election is made, the respective Board member shall have no rights hereunder as a Participant with respect to such Board member's participation in this Plan. An Award may be granted to a Person or entity who has been offered employment or service by the Company or an Affiliate and who would otherwise qualify as eligible to receive the Award to the extent that Person or entity commences employment or service with the Company or an Affiliate, provided that such Person or entity may not receive any payment or exercise any right relating to the Award, and the grant of the Award will be contingent, until such Person or entity has commenced employment or service with the Company or an Affiliate.

ARTICLE VI
COMMON STOCK SUBJECT TO PLAN

6.01 Common Stock Issued

Upon the issuance of shares of Common Stock pursuant to an Award, the Company may deliver to the Participant (or the Participant's broker if the Participant so directs) shares of Common Stock from its authorized but unissued Common Stock, treasury shares or reacquired shares, whether reacquired on the open market or otherwise.

6.02 Aggregate Limit

The maximum aggregate number (the "Maximum Aggregate Number") of shares of Common Stock which may be subject to Awards under this Plan is 25,000,000 shares of Common Stock.

The Maximum Aggregate Number of shares of Common Stock that may be subject to Awards under the Plan may be subject to Options. To the extent shares of Common Stock not issued under an Option must be counted against this limit as a condition to satisfying the rules applicable to incentive stock options, such rule shall apply to the limit on Options granted under the Plan.

The Maximum Aggregate Number of shares of Common Stock that may be subject to Awards under the Plan and the maximum number of shares of Common Stock that may be subject to Options under the Plan shall, in each instance, be subject to adjustment as provided in Article XVI, provided, however, that (i) substitute Awards granted under Section 16.03 shall not reduce the Maximum Aggregate Number of shares of Common Stock that may be subject to Awards under the Plan (to the extent permitted by applicable stock exchange rules) and (ii) available shares of stock under a stockholder-approved plan of an acquired company (as appropriately adjusted to reflect the transaction) also may be used for Awards under the Plan and shall not reduce the Maximum Aggregate Number of shares of Common Stock that may be subject to Awards under the Plan (subject to applicable stock exchange requirements).

No further Awards shall be granted under the Company's Prior Incentive Plan on and after the effective date of the Plan.

6.03 Individual Limit

The maximum number of shares of Common Stock that may be covered by Options, SARs or Other Stock-Based Awards in the nature of purchase rights granted to any one Participant during any calendar year shall be 5,000,000 shares of Common Stock; provided, however, that (i) if the Options, SARs or Other Stock-Based Awards in the nature of purchase rights are denominated in shares of Common Stock but an equivalent amount of

[Table of Contents](#)

cash is delivered in lieu of delivery of shares of Common Stock, the foregoing limit shall be applied based on the methodology used by the Committee to convert the number of shares of Common Stock into cash and (ii) any adjustment in the number of shares of Common Stock or amount of cash delivered to reflect actual or deemed investment experience shall be disregarded. For purposes of the foregoing limit, an Option and its corresponding SAR shall be treated as a single Award. For Full Value Awards that are intended to constitute “qualified performance-based compensation” within the meaning of Section 162(m) of the Code, no more than 1,000,000 shares of Common Stock may be subject to any such Full Value Awards granted to any one Participant during any calendar year (regardless of whether settlement of the Award is to occur prior to, at the time of, or after the time of vesting); provided, however, that (i) if the Full Value Award is denominated in shares of Common Stock but an equivalent amount of cash is delivered in lieu of delivery of shares of Common Stock, the foregoing limit shall be applied based on the methodology used by the Committee to convert the number of shares of Common Stock into cash and (ii) any adjustment in the number of shares of Common Stock or amount of the cash delivered to reflect actual or deemed investment experience shall be disregarded. For any Awards that are intended to constitute “qualified performance-based compensation” within the meaning of Section 162(m) of the Code and are stated with reference to a specified dollar limit, the maximum amount that may be earned and become payable to any one Participant with respect to any twelve (12)-month performance period shall equal \$5,000,000 (pro rated up or down for performance periods that are greater or lesser than twelve (12) months); provided, however, that (i) if the Award is denominated in cash but an equivalent amount of shares of Common Stock are delivered in lieu of delivery of cash, the foregoing limit shall be applied to the cash based on the methodology used by the Committee to convert the cash into shares of Common Stock and (ii) any adjustment in the number of shares of Common Stock or the amount of cash delivered to reflect actual or deemed investment experience shall be disregarded. For any Cash Awards that are intended to constitute annual incentive awards, the maximum amount that may be earned and become payable to any one Participant with respect to any twelve (12)-month period shall equal \$5,000,000; provided, however, that (i) if the Cash Award is denominated in cash but an equivalent amount of shares of Common Stock are delivered in lieu of delivery of cash, the foregoing limit shall be applied to the cash based on the methodology used by the Committee to convert the cash into shares of Common Stock and (ii) any adjustment in the number of shares of Common Stock or the amount of cash delivered to reflect actual or deemed investment experience shall be disregarded. If an Award that a Participant holds is cancelled or subject to a repricing within the meaning of the regulations under Code Section 162(m) (after shareholder approval as required herein), the cancelled Award shall continue to be counted against the maximum number of shares of Common Stock for which Awards may be granted to the Participant in any calendar year as required under Code Section 162(m). The maximum number of shares that may be granted in any consecutive rolling thirty-six (36)-month period to any Participant shall be subject to adjustment as provided in Article XVI.

6.04 Share Counting

Except as set forth below, a share of Common Stock subject to any Award under this Plan shall reduce the Maximum Aggregate Number of shares of Common Stock available for Awards under this Plan, and the maximum number of shares of Common Stock available for Options under this Plan, by one. Except as otherwise provided herein, (i) any shares of Common Stock subject to an Award granted under this Plan which terminates by expiration, forfeiture, cancellation or otherwise, which is settled in cash in lieu of Common Stock or which is exchanged, with the Committee’s permission, for Awards granted under this Plan not involving shares of Common Stock, (ii) shares of Common Stock not issued or delivered as a result of the net exercise or settlement of an outstanding Award granted under this Plan, (iii) shares of Common Stock tendered to pay the exercise or purchase price or withholding taxes relating to an outstanding Award granted under this Plan, (iv) shares of Common Stock repurchased on the open market with the proceeds of the exercise or purchase price of an Award granted under this Plan, and (v) shares of Common Stock under a stock-settled SAR that are not actually issued in connection with settlement of the stock-settled SAR, shall all again be available for Awards under the Plan.

ARTICLE VII
OPTIONS

7.01 **Grant**

Subject to the eligibility provisions of Article V, the Committee will designate each individual or entity to whom an Option is to be granted and will specify the number of shares of Common Stock covered by such grant and whether the Option is an incentive stock option or a nonqualified stock option. Notwithstanding any other provision of the Plan or any Agreement, the Committee may only grant an incentive stock option to an individual who is an employee of the Company or an Affiliate. An Option may be granted with or without a Corresponding SAR.

7.02 **Option Price**

The price per share of Common Stock purchased on the exercise of an Option shall be determined by the Committee on the date of grant, but shall not be less than the Fair Market Value of a share of Common Stock on the date the Option is granted, subject to Sections 14.06 and 16.03 with respect to substitute Awards. However, if at the time of grant of an Option that is intended to be an incentive stock option, the Participant is a Ten Percent Shareholder, the price per share of Common Stock purchased on the exercise of such Option shall not be less than one hundred ten percent (110%) of the Fair Market Value of a share of Common Stock on the date the Option is granted.

7.03 **Maximum Term of Option**

The maximum time period in which an Option may be exercised shall be determined by the Committee on the date of grant, except that no Option shall be exercisable after the expiration of ten (10) years from the date such Option was granted (or five (5) years from the date such Option was granted in the event of an incentive stock option granted to a Ten Percent Shareholder).

7.04 **Exercise**

Subject to the provisions of this Plan and the applicable Agreement, an Option may be exercised in whole at any time or in part from time to time at such times and in compliance with such requirements as the Committee shall determine; provided, however, that incentive stock options (granted under the Plan and all plans of the Company and its Affiliates) may not be first exercisable in a calendar year for shares of Common Stock having a Fair Market Value (determined as of the date the Option is granted) exceeding the limit set forth under Code Section 422(d) (currently \$100,000). If the limitation is exceeded, the Options that cause the limitation to be exceeded shall be treated as nonqualified stock options. An Option granted under this Plan may be exercised with respect to any number of whole shares less than the full number for which the Option could be exercised. A partial exercise of an Option shall not affect the right to exercise the Option from time to time in accordance with this Plan and the applicable Agreement with respect to the remaining shares subject to the Option. The exercise of an Option shall result in the termination of the Corresponding SAR to the extent of the number of shares with respect to which the Option is exercised.

7.05 **Payment**

Subject to rules established by the Committee and unless otherwise provided in an Agreement, payment of all or part of the Option price shall be made in cash or cash equivalent acceptable to the Committee. If the Agreement so provides, the Committee, in its discretion and provided applicable law so permits, may allow a Participant to pay all or part of the Option price (a) by surrendering (actually or by attestation) shares of Common Stock to the Company that the Participant already owns; (b) by a cashless exercise through a broker; (c) by means of a "net exercise" procedure by the surrender of shares of Common Stock to which the Participant

Table of Contents

is otherwise entitled under the Option; (d) by such other medium of payment as the Committee, in its discretion, shall authorize; or (e) by any combination of the aforementioned methods of payment. If shares of Common Stock are used to pay all or part of the Option price, the sum of the cash and cash equivalent and the Fair Market Value (determined as of the day preceding the date of exercise) of the shares surrendered must not be less than the Option price of the shares for which the Option is being exercised.

7.06 Stockholder Rights

No Participant shall have any rights as a stockholder with respect to shares subject to his or her Option until the date of exercise of such Option and the issuance of the shares of Common Stock.

7.07 Disposition of Shares

A Participant shall notify the Company of any sale or other disposition of shares of Common Stock acquired pursuant to an Option that was designated an incentive stock option if such sale or disposition occurs (a) within two (2) years of the grant of an Option or (b) within one (1) year of the issuance of shares of Common Stock to the Participant (subject to any changes in such time periods as set forth in Code Section 422(a)). Such notice shall be in writing and directed to the Secretary of the Company.

7.08 No Liability of Company

The Company shall not be liable to any Participant or any other Person if the Internal Revenue Service or any court or other authority having jurisdiction over such matter determines for any reason that an Option intended to be an incentive stock option and granted hereunder does not qualify as an incentive stock option.

ARTICLE VIII

SARS

8.01 Grant

Subject to the eligibility provisions of Article V, the Committee will designate each individual or entity to whom SARs are to be granted and will specify the number of shares of Common Stock covered by such grant. In addition, no Participant may be granted Corresponding SARs (under this Plan and all other incentive stock option plans of the Company and its Affiliates) that are related to incentive stock options which are first exercisable in any calendar year for shares of Common Stock having an aggregate Fair Market Value (determined as of the date the related Option is granted) that exceeds \$100,000.

8.02 Maximum Term of SAR

The maximum term of a SAR shall be determined by the Committee on the date of grant, except that no SAR shall have a term of more than ten (10) years from the date such SAR was granted (or five (5) years for a Corresponding SAR that is related to an incentive stock option and that is granted to a Ten Percent Shareholder). No Corresponding SAR shall be exercisable or continue in existence after the expiration of the Option to which the Corresponding SAR relates.

8.03 Exercise

Subject to the provisions of this Plan and the applicable Agreement, a SAR may be exercised in whole at any time or in part from time to time at such times and in compliance with such requirements as the Committee shall determine; provided, however, that a SAR may be exercised only when the Fair Market Value of the Common Stock that is subject to the exercise exceeds the Initial Value of the SAR and a Corresponding SAR

Table of Contents

may be exercised only to the extent that the related Option is exercisable. A SAR granted under this Plan may be exercised with respect to any number of whole shares less than the full number for which the SAR could be exercised. A partial exercise of a SAR shall not affect the right to exercise the SAR from time to time in accordance with this Plan and the applicable Agreement with respect to the remaining shares subject to the SAR. The exercise of a Corresponding SAR shall result in the termination of the related Option to the extent of the number of shares with respect to which the SAR is exercised.

8.04 Settlement

The amount payable to the Participant by the Company as a result of the exercise of a SAR shall be settled in cash, by the issuance of shares of Common Stock or by a combination thereof, as the Committee, in its sole discretion, determines and sets forth in the applicable Agreement. No fractional share will be deliverable upon the exercise of a SAR but a cash payment will be made in lieu thereof.

8.05 Stockholder Rights

No Participant shall, as a result of receiving a SAR, have any rights as a stockholder of the Company or any Affiliate until the date that the SAR is exercised and then only to the extent that the SAR is settled by the issuance of Common Stock.

ARTICLE IX RESTRICTED STOCK AWARDS

9.01 Award

Subject to the eligibility provisions of Article V, the Committee will designate each individual or entity to whom a Restricted Stock Award is to be granted, and will specify the number of shares of Common Stock covered by such grant and the price, if any, to be paid for each share of Common Stock covered by the grant.

9.02 Payment

Unless the Agreement provides otherwise, if the Participant must pay for a Restricted Stock Award, payment of the Award shall be made in cash or cash equivalent acceptable to the Committee. If the Agreement so provides, the Committee, in its discretion and provided applicable law so permits, may allow a Participant to pay all or part of the purchase price (i) by surrendering (actually or by attestation) shares of Common Stock to the Company the Participant already owns and, if necessary to avoid adverse accounting consequences, has held for at least six months, (ii) by means of a “net exercise procedure” by the surrender of shares of Common Stock to which the Participant is otherwise entitled under the Restricted Stock Award, (iii) by such other medium of payment as the Committee in its discretion shall authorize or (iv) by any combination of the foregoing methods of payment. If Common Stock is used to pay all or part of the purchase price, the sum of cash and cash equivalent and other payments and the Fair Market Value (determined as of the day preceding the date of purchase) of the Common Stock surrendered must not be less than the purchase price of the Restricted Stock Award. A Participant’s rights in a Restricted Stock Award may be subject to repurchase upon specified events as determined by the Committee and set forth in the Agreement.

9.03 Vesting

The Committee, on the date of grant of the Restricted Stock Award, shall prescribe that the Restricted Stock Award will become nonforfeitable and transferable subject to such conditions as are set forth in the Agreement. Notwithstanding any provision herein to the contrary, the Committee, in its sole discretion, may grant Restricted Stock Awards that are nonforfeitable and transferable immediately upon grant, including without limitation

Table of Contents

Restricted Stock Awards granted in payment of earned performance awards or other incentive compensation under the Plan or any other plans or compensatory arrangements of the Company or any Affiliate. By way of example and not of limitation, the Committee may prescribe that a Participant's rights in a Restricted Stock Award shall be forfeitable and nontransferable subject to (a) the attainment of objectively determinable performance conditions based on the criteria described in Article XV, (b) the Participant's completion of a specified period of employment or service with the Company or an Affiliate, (c) the Participant's death, Disability or Retirement or (d) satisfaction of a combination of any of the foregoing factors. Notwithstanding the preceding sentences, if and to the extent deemed necessary by the Committee, Restricted Stock Awards granted to Named Executive Officers shall be forfeitable and nontransferable subject to attainment of objectively determinable performance conditions based on the criteria described in Article XV and shall be subject to the other requirements set forth in Article XV so as to enable such Restricted Stock Award to qualify as "qualified performance-based compensation" under the regulations promulgated under Code Section 162(m). A Restricted Stock Award can only become nonforfeitable and transferable during the Participant's lifetime in the hands of the Participant.

9.04 Maximum Restriction Period

To the extent the Participant's rights in a Restricted Stock Award are forfeitable and nontransferable for a period of time, the Committee on the date of grant shall determine the maximum period over which the rights may become nonforfeitable and transferable, except that such period shall not exceed ten (10) years from the date of grant.

9.05 Stockholder Rights

Prior to their forfeiture (in accordance with the applicable Agreement and while the shares of Common Stock granted pursuant to the Restricted Stock Award may be forfeited and are nontransferable), a Participant will have all rights of a stockholder with respect to a Restricted Stock Award, including the right to receive dividends and vote the shares; provided, however, that during such period (a) a Participant may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of shares granted pursuant to a Restricted Stock Award, (b) the Company shall retain custody of any certificates evidencing shares granted pursuant to a Restricted Stock Award and (c) the Participant will deliver to the Company a stock power, endorsed in blank, with respect to each Restricted Stock Award. In lieu of retaining custody of the certificates evidencing shares granted pursuant to a Restricted Stock Award, the shares of Common Stock granted pursuant to the Restricted Stock Award may, in the Committee's discretion, be held in escrow by the Company or recorded as outstanding by notation on the stock records of the Company until the Participant's interest in such shares of Common Stock vest. Notwithstanding the preceding sentences, but subject to Section 14.07 below, if and to the extent deemed necessary by the Committee, dividends payable with respect to Restricted Stock Awards may accumulate (without interest) and become payable in cash or in shares of Common Stock to the Participant at the time, and only to the extent that, the portion of the Restricted Stock Award to which the dividends relate has become transferable and nonforfeitable. The limitations set forth in the preceding sentences shall not apply after the shares granted under the Restricted Stock Award are transferable and are no longer forfeitable.

ARTICLE X RESTRICTED STOCK UNITS

10.01 Grant

Subject to the eligibility provisions of Article V, the Committee will designate each individual or entity to whom a grant of Restricted Stock Units is to be made and will specify the number of shares covered by such grant.

10.02 Earning the Award

The Committee, on the date of grant of the Restricted Stock Units, shall prescribe that the Restricted Stock Units will be earned and become payable subject to such conditions as are set forth in the Agreement. Notwithstanding any provision herein to the contrary, the Committee, in its sole discretion, may grant Restricted Stock Units in payment of earned performance awards or other incentive Compensation under the Plan or any other plans or Compensatory arrangements of the Company or any Affiliate. By way of example and not of limitation, the Committee may prescribe that the Restricted Stock Units will be earned and become payable upon (a) the satisfaction of objectively determinable performance conditions based on the criteria described in Article XV, (b) the Participant's completion of a specified period of employment or service with the Company or an Affiliate, (c) the Participant's death, Disability or Retirement or (d) satisfaction of a combination of any of the foregoing factors. If and to the extent deemed necessary by the Committee, Restricted Stock Units granted to Named Executive Officers shall become payable upon the satisfaction of objectively determinable performance conditions based on the criteria described in Article XV and shall be subject to the other requirements set forth in Article XV so as to enable such Restricted Stock Units to qualify as "qualified performance-based compensation" under the regulations promulgated under Code Section 162(m). Notwithstanding any provision herein to the contrary, the Committee, in its sole discretion, may grant Restricted Stock Units that are earned and payable immediately upon grant.

10.03 Maximum Restricted Stock Unit Award Period

The Committee, on the date of grant, shall determine the maximum period over which Restricted Stock Units may be earned, except that such period shall not exceed ten (10) years from the date of grant.

10.04 Payment

The amount payable to the Participant by the Company when an Award of Restricted Stock Units is earned shall be settled by the issuance of one share of Common Stock (or, as otherwise determined by the Committee and set forth in the applicable Agreement, the equivalent Fair Market Value of one share of Common Stock in cash) for each Restricted Stock Unit that is earned. A fractional share of Common Stock shall not be deliverable when an Award of Restricted Stock Units is earned, but a cash payment will be made in lieu thereof.

10.05 Stockholder Rights

No Participant shall, as a result of receiving a grant of Restricted Stock Units, have any rights as a stockholder until and then only to the extent that the Restricted Stock Units are earned and settled in shares of Common Stock, nor shall any participant receive Dividend Equivalents solely as a result of receiving a grant of Restricted Stock Units. However, notwithstanding the foregoing, the Committee, in its sole discretion, may grant Dividend Equivalents in the Agreement in connection with a grant of Restricted Stock Units. By way of example and not limitation, such Dividend Equivalents may provide that, for so long as the Participant holds any Restricted Stock Units, if the Company pays any cash dividends on its Common Stock, then (a) the Company may pay the Participant in cash for each outstanding Restricted Stock Unit covered by the Agreement as of the record date of such dividend, less any required withholdings, the per share amount of such dividend or (b) the number of outstanding Restricted Stock Units covered by the Agreement may be increased by the number of Restricted Stock Units, rounded down to the nearest whole number, equal to (i) the product of the number of the Participant's outstanding Restricted Stock Units as of the record date for such dividend multiplied by the per share amount of the dividend divided by (ii) the Fair Market Value of a share of Common Stock on the payment date of such dividend. In the event additional Restricted Stock Units are awarded, such Restricted Stock Units shall be subject to the same terms and conditions set forth in the Plan and the Agreement as the outstanding Restricted Stock Units with respect to which they were granted. Notwithstanding the preceding sentences, but subject to Section 14.07 below, if and to the extent deemed necessary to the Committee, Dividend Equivalents payable with respect to Restricted Stock Units may accumulate (without interest) and become payable to the

[Table of Contents](#)

Participant at the time, and only to the extent that, the portion of the Restricted Stock Units to which the Dividend Equivalents relate has become earned and payable. The limitations set forth in the preceding sentences shall not apply after the Restricted Stock Units become earned and payable and shares are issued thereunder.

ARTICLE XI **INCENTIVE AWARDS**

11.01 Grant

Subject to the eligibility provisions of Article V, the Committee will designate each individual or entity to whom Incentive Awards are to be granted. All Incentive Awards shall be determined exclusively by the Committee under the procedures established by the Committee.

11.02 Earning the Award

Subject to the Plan, the Committee, on the date of grant of an Incentive Award, shall specify in the applicable Agreement the terms and conditions which govern the grant, including, without limitation, whether the Participant to be entitled to payment must be employed or providing services to the Company or an Affiliate at the time the Incentive Award is to be paid. By way of example and not of limitation, the Committee may prescribe that the Incentive Award shall be earned and payable upon (a) the satisfaction of objectively determinable performance conditions based on the criteria described in Article XV, (b) the Participant's completion of a specified period of employment or service with the Company or an Affiliate, (c) the Participant's death, Disability or Retirement or (d) satisfaction of a combination of any of the foregoing factors. If and to the extent deemed necessary by the Committee, Incentive Awards granted to Named Executive Officers shall be earned and become payable upon the satisfaction of objectively determinable performance conditions based on the criteria described in Article XV and shall be subject to the other requirements set forth in Article XV so as to enable the Incentive Awards to qualify as "qualified performance-based compensation" under the regulations promulgated under Code Section 162(m).

11.03 Maximum Incentive Award Period

The Committee, at the time an Incentive Award is made, shall determine the maximum period over which the Incentive Award may be earned, except that such period shall not exceed ten (10) years from the date of grant.

11.04 Payment

The amount payable to the Participant by the Company when an Incentive Award is earned may be settled in cash, by the issuance of shares of Common Stock or by a combination thereof, as the Committee, in its sole discretion, determines and sets forth in the applicable Agreement. A fractional share of Common Stock shall not be deliverable when an Incentive Award is earned, but a cash payment will be made in lieu thereof.

11.05 Stockholder Rights

No Participant shall, as a result of receiving an Incentive Award, have any rights as a stockholder of the Company or any Affiliate on account of such Incentive Award, unless and then only to the extent that the Incentive Award is earned and settled in shares of Common Stock.

ARTICLE XII
OTHER STOCK-BASED AWARDS

12.01 Other Stock-Based Awards

The Committee is authorized, subject to limitations under applicable law, to grant to a Participant such other Awards that may be denominated or payable in, valued in whole or in part by reference to or otherwise based on shares of Common Stock, including, without limitation, convertible or exchangeable securities, and other rights convertible or exchangeable into shares of Common Stock or the cash value of shares of Common Stock. The Committee shall determine the terms and conditions of any such Other Stock-Based Awards. Unless the Committee or the Agreement provides otherwise, Other Stock-Based Awards shall be vested, exercisable or earned and payable upon the date of grant. Common Stock delivered pursuant to an Other Stock-Based Award in the nature of purchase rights ("Purchase Right Award") shall be purchased for such consideration not less than the Fair Market Value of the shares of Common Stock as of the date the Other Stock-Based Award is granted (subject to Sections 14.06 and 16.03 with respect to substitute Awards), and may be paid for at such times, by such methods, and in such forms, including, without limitation, cash, shares of Common Stock, other Awards, notes or other property, as the Committee shall determine. The maximum time period in which an Other Stock-Based Award in the nature of purchase rights may be exercised shall be determined by the Committee on the date of grant, except that no Other Stock-Based Award in the nature of purchase rights shall be exercisable after the expiration of ten (10) years from the date such Other Stock-Based Award was granted.

12.02 Bonus Stock and Awards in Lieu of Other Obligations

The Committee also is authorized (i) to grant to a Participant shares of Common Stock as a bonus, (ii) to grant shares of Common Stock or other Awards in lieu of other obligations of the Company or any Affiliate to pay cash or to deliver other property under this Plan or under any other plans or compensatory arrangements of the Company or any Affiliate, (iii) to use available shares of Common Stock as the form of payment for compensation, grants or rights earned or due under any other compensation plans or arrangements of the Company or an Affiliate, and (iv) subject to Section 19.13 below, to grant as alternatives to or replacements of Awards granted or outstanding under the Plan or any other plan or arrangement of the Company or any Affiliate, subject to such terms as shall be determined by the Committee and the overall limitation on the number of shares of Common Stock that may be issued under the Plan. Notwithstanding any other provision hereof, shares of Common Stock or other securities delivered to a Participant pursuant to a purchase right granted under this Plan shall be purchased for consideration, the Fair Market Value of which shall not be less than the Fair Market Value of such shares of Common Stock or other securities as of the date such purchase right is granted.

ARTICLE XIII
DIVIDEND EQUIVALENTS AND CASH AWARDS

13.01 Dividend Equivalents

The Committee is authorized to grant Dividend Equivalents to a Participant which may be awarded on a free-standing basis or in connection with another Award. Subject to Section 14.07 below, the Committee may provide that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional shares of Common Stock, other Awards or other investment vehicles, subject to restrictions on transferability, risk of forfeiture and such other terms as the Committee may specify and set forth in the applicable Agreement. Notwithstanding the foregoing, no Dividend Equivalents may be awarded in connection with an Option, SAR or Other Stock-Based Award in the nature of purchase rights.

13.02 Cash Awards

The Committee is authorized to grant to a Participant Cash Awards. The Committee shall determine the terms and conditions of any such Cash Awards. Cash Awards may be granted as an element of or a supplement to

any other Award under the Plan or as a stand-alone Cash Award. The Committee, on the date of grant of Cash Awards, may prescribe that the Cash Awards will be earned and become payable subject to such conditions as are set forth in the Agreement. By way of example and not of limitation, the Committee may prescribe that Cash Awards will be earned and become payable upon (a) the satisfaction of objectively determinable performance conditions based on the criteria described in Article XV, (b) the Participant's completion of a specified period of employment or service with the Company or an Affiliate, (c) the Participant's death, Disability or Retirement or (d) satisfaction of a combination of any of the foregoing factors. If and to the extent deemed necessary by the Committee, Cash Awards granted to Named Executive Officers shall become payable upon the satisfaction of objectively determinable performance conditions based on the criteria described in Article XV and shall be subject to the other requirements set forth in Article XV so as to enable such Cash Awards to qualify as "qualified performance-based compensation" under the regulations promulgated under Code Section 162(m). Notwithstanding any provision herein to the contrary, the Committee, in its sole discretion, may grant Cash Awards in payment of earned performance awards and other incentive compensation payable under the Plan or any other plans or compensatory arrangements of the Company or any Affiliate. Unless the Committee or the Agreement provides otherwise, Cash Awards shall be vested and payable upon the date of grant.

ARTICLE XIV
TERMS APPLICABLE TO ALL AWARDS

14.01 Written Agreement

Each Award shall be evidenced by a written or electronic Agreement (including any amendment or supplement thereto) between the Company and the Participant specifying the terms and conditions of the Award granted to such Participant. Each Agreement should specify whether the Award is intended to be a Non-409A Award or a 409A Award.

14.02 Nontransferability

Except as provided in Section 14.03 below, each Award granted under this Plan shall be nontransferable except by will or by the laws of descent and distribution or pursuant to the terms of a valid qualified domestic relations order. In the event of any transfer of an Option or Corresponding SAR (by the Participant or his transferee), the Option and Corresponding SAR that relates to such Option must be transferred to the same Person or Persons or entity or entities. Except as provided in Section 14.03 below, during the lifetime of the Participant to whom the Option or SAR is granted, the Option or SAR may be exercised only by the Participant. No right or interest of a Participant in any Award shall be liable for, or subject to, any lien, obligation, or liability of such Participant or his transferee.

14.03 Transferable Awards

Section 14.02 to the contrary notwithstanding, if the Agreement so provides, an Award that is not an incentive stock option or a Corresponding SAR that relates to an incentive stock option may be transferred by a Participant to immediate family members or trusts or other entities on behalf of the Participant and/or immediate family members or for charitable donations. Any such transfer will be permitted only if (a) the Participant does not receive any consideration for the transfer and (b) the Committee expressly approves the transfer. The holder of the Award transferred pursuant to this Section shall be bound by the same terms and conditions that governed the Award during the period that it was held by the Participant; provided, however, that such transferee may not transfer the Award except by will or the laws of descent and distribution. Unless transferred as provided in Section 9.05, a Restricted Stock Award may not be transferred prior to becoming non-forfeitable and transferable.

14.04 Participant Status

If the terms of any Award provide that it may be exercised or paid only during employment or continued service or within a specified period of time after termination of employment or continued service, the Committee may decide to what extent leaves of absence for governmental or military service, illness, temporary disability or other reasons shall not be deemed interruptions of continuous employment or service. For purposes of the Plan, employment and continued service shall be deemed to exist between the Participant and the Company and/or an Affiliate if, at the time of the determination, the Participant is a director, officer, employee, consultant or advisor of the Company or an Affiliate. A Participant on military leave, sick leave or other bona fide leave of absence shall continue to be considered an employee for purposes of the Plan during such leave if the period of leave does not exceed three (3) months, or, if longer, so long as the individual's right to re-employment with the Company or any of its Affiliates is guaranteed either by statute or by contract. If the period of leave exceeds three (3) months, and the individual's right to re-employment is not guaranteed by statute or by contract, the employment shall be deemed to be terminated on the first day after the end of such three (3) month period. Except as may otherwise be expressly provided in an Agreement, Awards granted to a director, officer, employee, consultant or advisor shall not be affected by any change in the status of the Participant so long as the Participant continues to be a director, officer, employee, consultant or advisor to the Company or any of its Affiliates (regardless of having changed from one to the other or having been transferred from one entity to another). The Participant's employment or continued service shall not be considered interrupted in the event the Committee, in its discretion, and as specified at or prior to such occurrence, determines there is no interruption in the case of a spin-off, sale or disposition of the Participant's employer from the Company or an Affiliate, except that if the Committee does not otherwise specify such at or such prior to such occurrence, the Participant will be deemed to have a termination of employment or continuous service to the extent the Affiliate that employs the Participant is no longer the Company or an entity that qualifies as an Affiliate. The foregoing provisions apply to a 409A Award only to the extent Section 409A of the Code does not otherwise treat the Participant as continuing in service or employment or as having a separation from service at an earlier time.

14.05 Change in Control

Notwithstanding any provision of any Agreement, in the event of a Change in Control, the Committee in its discretion may (i) declare that some or all outstanding Options, SARs and Other Stock-Based Awards in the nature of purchase rights previously granted under the Plan, whether or not then exercisable, shall terminate on the Control Change Date without any payment to the holder of the Options, SARs and Other Stock-Based Awards in the nature of purchase rights, provided the Committee gives prior written notice to the holders of such termination and gives such holders the right to exercise their outstanding Options, SARs and Other Stock-Based Awards in the nature of purchase rights for at least seven (7) days before such date to the extent then exercisable (or to the extent such Options, SARs or Other Stock-Based Awards in the nature of purchase rights would have become exercisable as of the Control Change Date), (ii) terminate on the Control Change Date outstanding Restricted Stock Awards, Restricted Stock Units, Incentive Awards, Other Stock-Based Awards not in the nature of purchase rights and Dividend Equivalents previously granted under the Plan that are not then nonforfeitable and transferable or earned and payable (and that will not become nonforfeitable and transferable or earned and payable as of the Control Change Date) without any payment to the holder of the Restricted Stock Award, Restricted Stock Units, Incentive Awards, Other Stock-Based Awards not in the nature of purchase rights and Dividend Equivalents, other than the return, if any, of the purchase price of any such Awards, (iii) terminate on the Control Change Date some or all outstanding Options, SARs and Other Stock-Based Awards in the nature of purchase rights previously granted under the Plan, whether or not then exercisable, in consideration of payment to the holder of the Options, SARs and Other Stock-Based Awards in the nature of purchase rights, with respect to each share of Common Stock for which the Options, SARs and Other Stock-Based Awards in the nature of purchase rights are then exercisable (or that will become exercisable as of the Control Change Date), of the excess, if any, of the Fair Market Value on such date of the Common Stock subject to such portion of the Options, SARs and Other Stock-Based Awards in the nature of purchase rights over the purchase price or Initial Value, as applicable (provided that any portion of such Options, SARs and Other Stock-Based Awards in the

nature of purchase rights that are not then exercisable and will not become exercisable on the Control Change Date, and Options, SARs and Other Stock-Based Awards in the nature of purchase rights with respect to which the Fair Market Value of the Common Stock subject to the Options, SARs and Other Stock-Based Awards in the nature of purchase rights does not exceed the purchase price or Initial Value, as applicable, shall be cancelled without any payment therefor), (iv) terminate on the Control Change Date outstanding Restricted Stock Awards, Restricted Stock Units, Incentive Awards, Other Stock-Based Awards not in the nature of purchase rights and Divided Equivalents previously granted under the Plan that will become nonforfeitable and transferable or earned and payable as of the Control Change Date (or that previously became nonforfeitable and transferable or earned and payable but have not yet been settled as of the Control Change Date) in exchange for a payment equal to the excess of the Fair Market Value of the shares of Common Stock subject to such Awards, or the amount of cash payable under the Awards, over any unpaid purchase price, if any, for such Awards (provided that any portion of such Awards that are not then nonforfeitable and transferable or earned and payable as of the Control Change Date (and that will not become nonforfeitable and transferable or earned and payable as of the Control Change Date) shall be cancelled without any payment therefor), or (v) take such other actions as the Committee determines to be reasonable under the circumstances to permit the Participant to realize the value of the outstanding Awards (which Fair Market Value for purposes of Awards that are not then exercisable, nonforfeitable and transferable or earned and payable as of the Control Change Date (and that will not become exercisable, nonforfeitable and transferable or earned and payable as of the Control Change Date) or with respect to which the Fair Market Value of the Common Stock subject to the Awards does not exceed the purchase price or Initial Value, as applicable, shall be deemed to be zero). The payments described above may be made in any manner the Committee determines, including in cash, stock or other property. The Committee may take the actions described above with respect to Awards that are not then exercisable, nonforfeitable and transferable or earned and payable or with respect to which the Fair Market Value of the Common Stock subject to the Awards does not exceed the purchase price or Initial Value, as applicable, whether or not the Participant will receive any payments therefor. The Committee in its discretion may take any of the actions described in this Section 14.05 contingent on consummation of the Change in Control and with respect to some or all outstanding Awards, whether or not then exercisable, nonforfeitable and transferable or earned and payable or on an Award-by-Award basis, which actions need not be uniform with respect to all outstanding Awards or Participants. However, outstanding Awards shall not be terminated to the extent that written provision is made for their continuance, assumption or substitution by the Company or a successor employer or its parent or subsidiary in connection with the Change in Control except as otherwise provided in the applicable Agreement.

14.06 Stand-Alone, Additional, Tandem and Substitute Awards

Subject to Section 19.13 below, Awards granted under the Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with or in substitution or exchange for, any other Award or any Award granted under another plan of the Company or any Affiliate or any entity acquired by the Company or any Affiliate or any other right of a Participant to receive payment from the Company or any Affiliate; provided, however, that a 409A Award may not be granted in tandem with a Non-409A Award. Awards granted in addition to or in tandem with another Award or Awards may be granted either at the same time as or at a different time from the grant of such other Award or Awards. Subject to applicable law and the restrictions on 409A Awards and repricings in Section 19.13 below, the Committee may determine that, in granting a new Award, the in-the-money value or Fair Market Value of any surrendered Award or Awards or the value of any other right to payment surrendered by the Participant may be applied, or otherwise taken into account with respect, to any other new Award or Awards.

14.07 Form and Timing of Payment; Deferrals

Subject to the terms of the Plan and any applicable Agreement, payments to be made by the Company or an Affiliate upon the exercise of an Option, SAR or Other Stock-Based Award in the nature of purchase rights or settlement of any other Award may be made in such form as the Committee may determine and set forth in the applicable Agreement, including, without limitation, cash, shares of Common Stock, other Awards or other

property and may be made in a single payment or transfer, in installments or on a deferred basis. The settlement of an Award may be accelerated, and cash paid in lieu of shares of Common Stock in connection with such settlement, in the discretion of the Committee or upon the occurrence of one or more specified events set forth in the applicable Agreement (and to the extent permitted by the Plan and Section 409A of the Code). Subject to the Plan, installment or deferred payments may be required by the Committee or permitted at the election of the Participant on the terms and conditions established by the Committee. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installments or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in shares of Common Stock. In the case of any 409A Award that is vested and no longer subject to a substantial risk of forfeiture (within the meaning of Sections 83 and 409A of the Code), such Award may be distributed to the Participant, upon application of the Participant to the Committee, if the Participant has an unforeseeable emergency within the meaning of Section 409A of the Code, if determined by the Committee and set forth in the applicable Agreement. Notwithstanding any other provision of the Plan, however, no dividends payable with respect to an Award or Dividend Equivalents may be paid in connection with any Awards or Dividend Equivalents that are to become nonforfeitable and transferable or earned and payable based upon performance conditions unless and until the performance conditions are satisfied, and, if determined by the Committee and set forth in the applicable Agreement, any such dividends and Dividend Equivalents will accumulate (without interest) and become payable to the Participant at the time, and only to the extent that, the applicable Awards or Dividend Equivalents have become non-forfeitable and transferable or earned and payable upon satisfaction of the relevant performance conditions.

14.08 Time and Method of Exercise

The Committee shall determine and set forth in the Agreement the time or times at which Awards granted under the Plan may be exercised or settled in whole or in part and shall set forth in the Agreement the rules regarding the exercise, settlement and/or termination of Awards upon the Participant's death, Disability, termination of employment or ceasing to be a director. Unless the Agreement provides otherwise, an Award may be exercised by delivering notice to the Company's principal office, to the attention of its Secretary (or the Secretary's designee) no less than one (1) business day in advance of the effective date of the proposed exercise. Such notice shall be accompanied by the applicable Agreement, shall specify the number of shares of Common Stock with respect to which the Award is being exercised and the effective date of the proposed exercise and shall be signed by the Participant or other person then having the right to exercise the Award. Such notice may be withdrawn at any time prior to the close of business on the business day immediately preceding the effective date of the proposed exercise. Unless the Committee otherwise permits through the applicable Agreement or otherwise, no partial exercise of an Award shall be for an aggregate exercise or purchase price or a base value of less than One Thousand Dollars (\$1,000). Notwithstanding any other provision of the Plan, however, if an Award is to become exercisable, nonforfeitable and transferable or earned and payable on the completion of a specified period of employment or service with the Company or any Affiliate, without the achievement of any performance conditions being required, and the Award is not being granted in lieu of any other cash compensation the Participant is to receive that would be payable over a shorter period of time, then unless the applicable Agreement provides otherwise, the Award shall become exercisable, non-forfeitable and transferable or earned and payable with respect to twenty-five percent (25%) of the underlying shares of Common Stock (or any amounts payable thereunder for Awards denoted in dollars) on each of the first, second, third and fourth anniversaries of the date of grant (subject to acceleration of vesting, to the extent permitted by the Plan and the Committee, in the event of a Change in Control or the Participant's death, Disability, Retirement or involuntary termination of employment or service (including a voluntary termination of employment or service for good reason). Notwithstanding any provision of the Plan providing for the maximum term of an Award, in the event any Award would expire prior to exercise, vesting or settlement because trading in shares of Common Stock is prohibited by law or by any insider trading policy of the Company, the term of the Award shall automatically be extended until thirty (30) days after the expiration of any such prohibitions to permit the Participant to realize the value of the Award, provided such extension with respect to the applicable Award (i) is permitted by law, (ii) does not result in a violation of Section 409A with respect to the Award, (iii) permits any Award that is

intended to constitute “qualified performance-based compensation” within the meaning of Section 162(m) of the Code to continue to so qualify and (iv) does not otherwise adversely impact the tax consequences of the Award (such as for incentive stock options and related Awards). An Agreement may provide that the Award will be automatically, and without any action by the Participant, deemed exercised, by means of a “net exercise” procedure, immediately prior to the expiration of the Award if the then Fair Market Value of the underlying shares of Common Stock at that time exceeds the exercise or purchase price or base value of the Award, in order to permit the Participant to realize the value of the Award. With respect to an Option and its Corresponding SAR, the Agreement may provide which Award will be deemed exercised. If the Agreement does not so provide, the Option shall be deemed exercised and the Corresponding SAR shall expire unexercised.

14.09 Effect of Termination Date on Options, SARs and Other Stock-Based Awards in the Nature of Purchase Rights

(a) If a Participant incurs a Termination Date due to death or Disability, any unexercised Option, SAR or Other Stock-Based Award in the nature of purchase rights granted to the Participant may thereafter be exercised by the Participant (or, where appropriate, a transferee of the Participant), to the extent then exercisable, (i) for a period of twelve (12) months after the Termination Date or (ii) until the expiration of the stated term of the Option, SAR or Other Stock-Based Award in the nature of purchase rights, whichever period is shorter, unless specifically provided otherwise in the applicable Agreement (in which case the terms of the Agreement shall control). Any portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights that remains unexercised after the expiration of such period, regardless of whether such portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights is vested or unvested, shall terminate and be forfeited with no further compensation due to the Participant.

(b) If a Participant incurs a Termination Date due to Retirement, any unexercised Option, SAR or Other Stock-Based Award in the nature of purchase rights granted to the Participant may thereafter be exercised by the Participant (or, where appropriate, a transferee of the Participant), to the extent then exercisable, (i) for a period of twelve (12) months after the Termination Date or (ii) until the expiration of the stated term of the Option, SAR or Other Stock-Based Award in the nature of purchase rights, whichever period is shorter, unless specifically provided otherwise in the applicable Agreement (in which case the terms of the Agreement shall control). Any portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights that remains unexercised after the expiration of such period described above, regardless of whether such portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights is vested or unvested, shall terminate and be forfeited with no further compensation due to the Participant.

(c) If a Participant incurs a Termination Date, other than on death, Disability or Retirement, as a result of termination of service or employment by the Company and its Affiliates involuntarily and without Cause, any unexercised Option, SAR or Other Stock-Based Award in the nature of purchase rights granted to the Participant may thereafter be exercised by the Participant (or, where appropriate, a transferee of the Participant), to the extent then exercisable (i) for a period of ninety (90) days after the Termination Date or (ii) until the expiration of the stated term of the Option, SAR or Other Stock-Based Award in the nature of purchase rights, whichever period is shorter, unless specifically provided otherwise in the applicable Agreement (in which case the terms of the Agreement shall control). Any portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights that remains unexercised at the expiration of such period described above, regardless of whether such portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights is vested or unvested, shall terminate and be forfeited with no further compensation due to the Participant.

(d) If a Participant incurs a Termination Date for any reason, other than death, Disability or Retirement, other than as the result of termination of service or employment by the Company and its Affiliates involuntarily and without Cause, and other than as the result of termination of service or employment by the Company and its Affiliates involuntarily and with Cause, any unexercised Option, SAR or Other Stock-Based Award in the nature of purchase rights granted to the Participant may thereafter be exercised by the Participant (or, where appropriate,

a transferee of the Participant), to the extent exercisable as of the Termination Date, (i) for a period of ninety (90) days after the Termination Date, or (ii) until the expiration of the stated term of the Option, SAR or Other Stock-Based Award in the nature of purchase rights, whichever period is shorter, unless specifically provided otherwise in the applicable Agreement (in which case the terms of the Agreement shall control). Any portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights that remains unexercised after the expiration of such period, regardless of whether such portion of the Option, SAR or Other Stock-Based Award in the nature of purchase rights is vested or unvested, shall terminate and be forfeited with no further compensation due to the Participant.

14.10 Non U. S. Participants

The Committee may grant Awards to Participants located outside of the United States of America. Notwithstanding any other provision of the Plan (other than the limitations of Section 6.02 and Section 19.13) the terms of such Awards shall be as the Committee, in its sole discretion, determines as appropriate and permitted under the law that applies to any Award granted to Participants located outside of the United States of America.

ARTICLE XV QUALIFIED PERFORMANCE-BASED COMPENSATION

15.01 Performance Conditions

In accordance with the Plan, the Committee may prescribe that Awards will become exercisable, nonforfeitable and transferable, and earned and payable, based on objectively determinable performance conditions. Objectively determinable performance conditions are performance conditions (i) that are established in writing (a) at the time of grant or (b) no later than the earlier of (x) 90 days after the beginning of the period of service to which they relate and (y) before the lapse of 25% of the period of service to which they relate; (ii) that are uncertain of achievement at the time they are established and (iii) the achievement of which is determinable by a third party with knowledge of the relevant facts. The performance conditions may be stated with respect to (a) revenue, (b) earnings before interest, taxes, depreciation and amortization (“EBITDA”), (c) cash earnings (earnings before amortization of intangibles), (d) operating income, (e) pre-or after-tax income, (f) earnings per share, (g) net cash flow, (h) net cash flow per share, (i) net earnings, (j) return on equity, (k) return on total capital, (l) return on sales, (m) return on net assets employed, (n) return on assets or net assets, (o) share price performance, (p) total shareholder return, (q) improvement in or attainment of expense levels, (r) improvement in or attainment of working capital levels, (s) net sales, (t) revenue growth or product revenue growth, (u) operating income (before or after taxes), (v) pre-or after-tax income (before or after allocation of corporate overhead and bonus), (w) earnings per share; (x) return on equity, (y) appreciation in and/or maintenance of the price of the shares of Common, (z) market share, (aa) gross profits, (bb) comparisons with various stock market indices; (cc) reductions in cost, (dd) cash flow or cash flow per share (before or after dividends), (ee) return on capital (including return on total capital or return on invested capital), (ff) cash flow return on investments; (gg) improvement in or attainment of expense levels or working capital levels, (hh) shareholder equity. The business criteria above, may be related to a specific customer or group of customers or products or geographic region. The form of the performance conditions may be measured on a Company, Affiliate, product, division, business unit, service line, segment or geographic basis, individually, alternatively or in any combination, subset or component thereof. Performance goals may include one or more of the foregoing business criteria, either individually, alternatively or any combination, subset or component. Performance goals may reflect absolute performance or a relative comparison of the performance to the performance of a peer group or index or other external measure of the selected business criteria. Profits, earnings and revenues used for any performance condition measurement may exclude any extraordinary or non-recurring items. The performance conditions may, but need not, be based upon an increase or positive result under the aforementioned business criteria and could include, for example and not by way of limitation, maintaining the status quo or limiting the economic losses (measured, in each case, by reference to the specific business criteria). The performance conditions may not include solely the mere

Table of Contents

continued employment of the Participant. However, the Award may become exercisable, nonforfeitable and transferable or earned and payable contingent on the Participant's continued employment or service, and/or employment or service at the time the Award becomes exercisable, nonforfeitable and transferable or earned and payable, in addition to the performance conditions described above. The Committee shall have the sole discretion to select one or more periods of time over which the attainment of one or more of the foregoing performance conditions will be measured for the purpose of determining a Participant's right to, and the settlement of, an Award that will become exercisable, nonforfeitable and transferable or earned and payable based on performance conditions.

15.02 Establishing the Amount of the Award

The amount of the Award that will become exercisable, nonforfeitable and transferable or earned and payable if the performance conditions are obtained (or an objective formula for, or method of, computing such amount) also must be established at the time set forth in Section 15.01 above. Notwithstanding the preceding sentence, the Committee may, in its sole discretion, reduce the amount of the Award that will become exercisable, nonforfeitable and transferable or earned and payable, as applicable, if the Committee determines that such reduction is appropriate under the facts and circumstances. In no event shall the Committee have the discretion to increase the amount of the Award that will become exercisable, nonforfeitable and transferable or earned and payable.

15.03 Earning the Award

If the Committee, on the date of grant, prescribes that an Award shall become exercisable, nonforfeitable and transferable or earned and payable only upon the attainment of any of the above enumerated performance conditions, the Award shall become exercisable, nonforfeitable and transferable or earned and payable only to the extent that the Committee certifies in writing that such conditions have been achieved. An Award will not satisfy the requirements of this Article XV to constitute "qualified performance-based compensation" if the facts and circumstances indicate the Award will become exercisable, nonforfeitable and transferable or earned and payable regardless of whether the performance conditions are attained. However, an Award does not fail to meet the requirements of this Article XV merely because the Award would become exercisable, nonforfeitable and transferable or earned and payable upon the Participant's death or Disability or upon a Change in Control, although an Award that actually becomes exercisable, nonforfeitable and transferable or earned and payable on account of those events prior to the attainment of the performance conditions would not constitute "qualified performance-based compensation" under Code Section 162(m). In determining if the performance conditions have been achieved, the Committee may adjust the performance targets in the event of any unbudgeted acquisition, divestiture or other unexpected fundamental change in the business of the Company, an Affiliate or business unit or in any product that is material taken as a whole as appropriate to fairly and equitably determine if the Award is to become exercisable, nonforfeitable and transferable or earned and payable only pursuant to the conditions set forth in the Award. Additionally, in determining if such performance conditions have been achieved, the Committee also may adjust the performance targets in the event of any (a) unanticipated asset write-downs or impairment charges, (b) litigation or claim judgments or settlements thereof, (c) changes in tax laws, accounting principles or other laws or provisions affecting reported results, (d) costs and accruals for reorganization or restructuring programs, or extraordinary non-reoccurring items as described in Accounting Principles Board Opinion No. 30 or as described in management's discussion and analysis of the financial condition and results of operations appearing in the Company's Annual Report on Form 10-K for the applicable year or as identified in the financial statements, the notes to the financial statements or other securities law filings (each as defined by generally accepted accounting principles), (e) acquisitions, dispositions or discontinued operations or (f) foreign exchange gains or losses as appropriate to fairly and equitably determine if the Award is to become exercisable, nonforfeitable and transferable or earned and payable only pursuant to the conditions set forth in the Award. To the extent any such adjustments would affect Awards, the intent is that they shall be in a form that allows the Award to continue to meet the requirements of Section 162(m) of the Code for deductibility and, to the extent required under Section 162(m) of the Code for "qualified performance-based compensation," set forth in the applicable Agreement.

15.04 Performance Awards

The purpose of this Article XV is to permit the grant of Awards that constitute “qualified performance-based compensation” within the meaning of Section 162(m) of the Code. The Committee may specify that the Award is intended to constitute “qualified performance-based compensation” by conditioning the right of the Participant to exercise the Award or have it settled, and the timing thereof, upon achievement or satisfaction of any of the enumerated performance criteria and conditions set forth in this Article XV. Notwithstanding the foregoing, the Committee may grant an Award that is subject to the achievement or satisfaction of performance conditions that are not specifically set forth herein to the extent the Committee does not intend for such Award to constitute “qualified performance-based compensation” within the meaning of Section 162(m) of the Code.

ARTICLE XVI
ADJUSTMENT UPON CHANGE IN COMMON STOCK

16.01 General Adjustments

The maximum number of shares of Common Stock that may be issued pursuant to Awards, the terms of outstanding Awards and the per individual limitations on the number of shares of Common Stock that may be issued pursuant to Awards shall be adjusted as the Committee shall determine to be equitably required in the event (a) there occurs a reorganization, recapitalization, stock split, spin-off, split-off, stock dividend, issuance of stock rights, combination of shares, merger, consolidation or distribution (stock or cash) to stockholders other than an ordinary cash dividend; (b) the Company engages in a transaction Code Section 424 describes; or (c) there occurs any other transaction or event which, in the judgment of the Board, necessitates such action. In that respect, the Committee shall make such adjustments as are necessary in the number or kind of shares of Common Stock or securities which are subject to the Award, the exercise price or Initial Value of the Award and such other adjustments as are appropriate in the discretion of the Committee. Such adjustments may provide for the elimination of fractional shares that might otherwise be subject to Awards without any payment therefor. Notwithstanding the foregoing, the conversion of one or more outstanding shares of preferred stock or convertible debentures that the Company may issue from time to time into Common Stock shall not in and of itself require any adjustment under this Article XVI. In addition, the Committee may make such other adjustments to the terms of any Awards to the extent equitable and necessary to prevent an enlargement or dilution of the Participant’s rights thereunder as a result of any such event or similar transaction. Any determination made under this Article XVI by the Committee shall be final and conclusive.

16.02 No Adjustments

The issuance by the Company of stock of any class, or securities convertible into stock of any class, for cash or property, or for labor or services, either upon direct sale or upon the exercise of rights or warrants to subscribe therefor, or upon conversion of stock or obligations of the Company convertible into such stock or other securities, shall not affect, and no adjustment by reason thereof shall be made with respect to, the maximum number of shares that may be issued pursuant to Awards, the per individual limitations on the number of shares that may be issued pursuant to Awards or the terms of outstanding Awards.

16.03 Substitute Awards

The Committee may grant Awards in substitution for Options, SARs, restricted stock, Restricted Stock Units, Incentive Awards or similar Awards held by an individual who becomes an employee of the Company or an Affiliate in connection with a transaction described in the first paragraph of Section 16.01. Notwithstanding any provision of the Plan (other than the limitation of Section 6.02), the terms of such substituted Awards shall be as the Committee, in its discretion, determines is appropriate.

16.04 Limitation on Adjustments

Notwithstanding the foregoing, no adjustment hereunder shall be authorized or made if and to the extent the existence of such authority or action (a) would cause Awards under the Plan that are intended to qualify as “qualified performance-based compensation” under Section 162(m) of the Code to otherwise fail to qualify as “qualified performance-based compensation,” (b) would cause the Committee to be deemed to have the authority to change the targets, within the meaning of Section 162(m) of the Code, under performance goals or relating to Awards granted to Named Executive Officers and intended to qualify as “qualified performance-based compensation” under Section 162(m) of the Code, (c) would cause a Non-409A Award to be subject to Section 409A of the Code, (d) would violate Code Section 409A for a 409A Award, (e) would cause a modification of an incentive stock option under Section 424 of the Code and loss of treatment as an incentive stock option or (f) would adversely affect any exemption under Rule 16b-3 of the Exchange Act, unless the Committee determines that such adjustment is necessary and specifically acknowledges that the adjustment will be made notwithstanding any such result.

ARTICLE XVII
COMPLIANCE WITH LAW AND APPROVAL OF REGULATORY BODIES

17.01 Compliance

No Option or SAR shall be exercisable, no Restricted Stock Award, Restricted Stock Unit, Incentive Award, Other Stock-Based Award, Dividend Equivalents or Cash Awards shall be granted or settled, no shares of Common Stock shall be issued, no certificates for shares of Common Stock shall be delivered and no payment shall be made under this Plan except in compliance with all applicable federal and state laws and regulations (including, without limitation, withholding tax requirements), any listing agreement to which the Company is a party and the rules of all domestic stock exchanges on which the Company’s shares may be listed. The Company shall have the right to rely on an opinion of its counsel as to such compliance. Any stock certificate evidencing shares of Common Stock issued pursuant to an Award may bear such legends and statements as the Committee may deem advisable to assure compliance with federal and state laws and regulations and to reflect any other restrictions applicable to such shares as the Committee otherwise deems appropriate. No Option or SAR shall be exercisable, no Restricted Stock Award, Restricted Stock Unit, Incentive Award, Other Stock-Based Award, Dividend Equivalents or Cash Awards shall be granted or settled, no shares of Common Stock shall be issued, no certificate for shares of Common Stock shall be delivered and no payment shall be made under this Plan until the Company has obtained such consent or approval as the Committee may deem advisable from regulatory bodies having jurisdiction over such matters.

17.02 Postponement of Exercise or Payment

The Committee may postpone any grant, exercise, vesting or payment of an Award for such time as the Committee in its sole discretion may deem necessary in order to permit the Company (i) to effect, amend or maintain any necessary registration of the Plan or the shares of Common Stock issuable pursuant to the Award under the securities laws; (ii) to take any action in order to (A) list such shares of Common Stock or other shares of stock of the Company on a stock exchange if shares of Common Stock or other shares of stock of the Company are not then listed on such exchange or (B) comply with restrictions or regulations incident to the maintenance of a public market for its shares of Common Stock or other shares of stock of the Company, including any rules or regulations of any stock exchange on which the shares of Common Stock or other shares of stock of the Company are listed; (iii) to determine that such shares of Common Stock in the Plan are exempt from such registration or that no action of the kind referred to in (ii)(B) above needs to be taken; (iv) to comply with any other applicable law, including without limitation, securities laws; (v) to comply with any legal or contractual requirements during any such time the Company or any Affiliate is prohibited from doing any of such acts under applicable law, including without limitation, during the course of an investigation of the Company or any Affiliate, or under any contract, loan agreement or covenant or other agreement to which the Company or

any Affiliate is a party or (vi) to otherwise comply with any prohibition on such acts or payments during any applicable blackout period; and the Company shall not be obligated by virtue of any terms and conditions of any Agreement or any provision of the Plan to recognize the grant, exercise, vesting or payment of an Award or to grant, sell or issue shares of Common Stock or make any such payments in violation of the securities laws or the laws of any government having jurisdiction thereof or any of the provisions hereof. Any such postponement shall not extend the term of the Award and neither the Company nor its directors and officers nor the Committee shall have any obligation or liability to any Participant or to any other person with respect to shares of Common Stock or payments as to which the Award shall lapse because of such postponement.

Additionally, the Committee may postpone any grant, exercise vesting or payment of an Award if the Company reasonably believes the Company's or any applicable Affiliate's deduction with respect to such Award would be limited or eliminated by application of Code Section 162(m) to the extent permitted by Section 409A of the Code; provided, however, such delay will last only until the earliest date at which the Company reasonably anticipates that the deduction with respect to the Award will not be limited or eliminated by the application of Code Section 162(m) or the calendar year in which the Participant separates from service.

17.03 Forfeiture or Reimbursement

A Participant shall be required to forfeit any and all rights under Awards or to reimburse the Company for any payment under any Award (with interest as necessary to avoid imputed interest or original issue discount under the Code or as otherwise required by applicable law) to the extent applicable law or any applicable claw-back or recoupment policy of the Company or any of its Affiliates requires such forfeiture or reimbursement.

ARTICLE XVIII LIMITATION ON BENEFITS

Despite any other provisions of this Plan to the contrary, if the receipt of any payments or benefits under this Plan would subject a Participant to tax under Code Section 4999, the Committee may determine whether some amount of payments or benefits would meet the definition of a "Reduced Amount." If the Committee determines that there is a Reduced Amount, the total payments or benefits to the Participant under all Awards must be reduced to such Reduced Amount, but not below zero. It is the intention of the Company and the Participant to reduce the payments under this Plan only if the aggregate Net After Tax Receipts to the Participant would thereby be increased. If the Committee determines that the benefits and payments must be reduced to the Reduced Amount, the Company must promptly notify the Participant of that determination, with a copy of the detailed calculations by the Committee. All determinations of the Committee under this Article XVIII are final, conclusive and binding upon the Company and the Participant. As result of the uncertainty in the application of Code Section 4999 at the time of the initial determination by the Committee under this Article XVIII, however, it is possible that amounts will have been paid under the Plan to or for the benefit of a Participant which should not have been so paid ("Overpayment") or that additional amounts which will not have been paid under the Plan to or for the benefit of a Participant could have been so paid ("Underpayment"), in each case consistent with the calculation of the Reduced Amount. If the Committee, based either upon the assertion of a deficiency by the Internal Revenue Service against the Company or the Participant, which the Committee believes has a high probability of success, or controlling precedent or other substantial authority, determines that an Overpayment has been made, any such Overpayment must be treated for all purposes as a loan, to the extent permitted by applicable law, which the Participant must repay to the Company together with interest at the applicable federal rate under Code Section 7872(f)(2); provided, however, that no such loan may be deemed to have been made and no amount shall be payable by the Participant to the Company if and to the extent such deemed loan and payment would not either reduce the amount on which the Participant is subject to tax under Code Sections 1, 3101 or 4999 or generate a refund of such taxes. If the Committee, based upon controlling precedent or other substantial authority, determines that an Underpayment has occurred, the Committee must promptly notify the Company of the amount of the Underpayment, which then shall be paid promptly to the Participant but no later than the end of

the Participant's taxable year next following the Participant's taxable year in which the determination is made that the Underpayment has occurred. For purposes of this Section, (a) "Net After Tax Receipt" means the Present Value of a payment under this Plan net of all taxes imposed on Participant with respect thereto under Code Sections 1, 3101 and 4999, determined by applying the highest marginal rate under Code Section 1 which applies to the Participant's taxable income for the applicable taxable year; (b) "Present Value" means the value determined in accordance with Code Section 280G(d) (4); and (c) "Reduced Amount" means the smallest aggregate amount of all payments and benefits under this Plan which (i) is less than the sum of all payments and benefits under this Plan and (ii) results in aggregate Net After Tax Receipts which are equal to or greater than the Net After Tax Receipts which would result if the aggregate payments and benefits under this Plan were any other amount less than the sum of all payments and benefits to be made under this Plan.

ARTICLE XIX GENERAL PROVISIONS

19.01 Effect on Employment and Service

Neither the adoption of this Plan, its operation nor any documents describing or referring to this Plan (or any part thereof), shall confer upon any individual or entity any right to continue in the employ or service of the Company or an Affiliate or in any way affect any right and power of the Company or an Affiliate to terminate the employment or service of any individual or entity at any time with or without assigning a reason therefor.

19.02 Unfunded Plan

This Plan, insofar as it provides for Awards, shall be unfunded, and the Company shall not be required to segregate any assets that may at any time be represented by Awards under this Plan. Any liability of the Company to any Person with respect to any Award under this Plan shall be based solely upon any contractual obligations that may be created pursuant to this Plan. No such obligation of the Company shall be deemed to be secured by any pledge of, or other encumbrance on, any property of the Company.

19.03 Rules of Construction

Headings are given to the articles and sections of this Plan solely as a convenience to facilitate reference. The reference to any statute, regulation or other provision of law shall be construed to refer to any amendment to or successor of such provision of law.

19.04 Tax Withholding and Reporting

Unless an Agreement provides otherwise, each Participant shall be responsible for satisfying in cash or cash equivalent any income and employment (including, without limitation, Social Security and Medicare) tax withholding obligations, if applicable, attributable to participation in the Plan and the grant, exercise, vesting or payment of Awards granted hereunder (including the making of a Code Section 83(b) election with respect to an Award). In accordance with procedures that the Committee establishes, the Committee, to the extent applicable law permits, may allow a Participant to pay any such applicable amounts (a) by surrendering (actually or by attestation) shares of Common Stock that the Participant already owns and, if necessary to avoid adverse accounting consequences, has held for at least six (6) months (but only for the minimum required withholding); (b) by a cashless exercise, or surrender of shares of Common Stock already owned, through a broker; (c) by means of a "net exercise" procedure by the surrender of shares of Common Stock to which the Participant is otherwise entitled under the Award (but only for the minimum required withholding); (d) by such other medium of payment as the Committee, in its discretion, shall authorize; or (e) by any combination of the aforementioned methods of payment. The Company shall comply with all such reporting and other requirements relating to the administration of this Plan and the grant, exercise, vesting or payment of any Award hereunder as applicable law requires.

19.05 Code Section 83(b) Election

The Committee must approve in advance whether a Participant may make an election under Section 83(b) of the Code with respect to any Award (to include in gross income in the year of transfer the amounts specified in Code Section 83(b)) or under similar laws may be made. In any case in which a Participant is permitted to make such an election in connection with an Award, the Participant shall notify the Company of such election within ten (10) days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition to any filing and notification required pursuant to regulations issued under Code Section 83(b) or other applicable provisions.

19.06 Reservation of Shares

The Company, during the term of this Plan, shall at all time reserve and keep available such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan. Additionally, the Company, during the term of this Plan, shall use its best efforts to seek to obtain from appropriate regulatory agencies any requisite authorizations needed in order to issue and to sell such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan. However, the inability of the Company to obtain from any such regulatory agency the requisite authorizations the Company's counsel deems to be necessary for the lawful issuance and sale of any shares of Common Stock hereunder, or the inability of the Company to confirm to its satisfaction that any issuance and sale of any shares of Common Stock hereunder will meet applicable legal requirements, shall relieve the Company of any liability in respect to the failure to issue or to sell such shares of Common Stock as to which such requisite authority shall not have been obtained.

19.07 Governing Law

This Plan and all Awards granted hereunder shall be governed by the laws of the State of Delaware, except to the extent federal law applies.

19.08 Other Actions

Nothing in the Plan shall be construed to limit the authority of the Company to exercise its corporate rights and powers, including, by way of illustration and not by way of limitation, the right to grant Options, SARs, Restricted Stock Awards, Restricted Stock Units, Incentive Awards, Other Stock-Based Awards or Dividend Equivalents for proper corporate purposes otherwise than under the Plan to any employee or to any other Person, firm, corporation, association or other entity, or to grant Options, SARs, Restricted Stock Awards, or Restricted Stock Units, Incentive Awards, Other Stock-Based Awards or Dividend Equivalents to, or assume such Awards of any Person in connection with, the acquisition, purchase, lease, merger, consolidation, reorganization or otherwise, of all or any part of the business and assets of any Person, firm, corporation, association or other entity.

19.09 Repurchase of Common Stock

Subject to Section 19.13 below, the Company or its designee may have the option and right to purchase any Award or any shares of Common Stock issued pursuant to any Award in accordance with the terms and conditions set forth in the applicable Agreement. However, shares of Common Stock repurchased pursuant to an Agreement will still be deemed issued pursuant to the Plan and will not be available for issuance pursuant to future Awards under the Plan (not counting for this purpose any shares of Common Stock repurchased in connection with the lapse or forfeiture of any Restricted Stock Award).

19.10 Other Conditions

The Committee, in its discretion, may require the Participant on or before the date of grant, exercise, payment or settlement of an Award to enter into (i) a confidentiality, non-solicitation, non-competition,

Table of Contents

non-disparagement or other similar agreement with the Company or any Affiliate, which may become effective on the date of termination of employment or service of the Participant with the Company or any Affiliate or any other date the Committee may specify and shall contain such terms and conditions as the Committee shall otherwise specify, (ii) an agreement to cancel any other employment agreement, service agreement, fringe benefit or compensation arrangement in effect between the Company or any Affiliate and such Participant and/or (iii) a shareholders' agreement with respect to shares of Common Stock to be issued pursuant to the Award. If the Participant should fail to enter into any such agreement at the Committee's request, then no Award shall be granted, exercised, paid or settled and the number of shares of Common Stock that would have been subject to such Award, if any, shall be added to the remaining shares of Common Stock available under the Plan. In the event the Participant should enter into any such confidentiality, non-solicitation, non-competition, non-disparagement or other similar agreement with the Company or any Affiliate, as a condition to the grant, exercise, payment or settlement of the Award, and the Participant subsequently breach or violate any provision of such agreement, then the Participant shall forfeit any and all further rights under such Award and the Clawback Requirement shall be triggered.

19.11 Forfeiture Provisions

Notwithstanding any other provisions of the Plan or any Agreement, all rights to any Award that a Participant has will be immediately discontinued and forfeited, and the Company shall not have any further obligation hereunder to the Participant with respect to any Award and the Award will not be exercisable (whether or not previously exercisable) or become vested or payable on and after the time the Participant is discharged from employment or service with the Company or any Affiliate for Cause.

19.12 Legends; Payment of Expenses

The Company may endorse such legend or legends upon the certificates for shares of Common Stock issued upon the grant or exercise of an Award and may issue such "stop transfer" instructions to its transfer agent in respect of such shares as it determines, in its sole discretion, to be necessary or appropriate to (i) prevent a violation of, or to perfect an exemption from, the registration requirements under the Exchange Act, applicable state securities laws or other requirements, (b) implement the provisions of the Plan or any Agreement between the Company and the Participant with respect to such shares of Common Stock, (c) permit the Company to determine the occurrence of a "disqualifying disposition" as described in Section 421(b) of the Code of the shares of Common Stock transferred upon the exercise of an incentive stock option granted under the Plan or (d) as may be appropriate to continue an Award's exemption or compliance with Section 409A of the Code. The Company shall pay all issuance taxes with respect to the issuance of shares of Common Stock upon the grant or exercise of the Award, as well as all fees and expenses incurred by the Company in connection with such issuance.

19.13 Repricing of Awards

Notwithstanding any other provisions of this Plan, except for adjustments pursuant to Article XVI or to the extent approved by the Company's stockholders and consistent with the rules of any stock exchange on which the Company's securities are traded, this Plan does not permit (a) any decrease in the exercise or purchase price or base value of any outstanding Awards, (b) the issuance of any replacement Options, SARs or Other Stock-Based Awards in the nature of purchase rights which shall be deemed to occur if a Participant agrees to forfeit an existing Option, SAR or Other Stock-Based Award in the nature of purchase rights in exchange for a new Option, SAR or Other Stock-Based Award in the nature of purchase rights with a lower exercise or purchase price or base value, (c) the Company to repurchase underwater or out-of-the-money Options, SARs or Other Stock-Based Awards in the nature of purchase rights, which shall be deemed to be those Options, SARs or Other Stock-Based Awards in the nature of purchase rights with exercise or purchase prices or base values in excess of the current Fair Market Value of the shares of Common Stock underlying the Option, SAR or Other Stock-Based Award in the nature of purchase rights, (d) the issuance of any replacement or substitute Awards or the payment of cash in

Table of Contents

exchange for, or in substitution of, underwater or out-of-the-money Options, SARs or Other Stock-Based Awards in the nature of purchase rights, (e) the Company to repurchase any Award if the Award has not become exercisable, vested or payable prior to the repurchase or (f) any other action that is treated as a repricing under generally accepted accounting principles.

19.14 Right of Setoff

The Company or an Affiliate may, to the extent permitted by applicable law, deduct from and setoff against any amounts the Company or Affiliate may owe the Participant from time to time, including amounts payable in connection with any Award, owed as wages, fringe benefits or other compensation owed to the Participant, such amounts as may be owed by the Participant to the Company or Affiliate, including but not limited to any amounts owed under the Plan, although the Participant shall remain liable for any part of the Participant's obligation not satisfied through such deduction and setoff. By accepting any Award granted hereunder, the Participant agrees to any deduction or setoff hereunder.

19.15 Fractional Shares

No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, other Awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereof shall be forfeited or otherwise eliminated.

ARTICLE XX CLAIMS PROCEDURES

20.01 Initial Claim

If a Participant has exercised an Option or SAR or if shares of Restricted Stock have become vested or Restricted Stock Units, Incentive Awards, Other Stock-Based Awards or Dividend Equivalents have become payable, and the Participant has not received the benefits to which the Participant believes he or she is entitled under such Award, then the Participant must submit a written claim for such benefits to the Committee within ninety (90) days of the date the Participant tried to exercise the Option or SAR, the date the Participant contends the Restricted Stock vested or the date the Participant contends the Restricted Stock Units, Incentive Awards, or Other Stock-Based Awards of Dividend Equivalents became payable or the claim will be forever barred.

20.02 Appeal of Claim

If a claim of a Participant is wholly or partially denied, the Participant or his duly authorized representative may appeal the denial of the claim to the Committee. Such appeal must be made at any time within thirty (30) days after the Participant receives written notice from the Company of the denial of the claim. In connection therewith, the Participant or his duly authorized representative may request a review of the denied claim, may review pertinent documents and may submit issues and comments in writing. Upon receipt of an appeal, the Committee shall make a decision with respect to the appeal and, not later than sixty (60) days after receipt of such request for review, shall furnish the Participant with the decision on review in writing, including the specific reasons for the decision written in a manner calculated to be understood by the Participant, as well as specific references to the pertinent provisions of the Plan upon which the decision is based.

20.03 Time to File Suit

The Committee has the discretionary and final authority under the Plan to determine the validity of a claim. Accordingly, any decision the Committee makes on a Participant's appeal will be administratively final. If a Participant disagrees with the Committee's final decision, the Participant may sue, but only after the claim on appeal has been denied. Any lawsuit must be filed within ninety (90) days of receipt of the Committee's final written denial of the Participant's claim or the claim will be forever barred.

ARTICLE XXI
AMENDMENT

21.01 Amendment of Plan

The Board may amend or terminate this Plan at any time; provided, however, that no amendment to the Plan may materially adversely impair the rights of a Participant with respect to outstanding Awards without the Participant's consent. In addition, an amendment will be contingent on approval of the Company's stockholders, to the extent required by law or any tax or regulatory requirement applicable to the Plan or by the rules of any stock exchange on which the Company's securities are traded or if the amendment would (i) increase the benefits accruing to Participants under the Plan, including without limitation, any amendment to the Plan or any Agreement to permit a repricing of any outstanding Awards under Section 19.13, (ii) increase the aggregate number of shares of Common Stock that may be issued under the Plan, (iii) modify the requirements as to eligibility for participation in the Plan, or (iv) change the performance conditions set forth in Article XV of the Plan for Awards that intended to constitute "qualified performance-based compensation" within the meaning of Section 162(m) of the Code. Additionally, to the extent the Board deems necessary to continue to comply with the performance-based exception to the deduction limits of Code Section 162(m), the Board will resubmit the material terms of the performance conditions set forth in Article XV to the Company's stockholders for approval no later than the first stockholder meeting that occurs in the fifth (5th) year following the year in which the stockholders previously approved the performance objectives. Notwithstanding any other provision of the Plan, any termination of the Plan shall comply with the requirements of Code Section 409A with regard to any 409A Awards.

21.02 Amendment of Awards

The Committee may amend any outstanding Awards to the extent it deems appropriate; provided, however, that no amendment to an outstanding Award may adversely impair the rights of a Participant without the Participant's consent.

ARTICLE XXII
SECTION 409A PROVISION

22.01 Intent of Awards

It is intended that Awards that are granted under the Plan shall be exempt from treatment as "deferred compensation" subject to Section 409A of the Code unless otherwise specified by the Committee. Towards that end, all Awards under the Plan are intended to contain such terms as will qualify the Awards for an exemption from Section 409A of the Code unless otherwise specified by the Committee. The terms of the Plan and all Awards granted hereunder shall be construed consistent with the foregoing intent. Notwithstanding any other provision hereof, the Committee may amend any outstanding Award without Participant's consent if, as determined by the Committee, in its sole discretion, such amendment is required either to (a) confirm exemption under Section 409A of the Code, (b) comply with Section 409A of the Code or (c) prevent the Participant from being subject to any tax or penalty under Section 409A of the Code. Notwithstanding the foregoing, however, neither the Company nor any of its Affiliates nor the Committee shall be liable to a Participant or any other Person if an Award that is subject to Section 409A of the Code or the Participant or any other Person is otherwise subject to any additional tax, interest or penalty under Section 409A of the Code. Each Participant is solely responsible for the payment of any tax liability (including any taxes, penalties and interest that may arise under Section 409A of the Code) that may result from an Award.

22.02 409A Awards

The Committee may grant Awards under the Plan that are intended to be 409A Awards that comply with Section 409A of the Code. The terms of such 409A Award, including any authority by the Company and the

Table of Contents

rights of the Participant with respect to such 409A Award, will be subject to such rules and limitations and shall be interpreted in a manner as to comply with Section 409A of the Code.

22.03 Election Requirements

If a Participant is permitted to elect to defer an Award or any payment under an Award, such election shall be made in accordance with the requirements of Code Section 409A. Each initial deferral election (an “Initial Deferral Election”) must be received by the Committee prior to the following dates or will have no effect whatsoever:

(a) Except as otherwise provided below, the December 31 immediately preceding the year in which the compensation is earned;

(b) With respect to any annual or long-term incentive pay which qualifies as “performance-based compensation” within the meaning of Code Section 409A, by the date six (6) months prior to the end of the performance measurement period applicable to such incentive pay provided such additional requirements set forth in Code Section 409A are met;

(c) With respect to “fiscal year compensation” as defined under Code Section 409A, by the last day of the Company’s fiscal year immediately preceding the year in which the fiscal year compensation is earned; or

(d) With respect to mid-year Awards or other legally binding rights to a payment of compensation in a subsequent year that is subject to a forfeiture condition requiring the Participant’s continued service for a period of at least twelve (12) months, on or before the thirtieth (30th) day following the grant of such Award, provided that the election is made at least twelve (12) months in advance of the earliest date at which the forfeiture condition could lapse.

The Committee may, in its sole discretion, permit Participants to submit additional deferral elections in order to delay, but not to accelerate, a payment, or to change the form of payment of an amount of deferred compensation (a “Subsequent Deferral Election”), if, and only if, the following conditions are satisfied: (a) the Subsequent Deferral Election must not take effect until twelve (12) months after the date on which it is made, (b) in the case of a payment other than a payment attributable to the Participant’s death, disability or an unforeseeable emergency (all within the meaning of Section 409A of the Code) the Subsequent Deferral Election further defers the payment for a period of not less than five (5) years from the date such payment would otherwise have been made and (c) the Subsequent Deferral Election is received by the Committee at least twelve (12) months prior to the date the payment would otherwise have been made. In addition, Participants may be further permitted to revise the form of payment they have elected, or the number of installments elected, provided that such revisions comply with the requirements of a Subsequent Deferral Election.

22.04 Time of Payment

The time and form of payment of a 409A Award shall be as set forth in an applicable Agreement. A 409A Award may only be paid in connection with a separation from service, a fixed time, death, disability, Change in Control or an unforeseeable emergency within the meaning of Section 409A of the Code. The time of distribution of the 409A Award must be fixed by reference to the specified payment event. Notwithstanding the foregoing, if the time of distribution of the 409A Award is not set forth in the applicable Agreement, then the time of distribution of the 409A Award shall be within two and one-half months of the end of the later of the calendar year or the fiscal year of the Company or Affiliate that employs the Participant in which the 409A Award becomes vested and no longer subject to a substantial risk of forfeiture within the meaning of Code Section 409A. For purposes of Code Section 409A, each installment payment will be treated as the entitlement to a single payment.

Table of Contents

22.05 Acceleration or Deferral

The Company shall have no authority to accelerate or delay or change the form of any distributions relating to 409A Awards except as permitted under Code Section 409A.

22.06 Distribution Requirements

Any distribution of a 409A Award triggered by a Participant's termination of employment shall be made only at the time that the Participant has had a separation from service within the meaning of Code Section 409A. A separation from service shall occur where it is reasonably anticipated that no further services will be performed after that date or that the level of bona fide services the Participant will perform after that date (whether as an employee or independent contractor of the Company or an Affiliate) will permanently decrease to less than fifty percent (50%) of the average level of bona fide services performed over the immediately preceding thirty-six (36) month period. A Participant shall be considered to have continued employment and to not have a separation from service while on a leave of absence if the leave does not exceed six (6) consecutive months (twenty-nine (29) months for a disability leave of absence) or, if longer, so long as the Participant retains a right to reemployment with the Company or Affiliate under an applicable statute or by contract. For this purpose, a "disability leave of absence" is an absence due to any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than six (6) months, where such impairment causes the Participant to be unable to perform the duties of Participant's position of employment or a substantially similar position of employment. Continued services solely as a director of the Company or an Affiliate shall not prevent a separation from service from occurring by an employee as permitted by Section 409A of the Code.

22.07 Key Employee Rule

Notwithstanding any other provision of the Plan, any distribution of a 409A Award that would be made upon a separation from service within six (6) months following the separation from service of a "specified employee" as defined under Code Section 409A and as determined under procedures adopted by the Board or its delegate shall instead occur on the first day of the seventh month following the separation from service (or upon the Participant's death, if earlier) to the extent required by Section 409A of the Code. In the case of installments, this delay shall not affect the timing of any installment otherwise payable after the requisite delay period.

22.08 Distributions Upon Vesting

In the case of any Award providing for a distribution upon the lapse of a substantial risk of forfeiture, if the timing of such distribution is not otherwise specified in the Plan or the applicable Agreement, the distribution shall be made not later than two and one-half (2 1/2) months after the calendar year in which the risk of forfeiture lapsed.

22.09 Scope and Application of this Provision

For purposes of this Article XXII, references to a term or event (including any authority or right of the Company or a Participant) being "permitted" under Code Section 409A means that the term or event will not cause the Participant to be deemed to be in constructive receipt of compensation relating to the 409A Award prior to the distribution of cash, shares of Common Stock or other property or to be liable for payment of interest or a tax penalty under Code Section 409A.

ARTICLE XXIII EFFECTIVE DATE OF PLAN

The Plan is effective on the date of its adoption by the Board, contingent on the approval of the Plan by the Company's stockholders within twelve (12) months after such date. Awards, other than Restricted Stock or

outright grants of shares on Common Stock, may be granted under this Plan on and after the effective date, provided that no Award shall become exercisable, vested, earned or payable unless the Company's stockholders approve the Plan within twelve (12) months after the Board's adoption of the Plan. Restricted Stock and outright grants of shares of Common Stock may only be granted after the Company's stockholders approve the Plan.

ARTICLE XXIV
DURATION OF PLAN

No Award may be granted under this Plan on and after ten (10) years following the effective date of the Plan. Awards granted before that date shall remain valid in accordance with their terms.
